The Shadowhunters of Los Angeles star in this #1 New York Times and USA TODAY bestselling novel in Cassandra Clare's newest series, *The Dark Artifices*, a sequel to the internationally

bestselling *Mortal Instruments* series. *Lady Midnight* is a *Shadowhunters* novel. It's been five years since the events of *City of Heavenly Fire* that brought the *Shadowhunters* to the brink of oblivion. Together with her battle partner Julian Blackthorn, Emma must learn to trust her head and her heart as she investigates a demonic plot that stretches across Los Angeles, from the Sunset Strip to the enchanted sea that pounds the beaches of Santa Monica. If only her heart didn't lead her in treacherous directions... Making things even more complicated, Julian's brother Mark—who was captured by the faeries five years ago—has been returned as a bargaining chip. The faeries are desperate to find out who is murdering their kind—and they need the *Shadowhunters'* help to do it. But time works differently in faerie, so Mark has barely aged and doesn't recognize his family. Can he ever truly return to them? Will the faeries really allow it? "Some books are downright fun, and *Right Where I Left You* is one . . . Winters sends a quiet but important message that queer Black and brown kids deserve to live happily ever after too. . . Winters weaves all of these threads—the romance, the relatable anxiety, the message — into a book that, like a crush, you won't be able to get out of your head."—The New York Times Isaac Martin is ready to kick off summer. His last before heading off to college in the fall where he won't have his best friend, Diego. Where—despite his social anxiety—he'll be left to make friends on his own. Knowing his time with Diego is limited, Isaac enacts a foolproof plan: snatch up a pair of badges for the epic comic convention, *Legends Con*, and attend his first ever *Teen Pride*. Just him and Diego. But when an unexpected run-in with Davi—Isaac's old crush—distracts him the day tickets go on sale, suddenly he's two badges short of a perfect summer. Even worse, now he's left making it up to Diego by hanging with him and his gamer buddies. Decidedly NOT part of the original plan. It's not all bad, though. Some of Diego's friends turn out to be pretty cool, and when things with Davi start heating up, Isaac is almost able to forget about his *Legends Con* blunder. Almost. Because then Diego finds out what really happened that day with Davi, and their friendship lands on thin ice. Isaac assumes he's upset about missing the convention, but could Diego have other reasons for avoiding Isaac?
