KERR RILEY

American Machinist Forgotten Books
 Excerpt from The Epitome: Lehigh
 University; November, 1875 And now
 among this list of honorable publications
 our modest little epitome for the first time
 asks a place. It does not claim to be a
 literary publication; that is not its genius.
 The causes that have led to its birth
 demand of it that it shall be simply an
 honest exponent of all our college
 organizations. About the Publisher
 Forgotten Books publishes hundreds of
 thousands of rare and classic books. Find
 more at www.forgottenbooks.com This
 book is a reproduction of an important
 historical work. Forgotten Books uses

state-of-the-art technology to digitally
 reconstruct the work, preserving the
 original format whilst repairing
 imperfections present in the aged copy. In
 rare cases, an imperfection in the original,
 such as a blemish or missing page, may be
 replicated in our edition. We do, however,
 repair the vast majority of imperfections
 successfully; any imperfections that
 remain are intentionally left to preserve
 the state of such historical works.
Class of '83 Associated University Presse
 Excerpt from The Epitome: Lehigh
 University; November, 1876; South
 Bethlehem Professor of English Literature,
 International Law and the Philosophy of
 History. About the Publisher Forgotten
 Books publishes hundreds of thousands of
 rare and classic books. Find more at

 edition. We do, however, repair the vast
 majority of imperfections successfully; any
 imperfections that remain are intentionally
 left to preserve the state of such historical
 works.
[Final Report of the University Goals
 Committee](#)
 "This book reveals the central role that
 women played in creating and
 perpetuating an elite class in the foremost
 city of colonial British America Early in the
 eighteenth century, as the city's major

merchant families sought to reinforce their power over both newcomer immigrants and upwardly mobile middling sorts, they endeavored to remake themselves into a colonial version of the English gentry." "This book highlights how the intersection of gender and class identities powerfully shaped the lives of privileged women in colonial Philadelphia. This account is based on extensive archival research that includes women's letters and diaries, materials from cultural organizations, British prescriptive literature, Anglican and Quaker religious records, and newspapers. This important study offers fresh insights into colonial America, women's history,

urban history, and the British Atlantic world."--BOOK JACKET.
