JACOBY JORDYN

La Fonda MIRA

In July 1769 the first Spanish land expedition to explore California set out from San Diego to march to Monterey Bay, but didn't recognize it when they stood on its shore. They kept headed north, and in early November discovered San Francisco Bay. -- Appearance and customs of the Indians. -- Locations of the expedition's campsites. -- Following the route on modern roads. -- Place names, old and new.

Arresting Dress Duke University Press

In the late nineteenth century, San Francisco's merchant princes built grand stores for a booming city, each with its own niche. For the eager clientele, a trip downtown meant dressing up--hats, gloves and stockings required--and going to Blum's for Coffee Crunch cake or Townsend's for creamed spinach. The I. Magnin empire catered to a selective upper-class clientele, while middle-class shoppers loved the Emporium department store with its Bargain Basement and Santa for the kids. Gump's defined good taste, the City of Paris satisfied desires for anything French and edgy, youth-oriented Joseph Magnin ensnared the younger shoppers with the latest trends. Join author Anne Evers Hitz as she looks back at the colorful personalities that created six major stores and defined shopping in San Francisco.

Quotable San Francisco: Historic Moments in Memorable Words Penguin

San Francisco Beat is an essential archive of the Beat Generation, a rich moment in a fortunate place. America, somnolent, conformist and paranoid in the 1950s, was changed forever by a handful of people who refused an existence of drudgery and enterprise, opting instead for a life of personal, spiritual and artistic adventure. In these intimate, free-wheeling conversations, a baker's dozen of the poets of San Francisco talk about the scene then and now, the traditions of poetry, and about anarchism, globalism, Zen, the Bomb, the Kabbalah and the Internet. Diane di Prima, William Everson, Lawrence Ferlinghetti, Jack Hirschman,

Joanne Kyger, Philip Lamantia, Michael McClure, David Meltzer, Jack Micheline, Kenneth Rexroth, Gary Snyder, Lew Welch, Philip Whalen " . . . as we begin to slip into a national slumber somewhat akin to that of the Eisenhower years, it's exhilarating to have this squall line of Beats pass through our consciousness."—Kirkus Reviews " . . . fierce engagement executed with humor and vernacular sensitivity."—Dale Smith, Austin Chronicle David Meltzer (1937-2016) was the author of many books of poetry, including *Tens*, *The Name*, *Arrows: Selected Poetry 1957-1992* and *Two-Way Mirror (City Lights)*. He was the editor of *Birth*, *The Secret Garden*, *Reading Jazz* and *Writing Jazz*, among other collections. His agit-smut fictions include *The Agency Trilogy*. Meltzer read poetry at the Jazz Cellar in the 1950s and in the 1960s fronted the band, "Serpent Power."

In recounting the fascinating, intersecting stories of Jim Jones and Harvey Milk, *Cult City* tells the story of a great city gone horribly wrong. November 1978. Reverend Jim Jones, the darling of the San Francisco political establishment, orchestrates the murders and suicides of 918 people at a remote jungle outpost in South America. Days later, Harvey Milk, one of America's first openly gay elected officials—and one of Jim Jones's most vocal supporters—is assassinated in San Francisco's City Hall. This horrifying sequence of events shocked the world. Almost immediately, the lives and deaths of Jim Jones and Harvey Milk became shrouded in myth. Now, forty years later, this book corrects the record. The product of a decade of research, including extensive archival work and dozens of exclusive interviews, *Cult City* reveals just how confused our understanding has become. In life, Jim Jones enjoyed the support of prominent politicians and Hollywood stars even as he preached atheism and communism from the pulpit; in death, he transformed into a fringe figure, a "fundamentalist Christian" and a "fascist." In life, Harvey Milk faked hate crimes, outed friends, and falsely claimed that the US Navy dishonorably discharged him over his homosexuality; in death, he is honored in an Oscar-winning movie, with a California state holiday, and a US Navy ship named after him. His assassin, a blue-collar Democrat who often voted

with Milk in support of gay issues, is remembered as a right-winger and a homophobe. But the story extends far beyond Jones and Milk. Author Daniel J. Flynn vividly portrays the strange intersection of mainstream politics and murderous extremism in 1970s San Francisco—the hangover after the high of the Summer of Love.

