*Greek lessons; shewing  
how useful and how  
easy it is for every one  
to learn Greek. [With]  
Key Univ of California*

Press

First published in 1978  
and now thoroughly  
revised, Reading Greek  
is a best-selling one-  
year introductory  
course in ancient  
Greek for students of  
any age. It combines  
the best of modern and  
traditional language-

learning techniques and is used in schools, summer schools and universities across the world. This Independent Study Guide is intended to help students who are learning Greek on their own or with only limited access to a teacher. It contains notes on the texts that appear in the Text and Vocabulary volume, translations of all the texts, answers to the exercises in the Grammar and Exercises volume and cross-references to the relevant fifth-century background in The World of Athens. There are instructions of how to use the course and the Study Guide. The book will also be useful to students in schools, universities and summer schools who have to learn Greek

rapidly.

situations. Learner reviews of the book/CD version of Talk Greek: "Talk Greek is a must if you want to learn the basics." "Clear and easy to use. Really recommend!" "Lots of interactive exercises to help practise the things the book teaches. Simple, clear scenarios that will not confuse. Excellent." Also available in Arabic, French, German, Italian, Japanese, Mandarin Chinese, Portuguese, Russian and Spanish.

**Learn to Speak Greek** Innovative Language Learning The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or

continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better

off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he

describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com). *Learn Ancient Greek Independently* Published With enthusiasm and

wry wit, author Jones takes you step by step through the rudiments of the Western World's first great language-- the medium of Plato and the New Testament. Introduces the Greek alphabet, explains each grammar point in layman's terms, gives plenty of study hints, provides answers for the exercises, and even presents a "to-do" list at the end of most chapters. Not too far into the book you'll already be reading masterful Greek literature, in extracts chosen from such authors as Plato, Sophocles, and Thucydides. Offers a discussion of Greek history and culture in each chapter, and another feature that looks closely at Greek words, with special

emphasis on related words in English.--From publisher description  
Greek to Me: Adventures of the Comma Queen P & R Publishing  
"Hilarious...This book charmed my socks off."  
—Patricia O’Conner, New York Times Book Review  
Mary Norris has spent more than three decades working in The New Yorker’s renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR,

Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.  
The Ingenious Language AuthorHouse  
Ilias Kolokouris's *Modern Greek for Classicists* is a reading companion for those who have already had some exposure to the Greek world - be it a solid foundation in Ancient Greek, some knowledge of the Greek alphabet acquired while studying Latin, or even just a few set phrases memorized to communicate with locals during a trip to Greece. This book aims to build upon such foundations to expand access to the fascinating culture, literature, and society of Modern Greece. *Modern Greek for Classicists* is structured

as a graded reader, with fictional narratives in Modern Greek, followed by comprehension and discussion questions designed to facilitate language acquisition. Each dialogue has a limited set of vocabulary, and the grammar moves from the more simple to the more complex. Animated videos accompany and expand upon the main story. How does this book teach Modern Greek? Incremental repetition and progressively more complex readings play a key role in our pedagogical approach. We believe that, when highly motivated learners are given confidence in their abilities and an environment with low levels of anxiety, they

will be better equipped for success in second language acquisition. This is why we want each lesson to be a playful, enjoyable activity. Most importantly, this book is designed to feel yours. You can read it at your own pace, whenever and wherever you prefer, with whomever you wish. As you go on to use this book, you will notice that learning Modern Greek is both feasible and inspiring.

### **Ancient Greek I**

Zondervan Academic John Dobson has a world-wide reputation as a highly respected and successful teacher of New Testament Greek. This course has been taught to groups ranging in size from a few people to over one hundred students, language students as

well as those who have never studied a foreign language before, English speakers as well as those for whom English is a second language. The material can be used with equal ease in: \*an intensive six-week course \*a regular academic language programme \*a part-time extension module \*self-study, possibly with a mentor To develop his innovative and highly effective teaching method, John Dobson has applied the latest research findings on how people learn. This third edition of Learn New Testament Greek has been revised and updated to include an accented text. It is a complete student textbook as well as a comprehensive resource for teachers.

