Geography Of The Heart Ballantine Books

The Nazis murdered their husbands but concentration camp prisoners Priska, Rachel, and Anka would not let evil take their unborn children too—a remarkable true story that will appeal to readers of *The Lost* and *The Nazi Officer's Wife*, *Born Survivors* celebrates three mothers who defied death to give their children life. Eastern Europe, 1944: Three women believe they are pregnant, but are torn from their husbands before they can be certain. Rachel is sent to Auschwitz, unaware that her husband has been shot. Priska and her husband travel there together, but are immediately separated. Also at Auschwitz, Anka hopes in vain to be reunited with her husband. With the rest of their families gassed, these young wives are determined to hold on to all they have left—their lives, and those of their unborn babies. Having concealed their condition from infamous Nazi doctor Josef Mengele, they are forced to work and almost starved to death, living in

daily fear of their pregnancies being detected by the SS. In April 1945, as the Allies close in, Priska gives birth. She and her baby, along with Anka, Rachel, and the remaining inmates, are sent to Mauthausen concentration camp on a hellish seventeen-day train journey. Rachel gives birth on the train, and Anka at the camp gates. All believe they will die, but then a miracle occurs. The gas chamber runs out of Zyklon-B, and as the Allied troops near, the SS flee. Against all odds, the three mothers and their newborns survive their treacherous journey to freedom. On the seventieth anniversary of Mauthausen's liberation from the Nazis by American soldiers, renowned biographer Wendy Holden recounts this extraordinary story of three children united by their mothers' unbelievable—yet ultimately successful—fight for survival.

Sibert Honor author Deborah Hopkinson unearths the heroic stories of Jewish survivors from different countries so that we may never forget the past. As World War II raged, millions of young Jewish people were caught up in the horrors of the Nazis' Final Solution. Many readers know of Adolf Hitler and the Nazi state's genocidal campaign against European Jews and others of so-called "inferior" races. Yet so many of the individual stories remain buried in time. Of those who endured the Holocaust, some were caught by the Nazis and sent to concentration camps, some hid right under Hitler's nose, some were separated from their parents, some chose to fight back. Against all odds, some survived. They all have stories that must be told. They all have stories we must keep safe in our collective memory. In this thoroughly researched and passionately written narrative nonfiction for upper middle-grade readers, critically acclaimed author Deborah Hopkinson allows the voices of Holocaust survivors to live on the page, recalling their persecution, survival, and resistance. Focusing on testimonies from across Germany, the Netherlands, France, and Poland, Hopkinson paints a moving and diverse portrait of the Jewish youth experience in Europe under the shadow of the Third Reich. With archival images and myriad interviews, this compelling and beautifully told addition to Holocaust history not only honors the courage of the victims, but calls young readers to action -- by reminding them that heroism begins with the ordinary, everyday feat of showing compassion toward our fellow citizens.

Survivors Farrar, Straus and Giroux (Byr)

The astonishing true story of a girl who survived the Holocaust thanks to Oskar Schindler, of Schindler's List fame. Rena Finder was only eleven when the Nazis forced her and her family -- along with all the other Jewish families -- into the ghetto in Krakow, Poland. Rena worked as a slave laborer with scarcely any food and watched as friends and family were sent away. Then Rena and her mother ended up working for Oskar Schindler, a German businessman who employed Jewish prisoners in his factory and kept them fed and healthy. But Rena's nightmares were not over. She and her mother were deported to the concentration camp Auschwitz. With great cunning, it was Schindler who set out to help them escape. Here in her own words is Rena's gripping story of survival, perseverance, tragedy, and hope. Including pictures from Rena's personal collection and from the time period, this unforgettable memoir introduces young readers to an astounding and necessary piece of history.