Season of the Witch Arcadia Publishing

Harlem of the West reveals a forgotten slice of San Francisco history and the African-American experience on the West Coast: the thriving jazz scene of the Fillmore in the 1940s and 1950s. With archival photographs and oral accounts from the residents and musicians who experienced it, this vividly illustrated tour will delight jazz fans and history aficionados.

California Then and Now - People and Places is a whole new take on Anova Books' best-selling trademark series. Featuring images from across the state of California, from San Francisco in the north to San Diego in the south, it shows how much and how little has changed over 150 years. With a strong emphasis on the tourist locations of the state, there are large sections reserved for vintage photos of San Francisco, LA, Hollywood, Anaheim, Long Beach and San Diego. The hippy enclaves of Haight Ashbury are featured in glorious Ektachrome, as are the early rides of Disneyland from the 1950s. There are match-ups for the most famous sign in the world, Hollywood, plus forays into the famous surfing locations. Packaged in a smaller format than any other *Then and Now*, the text has been stripped back to small captions to allow the amazing collection of past and present photos to speak for themselves.

A kaleidoscopic tribute to San Francisco by a life-long Bay Area resident and co-founder of Salon explores specific city sites including the Golden Gate Bridge and the Land's End sea cliffs while tying his visits to key historical events. By the author of *Shadow Knights*. 30,000 first printing.

San Francisco Then and Now Arcadia Publishing

It's easy to leave your heart in San Francisco - after all, the "City

by the Bay" is also called "Everybody's Favorite City." This is not surprising, as it is home to some of America's most intriguing architecture and design, including the iconic Golden Gate Bridge, the bustling Fisherman's Wharf and Pier 39, the ornate Chinatown, and the mysterious prison on Alcatraz Island. Visit Coit Tower and Lombard Street - the "Crookedest street in the world" on Telegraph Hill, and then hop on one of the famous streetcars and travel through eclectic neighborhoods where Victorian sophistication is juxtaposed with modern elements. Stop by the Mission District, once home to the Ohlone Indians and Spanish missionaries and now full of artists and hipsters. San Francisco has seen the dawn of many countercultural movements. In the 1950s and 1960s, it was home to Beat poets and writers such as Allen Ginsberg and Jack Kerouac, as well as Lawrence Ferlinghetti, founder of the landmark City Lights Bookstore. San Francisco has also seen the birth of social trends that influenced the nation: antiwar protests, the sexual revolution, and the fight for women's rights. Beat, counterculture, and gay and lesbian movements have thrived in such legendary neighborhoods as North Beach, Haight-Ashbury, and the Castro. "Fog City, "Golden City," Baghdad by the Bay," "Frisco"--However one affectionately refers to it, San Francisco has evolved into a world-class metropolis that, then as now, remains a captivating place with international appeal.

San Francisco, Then and Now Wilderness Press

San Francisco in the Sixties, the Summer of Love, the birth of the hippies, experience it for yourself in *More San Fran 60s*, a collection of autobiographical short stories and a continuation of *San Fran 60s*. San Francisco in the Sixties was the epicenter of the biggest cultural transformation of the second half of the Twentieth Century, and of course it has had its histories and memoirs, but this is the only time a participant has used the devices of literary fiction to put you there, living it. Like *San Fran 60s*, *More San Fran 60s* is darker, edgier, and more intimate than anything on the subject before. In addition to sex, drugs, and rock 'n roll, there is murder, madness, and God. One of the murders officially ends the Summer of Love. Jim Morrison makes an appearance, as do William Burroughs and Janis Joplin in the *San Fran 60s*. And it all really happened. The stories are based on my journals and experiences and there is less invention than in many memoirs. I have lived in and around San Francisco since 1965 and

present myself, friends, and acquaintances as prime specimens. In the Sixties and Seventies, I was a free lance journalist, among other things. Now I am a retired English teacher. In one of these stories set at the first hip outdoor rock concert, headlined by the Doors, the chick he didn't dare even fantasize about has chosen him. Or has she? In another story, a groupie falls in love with a guy with short hair. Another story is a character study of a neocon spanning four decades from Sixties San Francisco through atrocity-ravaged Guatemala to Washington today. In one story, a brilliant mystic, who is also a successful businessman, and a hippie intellectual try to reach an ultimate understanding of the universe in a single, brutal eight hour argument. Another story traces the knot of sex, love, and psychosis in the Summer of Love. All of the stories are interconnected but each is also self-contained so they can be read in any order.

