*Poetry Writing Handbook (ENHANCED eBook)* PRUFROCK PRESS INC.

The *Crafty Poet II* is organized into ten sections, beginning with "Revising Your Process." That section is followed by one on "Entryways into Poems" which considers how a poet might get going with a poem and how a poet might pull in a reader with humor and enticing titles. There is in-depth discussion of the importance of choosing the right words; using syntax, line breaks, and spacing to advantage; and enhancing the music of poems. There is a meaty section on how to

add complication to your poems, another on how to divert or transform your poems from their original intention, and another on special forms of poems. In "Expanding the Material" three poets consider how to write poetic sequences using paintings, photographs, and history. The final section, "Revision," moves beyond the usual advice to "get rid of adjectives" as one poet offers ways to revise via sound, another offers a series of expansion strategies, and, finally, poet Dick Allen issues a warning against excessive revision. All ten sections include three craft tips, each provided by an experienced, accomplished poet. Each of these thirty craft tips is followed by a Model poem and a Prompt based on the poem. Each model poem is used as a mentor, expressing the underlying philosophy of the book that the best teacher of poetry is a good poem. Each prompt is followed by two Sample poems which suggest the possibilities for the prompts and should provide for good discussion about what works and what doesn't. Each section includes a Poet on the Poem Q&A about the craft elements in one of the featured poet's poems. Each section concludes with a Bonus Prompt, each of which provides a stimulus on those days when you just can't get your engine started.

Grammar, mechanics, and punctuation chapters conclude with summary editing exercises that call upon readers to use all

the grammar and sentence skills learned in the chapter. Many chapters contain a pair of Discovering Connections exercises. The first, which falls early in the chapter, is a prewriting assignment with an array of topic possibilities. The second is a drafting and revision exercise based upon the prewriting and calls for peer review. For those interested in developing their writing skills at the paragraph to essay level.