**Modern Greek for**

**Classicists** Bethany House Publishers A 6-DVD set, Basics of Biblical Greek Video Lectures features an integrated approach to learning New Testament Greek, turning it into a natural process and showing from the start how an understanding of the language helps in better comprehending the New Testament. This DVD set features 36 lessons, each twenty to thirty-five minute, for each chapter in Basics of Biblical Greek Grammar. Useful as a complement to the book or as a standalone resource, the lectures are perfect for formal Greek language students who miss a classroom lecture or want additional help in their learning; instructors

wanting to devote classroom time to drills and exercises, providing a lecture tool students can watch on their own time; homeschool parents and students; and self-taught students of biblical Greek alike.

### **Basics of Biblical Greek Grammar**

Innovative Language Learning

Learning Greek is one thing. Retaining it and using it in preaching, teaching, and ministry is another. In this volume, two master teachers with nearly forty years of combined teaching experience inspire readers to learn, retain, and use Greek for ministry, setting them on a lifelong journey of reading and loving the Greek New Testament. Designed to accompany a

beginning or intermediate Greek grammar, this book offers practical guidance, inspiration, and motivation; presents methods not usually covered in other textbooks; and surveys helpful resources for recovering Greek after a long period of disuse. It also includes devotional thoughts from the Greek New Testament. The book will benefit anyone who is taking (or has taken) a year of New Testament Greek.

### **Reading Greek**

Europa Editions

Using a unique, tried and tested algorithm, this book teaches you how to quickly and efficiently recognise letters and common words in Greek script. Whether you're travelling and want to

understand the words around you, or preparing to learn Greek and want to master the basics, this is the book for you. In this book you will find:

- An introduction to Greek script
- Plenty of practice activities to help you recognise each letter of the alphabet
- Helpful mnemonics to make you remember the shape of each letter
- Accompanying audio files so you know how to pronounce letters and words
- Handy tips to help you decipher common and familiar words

The audio for this course can be downloaded from the Teach Yourself Library app or streamed at [library.teachyourself.com](http://library.teachyourself.com). Rely on Teach Yourself, trusted by language learners for over 75 years.

Michel Thomas German Foundation Course  
Routledge

An Italian journalist pleads her case for learning ancient Greek in modern times. For word nerds, language loons, and grammar geeks, an impassioned and informative literary leap into the wonders of the Greek language. Here are nine ways Greek can transform your relationship to time and to those around you, nine reflections on the language of Sappho, Plato, and Thucydides, and its relevance to our lives today, nine chapters that will leave readers with a new passion for a very old language, nine epic reasons to love Greek. The Ingenious Language is a love song dedicated to the language of history's

greatest poets, philosophers, adventurers, lovers, adulterers, and generals. Greek, as Marcolongo explains in her buoyant and entertaining prose, is unsurpassed in its beauty and expressivity, but it can also offer us new ways of seeing the world and our place in it. She takes readers on an astonishing journey, at the end of which, while it may still be Greek to you, you'll have nine reasons to be glad it is. No batteries or prior knowledge of Greek required! Praise for *The Ingenious Language* "Andrea Marcolongo is today's Montaigne. She possesses an amazing familiarity with the classics combined with the ease and lightness of those who surf the web." —André Aciman,

New York Times–bestselling author of *Find Me* "[Marcolongo's] declaration of love for Ancient Greek does more than celebrate the virtues of its grammar, it shows us modern fools how this language can help us understand ourselves better and live a better life." —Le Monde (France)  
*Greek Words in the English Language*  
 Trafford Publishing  
 Having studied ancient Greek and Latin as a young man, while growing up in Greece, the author learned to analyze the Greek language. This eventually led him to the eureka idea of creating the present volume. With over 4,000 Greek words to be found in the English language, the English-

speaking reader is encouraged to take advantage of those similarities in order to easily learn to speak Greek. And for Greek speakers, it will help to increase their English vocabulary.