This coffee table book covers the history, art, design, food, and hospitality of La Fonda on the Plaza in Santa Fe, NM over nearly 100 years.

San Francisco Then and Now Rizzoli Publications

An insider's "indispensable" behind-the-scenes history of the transit system of San Francisco and surrounding counties (Houston Chronicle). In the first-ever history book about BART, longtime agency spokesman Michael C. Healy gives an insider's account of the rapid transit system's inception, hard-won approval, construction, and operations, warts and all. With a master storyteller's wit and sharp attention to detail, Healy recreates the politically fraught venture to bring a new kind of public transit to the West Coast. What emerges is a sense of the individuals who made (and make) BART happen. From tales of staying up until 3:00 a.m. with BART pioneers Bill Stokes and Jack Everson to hear the election results for the rapid transit vote to stories of weathering scandals, strikes, and growing pains, this look behind the scenes of an iconic, seemingly monolithic structure reveals people at their most human—and determined to change the status quo. "The Metro. The T. The Tube. The world's most famous subway systems are known by simple monikers, and San Francisco's BART belongs in that class. Michael C. Healy delivers a tour-de-force telling of its roots, hard-fought approval, and challenging construction that will delight fans of American urban history."—Doug Most, author of *The Race Underground*:

Boston, New York, and the Incredible Rivalry That Built America's First Subway

Conservative Survival Guide to San Francisco Arcadia Publishing
From the New York Times bestselling author of *Star Wars: Brotherhood* A Goodreads Choice Awards 2019 Semifinalist One of BookBub's Best Science Fiction Books of 2019 One of Book Riot's Best Books of 2019 So Far One of The Nerd Daily's Best Debut Novels of 2019 Featured in The Millions "A Year in Reading" One of Entropy's Best Fiction Books of 2019 He'll go anywhere and any when to save his daughter Kin Stewart is an everyday family man: working in IT, trying to keep the spark in his marriage, struggling to connect with his teenage daughter. But his current life is a far cry from his previous career...as a time-traveling secret agent from over a century in the future. Stranded in suburban San Francisco since the 1990s after a botched mission, Kin has kept his past hidden from everyone around him, until one afternoon, his "rescue" team arrives—eighteen years too late. Their mission: return Kin to 2142, where he's been gone only weeks, not years, and where another family is waiting for him. A family he can't remember. Torn between two lives, Kin's desperate efforts to stay connected to both will threaten to destroy the agency and even history itself. With his daughter's very existence at risk, he will have to take one final trip to save her—even if it means breaking all the rules of time travel in the process. "Heartfelt and thrilling... Chen's concept is unique, and [his characters'] agony is deeply moving. Quick pacing, complex characters, and a fascinating premise."—Publishers Weekly, starred review

San Francisco Heyday Books

While San Francisco was thriving in the 1800s, the areas that are now the Richmond District, the Sunset District, and Golden Gate Park were primarily made up of sand dunes and considered uninhabitable. This book introduces readers to some of the advocates, educators, performers, builders, and others who contributed to the growth of these areas and to the city of San Francisco. Featured notables include William Hammond Hall and John McLaren, major forces in Golden Gate Park; well-known personalities like actress Barbara Eden, musician Vince Guaraldi, and photographer Ansel Adams; Amy Meyer and Philip Burton, who helped create the Golden Gate National Recreation Area; journalists Sarah Bacon and Paul Kozakiewicz, who write about neighborhoods in western San Francisco; William Gee, who

founded On-Lok, a resource for the elderly; and many more famous and unsung heroes.

Harlem of the West Bloomsbury Publishing USA

In 1863, San Francisco's Board of Supervisors passed a law that criminalized appearing in public in "a dress not belonging to his or her sex." Adopted as part of a broader anti-indecency campaign, the cross-dressing law became a flexible tool for policing multiple gender transgressions, facilitating over one hundred arrests before the century's end. Over forty U.S. cities passed similar laws during this time, yet little is known about their emergence, operations, or effects. Grounded in a wealth of archival material, *Arresting Dress* traces the career of anti-cross-dressing laws from municipal courtrooms and codebooks to newspaper scandals, vaudevillian theater, freak-show performances, and commercial "slumming tours." It shows that the law did not simply police normative gender but actively produced it by creating new definitions of gender normality and abnormality. It also tells the story of the tenacity of those who defied the law, spoke out when sentenced, and articulated different gender possibilities.

