Once there was a gospel written in Christ's own hand: a treasure of almost unimaginable magnitude, referred to by the Cathars of medieval France as The Book of Love... Fresh from her successful search for the long-hidden scrolls written by Mary Magdalene, journalist Maureen Pascal now finds herself on the trail of the legendary lost gospel known as the Book of Love. But just as there were those who would stop at nothing to seize and suppress the Book of Love seven centuries ago, so there are those today who are equally determined that its radical message should never be revealed. In a race across Italy and France, new dangers await Maureen and her lover Sinclair as they begin to uncover secrets and shine new light on the hidden corners of Christianity. Combining expert research with dazzling plot twists, The Book of Love is sure to thrill readers as they follow Maureen's search for clues through some of the world's greatest art, architecture and history, until a potentially fatal encounter reveals the Book of Love to her -- and to us.

This ninth volume of The Flashman Papers finds that history's most unheroic hero, Sir Harry Flashman, is back in India, where his saga began. This time, our hero is sent by Her Majesty's Secret Service to spy on the corrupt court of Lahore, on India's Northwest Frontier. Flashy deals with a ravishing maharini and her equally sex-hungry maid, joins forces with an American adventurer with royal ambitions, and attempts to win the brightest jewel in England's imperial crown at the cost of something he will never miss—namely, his honor.

"I don't remember who introduced me to Dr. Prendel. However, I do know that it was at the home of Martin Fleming, the psychiatrist, during a get-together of the faculty professors to celebrate his promotion from Assistant Dean to Dean, and I was immediately captivated by his reserved, taciturn attitude and the indifference with which he looked around him, as if he knew exactly what would happen and what would be said..." Legend has it that Dr. Matthew Prendel, an expert sailor, had been shipwrecked years before the action in The Island of Last Truth opens in contemporary New York. His boat was attacked by pirates. He survived thanks to an incredible stroke of luck, while his entire crew perished, but then found himself embroiled in a ferocious fight for survival between two castaways on a desert island. There, too, he was lucky and came out the victor. But perhaps luck played no part in it. Perhaps something darker was at work and at stake. The only sure thing is that Matthew Prendel disappeared for five whole years. He has been back in New York now for a couple of years. That's what they say at least. Though one should never rely entirely on hearsay. The Island of Last Truth is part adventure story, part noir, and party mystery, one that, like many novels belonging to the adventure genre, doesn't shy away from incisive observations about the nature of human relations.

Alex Capus's novels have been runaway best-sellers in Germany, and his novel Léon and Louise received widespread critical acclaim on its English publication in 2012. A Price to Pay, the fourth of Capus's novels to be published in English, tells the interwoven stories of three disparate figures from interwar Switzerland: pacifist Felix Bloch, who ends up working on the Manhattan Project; Laura d'Oriano, who wants to become a singer but instead becomes an Allied spy in fascist Italy; and Emile Gillieron, who accompanies Heinrich Schliemann to Troy and becomes one of art's greatest forgers. Taking off from the only moment in history when all three were in the same place—a November day in 1924 at Zürich Station—Capus traces their diverging paths as they secure their places in the annals of history—but at what price?