Understanding Greek words and their roots can help in learning other languages as well. For example, in Greek one says *demokratia*;' in English, *democracy*;' in French, *democratie*;' and in Spanish, *democracia*.' Every Greek person should own this book! Feel the pride, and enjoy.

**Greek for the Rest of Us** Courier Corporation  
Second edition of best-selling one-year introductory course in ancient Greek for students and adults. This volume contains a narrative adapted

entirely from ancient authors in order to encourage students rapidly to develop their reading skills. The texts and numerous illustrations also provide a good introduction to Greek culture.

Plato's Apology of Socrates Zondervan  
The JACT Reading Greek Course has been written for beginners in the upper school, at university and in adult education. It aims to enable students to read fifth and fourth century Attic Greek, Homer and Herodotus, with some fluency and intelligence in one to two years. The main medium of learning is a continuous, graded Greek text, adapted from original sources.

**Greek: An Essential Grammar of the Modern Language**

Hachette UK

In this elementary textbook, Philip S. Peek draws on his twenty-five years of teaching experience to present the ancient Greek language in an imaginative and accessible way that promotes creativity, deep learning, and diversity. The course is built on three pillars: memory, analysis, and logic. Readers memorize the top 250 most frequently occurring ancient Greek words, the essential word endings, the eight parts of speech, and the grammatical concepts they will most frequently encounter when reading authentic ancient texts. Analysis and logic exercises enable the translation and parsing of genuine

ancient Greek sentences, with compelling reading selections in English and in Greek offering starting points for contemplation, debate, and reflection. A series of embedded Learning Tips help teachers and students to think in practical and imaginative ways about how they learn. This combination of memory-based learning and concept- and skill-based learning gradually builds the confidence of the reader, teaching them how to learn by guiding them from a familiarity with the basics to proficiency in reading this beautiful language. Ancient Greek I: A 21st-Century Approach is written for high-school and university students, but is an instructive

and rewarding text for anyone who wishes to learn ancient Greek. *How to Learn and Memorize Greek Vocabulary* W. W. Norton & Company

If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of *Greek for the Rest of Us* is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three

major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software

Learn to Read Greek in 5 Days teaches each letter of the Greek alphabet in a systematic way while

providing enough practice to ensure the student learns the entire alphabet in only 5 days or less.

*Introduction to Attic Greek* Cambridge University Press

How to Learn and Memorize Greek Vocabulary ... Using a Memory Palace Specifically Designed for Greek (and adaptable to many other languages too) If you'd like to improve your ability to learn Greek vocabulary by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not.

The information in this book will teach you: \*

- \* Why memory is like a bicycle everyone can ride (with some minor personal adjustments).
- \* The real reason why no one should ever be squeamish about memorization or learning a language.
- \* Why and how some of the most famous memory skills are applicable to learning any language, especially Greek.
- \* How you can easily create a "letter location" memory system based on the Greek alphabet.
- \* How to quickly and easily learn and memorize the sounds of the Greek alphabet.
- \* Unique techniques that will have you literally "tuning in" on the Greek language.
- \* How to separate Greek words in the most

effective manner for memorization. \*

- \* Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate your stress and apprehension as you learn Greek.
- \* And much, much more ...

These techniques have been used by real language learners, most of whom previously considered themselves owners of a "bad memory," to make real strides in learning Greek vocabulary. Don't worry! None of these techniques involve brain surgery! Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a

language as rich and diverse as Greek. But there's really no time to lose. Every day that you are not using this simple vocabulary memorization system, you are literally

stealing from yourself the joy of being able to read, speak and recall an abundance of Greek vocabulary as you easily expand the natural abilities of your mind.