San Francisco Like a Local: By the People Who Call It Home Chronicle Books

For the English poet Rudyard Kipling, the city of San Francisco has only one drawback tis hard to leave. Author Thomas Moyer, a conservative by choice, couldn't agree more as he calls The City by the Bay his home yet finds it quite different from the city he imagined it to be over a decade ago. In *Conservative Survival Guide to San Francisco*, he takes readers into the dual facets of the Paris of the West --- the city with lush greenery, panoramic views of the Pacific Ocean on one side and its band of hippies, drug addicts and liberals on one end. More than just a literary piece tackling the division of the world into being conservative or being liberal, this highly insightful work of Moyer is part travel guide, part personal memoir, and part political commentary. Like Group Captain Lionel Mandrake in Stanley Kubrick's Cold War dark comedy, "Dr. Strangelove", Moyer stays true to his ideals of doing the best he can under less-than-ideal conditions while most of the people around him are a bit crazy, weak willed, or downright odd. "To be clear then, just as Mandrake loved the world of Strangelove, I love this city. It's my home here, now and forever. But I have some serious misgivings about San Francisco's politics," Moyer wrote in the introduction. "My intention in writing

this book is to bring to light the good, the bad, and the wacky aspects of San Francisco. If you're a conservative of any shade or degree who's planning on visiting or moving to the city, or even the Bay Area, more generally, I'm going to be your tour guide on your trip down into the rabbit hole of San Francisco. And I'm going to show you how to manage to keep your conservative morals intact when surrounded on all sides by the exotic lunacy of this Strangelove-like world." Moyer provides a conservative insider's perspective into San Francisco its people, culture, politics, and what it's really like to be a "Mandrake" inside the most liberal city in America. More importantly, he shows conservative readers how he learned to stop worrying and love the city. *Conservative Survival Guide to San Francisco* is more than just a looking glass into the bipolarities of the cool grey city of love. It also takes into account the author's experiences in the most liberal city in America and is meant to show a snapshot into the life of a conservative. At turns striking and original, this eruditely crafted piece is the ultimate guide to the rabbit hole that is San Francisco.

Descubrimiento de la Bahía de San Francisco Open Road Media

A haven for refugees after San Francisco's devastating 1906 earthquake and fire, Daly City incorporated in 1911 with a population of 2,000. With more than 100,000 residents, it is now the largest city in San Mateo County. Adjacent to San Francisco, the Golden Gate, and San Francisco Bay, Daly City has been "The Gateway to the Peninsula" for over 150 years.

Daly City Rizzoli Publications

Looks at how a city used to run—the old transport systems, former city halls, stores, theaters and cinemas, gas stations and car showrooms, restaurants, and people on the sidewalk Looks at how a city used to run—the old transport systems, former city halls, stores, theaters and cinemas, gas stations and car showrooms, restaurants, and people on the sidewalk Aspects of lost San Francisco that are examined here include the Victorian Alcatraz, Cliff House Hotel before it burned down, the early Embarcadero, the devastation of the 1906 earthquake, horse-drawn streetcars, the grandeur of the Sutro Baths both outside and in, the 1915 Panama-Pacific Exposition buildings, the changes made to combat a possible Japanese invasion during World War II, and some of the key hippie stores on Haight-Ashbury before the area became more upscale.

Here and Now and Then CreateSpace

Newcomers and visitors can still enjoy iconic San Francisco with activities like riding a cable car or taking in the view from Twin Peaks. But San Franciscans cherish memories of a place quite different. They reminisce about seafood dinners at A. Sabella's on Fisherman's Wharf, the enormous Christmas tree in Union Square's City of Paris department store and taking a handful of dimes to Playland-at-the-Beach for arcade games and cotton candy. In his second volume of these unforgettable stories, local author and historian Frank Dunnigan vividly recalls the many details that made life special in the City by the Bay for generations.