Young Survivors of the Holocaust New York City Publishing Company

The compelling, poignant true stories of victims of a notorious adoption scandal—some of whom learned the truth from Lisa Wingate's bestselling novel *Before We Were Yours* and were reunited with birth family members as a result of its wide reach. From the 1920s to 1950, Georgia Tann ran a black-market baby business at the Tennessee Children's Home Society in Memphis. She offered up more than 5,000 orphans tailored to the wish lists of eager parents—hiding the fact that many weren't orphans at all, but stolen sons and daughters of poor families, desperate single mothers, and women told in maternity wards that their babies had died. The publication of Lisa Wingate's novel *Before We Were Yours* brought new awareness of Tann's lucrative career in child trafficking. Adoptees who knew little about their pasts gained insight into the startling facts behind their family histories. Encouraged by their contact with Wingate and award-winning journalist Judy Christie, who documented the stories of fifteen adoptees in this book, many determined Tann survivors set out to trace their roots and find their birth families. *Before and After* includes moving and sometimes shocking accounts of the ways in which adoptees were separated from their first families. Often raised as only children, many have joyfully reunited with siblings in the final decades of their lives. Christie and Wingate tell of first meetings that are all the sweeter and more intense for time missed and of families from very different social backgrounds reaching out to embrace better-late-than-never brothers, sisters, and cousins. In a poignant culmination of art meeting life, many of the long-silent victims of the tragically corrupt system return to Memphis

with the authors to reclaim their stories at a Tennessee Children's Home Society reunion . . . with extraordinary results. Advance praise for *Before and After* "In *Before and After*, authors Judy Christie and Lisa Wingate tackle the true stories behind Wingate's blockbuster *Before We Were Yours*, of the orphans who survived the Tennessee Children's Home Society. With a journalist's keen eye and a novelist's elegant prose, Christie and Wingate weave together the stories that inspired *Before We Were Yours* with the lives that were changed as a result of reading the novel. Readers will be educated, enlightened, and enraptured by this important and flawlessly executed book."—Pam Jenoff, author of *The Orphan's Tale* and *The Lost Girls of Paris*

The Incredible Real-Life Stories of Orphans Who Survived the Tennessee Children's Home Society Sourcebooks, Inc.

Poignant and affectionate, *Geography of the Heart* is a moving portrait of Lambda Award winner Fenton Johnson, the son of a Kentucky whiskey brewer, and his fateful lover Larry Rose, who, three years into their intense relationship, died of AIDS. Rose had been upfront about his condition from the start of his relationship with Johnson, and the knowledge left their interactions fraught with the pain of anticipated loss. Though Johnson never contracted the virus himself, Rose's physical decline haunted him. He had come to depend on Rose for his care and understanding as much as Rose, increasingly fragile as their relationship progresses, depended on him. The vivid, poignant, and wise tribute to his soulmate that Johnson has distilled into *The Geography of the Heart* is a memoir like no other, a startling story of compassion, perseverance, and the acute wounds that can linger in the shadow of true love.

Survivors Turtleback

Presents seven true stories of brave boys and girls who lived through the Holocaust.

Born Survivors Pan Macmillan

The children of Auschwitz: this is the darkest spot in the ocean of suffering that was the Holocaust. They were deported to the concentration camp with their families, with most being murdered in the gas chambers upon their arrival, or were born there under unimaginable circumstances. While 232,000 children and juveniles were deported to Auschwitz, only 750 were liberated in the death camp at the end of January 1945. Most of them were under 15 years of age. Alwin Meyer's masterwork is the culmination of decades of research and interviews with the children and their descendants, sensitively reconstructing their stories before, during and after Auschwitz. The camp would remain with them throughout their lives: on their forearms, as a tattooed number, and in their minds, in the memory of heart-rending separation from parents and siblings, medical experiments, abject confusion, ceaseless hunger and a perpetual longing for home and security. Once the purported liberation came, there was no blueprint for piecing together personal biographies after the unthinkable had happened. Many of the children, often orphaned, had forgotten their names or ages, and had only fragmented understandings of where they came from. While some struggled to reconnect to the parents from whom they had been separated, others had known nothing other than the camp. Some children grew up without the ability to trust and to play. Survival is not yet life – it is an in-between stage which requires individuals to learn how to live. The liberated children had to learn how to be young again in order to grow into adults like others did. This remarkable book tells the stories of the most vulnerable victims of the Nazis' systematic attempt to extinguish innocent lives, and rescues their voices from historical oblivion. It is a unique testimony to the horrific suffering endured by millions in humanity's darkest hour.

A Woman Survivor's True Story of Auschwitz Penguin

Shortlisted for the 2021 Wolfson History Prize and a finalist for the 2021 Cundill History Prize Told for the first time from their perspective, the story of children who survived the chaos and trauma

of the Holocaust--named a best history book of 2020 by the Daily Telegraph "Impressive, beautifully written, judicious and thoughtful. . . . Will be a major milestone in the history of the Holocaust and its legacy."--Mark Roseman, author of *The Villa, the Lake, the Meeting* How can we make sense of our lives when we do not know where we come from? This was a pressing question for the youngest survivors of the Holocaust, whose prewar memories were vague or nonexistent. In this beautifully written account, Rebecca Clifford follows the lives of one hundred Jewish children out of the ruins of conflict through their adulthood and into old age. Drawing on archives and interviews, Clifford charts the experiences of these child survivors and those who cared for them--as well as those who studied them, such as Anna Freud. *Survivors* explores the aftermath of the Holocaust in the long term, and reveals how these children--often branded "the lucky ones"--had to struggle to be able to call themselves "survivors" at all. Challenging our assumptions about trauma, Clifford's powerful and surprising narrative helps us understand what it was like living after, and living with, childhoods marked by rupture and loss.

"I set out to find a group of people who, like me, were possessed by a history they had never lived." The daughter of Holocaust survivors, Helen Epstein traveled from America to Europe to Israel, searching for one vital thin in common: their parent's persecution by the Nazis. She found: • Gabriela Korda, who was raised by her parents as a German Protestant in South America; • Albert Singerman, who fought in the jungles of Vietnam to prove that he, too, could survive a grueling ordeal; • Deborah Schwartz, a Southern beauty queen who—at the Miss America pageant, played the same Chopin piece that was played over Polish radio during Hitler's invasion. Epstein interviewed hundreds of men and women coping with an extraordinary legacy. In each, she found shades of herself.

Elly appeared on CBS's *60 Minutes* for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers.

The Perfect Storm Scholastic Inc.

"The Holocaust is a drug and I have entered an opium den . . . I will discover that there is no end to the dealers I can find for just one more hit. My parents don't even realize that they are drug dealers. They could never imagine the kind of high H gives, making me want to dive into its endless depth. Sending me out to libraries to read any and every book that dealt with the Holocaust . . . the paper could all be chopped up into a fine powder, like ash, perhaps, laid down, row upon row, and snorted' Uniquely structured and uniquely told, *I Was a Child of Holocaust Survivors* is a distillation of Bernice Eisenstein's memories of her 1950s childhood as the daughter of Yiddish-speaking parents whose experiences during the war, while rarely spoken of, were nonetheless a constant presence. Eisenstein's parents met in Auschwitz as the war was ending, and were married shortly after its liberation. This extraordinary memoir began to take root in her imagination several years ago, almost a decade after her father's death; she began with a series of

drawings of her father, but realized that pictures alone could not convey what she had to say - 'And so I entered into a dance between pictures and the written word. I had two languages that worked together - to translate the layered meaning of my past, and that of my parents, on to the page.' In an amazing synthesis of prose and illustration, and with poignancy and searing honesty, Eisenstein explores with ineffable sadness and bittersweet humour her childhood growing up in the shadow of the Holocaust, while also addressing universal themes of memory, loss and recovery of the past. *I Was a Child of Holocaust Survivors* is striking, original and unforgettable; it has the makings of a classic.

Heroic Children John Wiley & Sons

But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
