BENITEZ LACEY

Blind Spot Chosen Books

The book's title speaks to many frequencies of equal intensities; the author is also sensitive to the phrase's colloquial association with drowning out the fragmentation and cultural distance permeating the United States today. Many forms of art, including music and photography, offer a platform for commonality; Ralph Gibson's succinct introduction places these two related art forms in context in Diamond's work. Through the high-key light permeating much of his way of seeing, complemented in the extreme by his attention to gestures in the shadows of the night, Diamond fosters a brief connection between the world, himself, and the viewer through each carefully composed frame.

Seeing Beyond Sight Random House

People are fascinated by those who claim to have extraordinary psychic abilities. It is safe to say

that many of these folks are either extraordinary frauds or extraordinarily deluded. But could some people actually possess psychic gifts that can be used to help and heal? Weigel became particularly interested in this topic after the death of her father in 2001. Now she provides in-depth interviews with today's top mediums, psychics, and healers, and shares readings they conducted for both her and another individual, and shares the astounding results.

The Road to Somewhere Penguin Group

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul

Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the

challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Creativity, Inc. (The Expanded Edition) Penguin Books

#1 NEW YORK TIMES BESTSELLER • OPRAH’S BOOK CLUB PICK • ONE OF GQ’s TOP 50 BOOKS OF LITERARY JOURNALISM IN THE 21st CENTURY • The heartrending story of a midcentury American family with twelve children, six of them diagnosed with schizophrenia, that became science’s great hope in the quest to understand the disease. "Reads like a medical detective journey and sheds light on a topic so many of us face: mental illness." —Oprah Winfrey Don and Mimi Galvin seemed to be living the American dream. After World War II, Don’s work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins—aspersion, hard work, upward mobility, domestic harmony—and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after another, were diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institute of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother to the search for genetic markers for the disease, always amid profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family’s unforgettable legacy of suffering, love, and hope.

Seeing Ghosts Random House Trade Paperbacks

Like *The Man Who Mistook His Wife for a Hat*, this is a fascinating voyage into a strange and wonderful land, a provocative meditation on communication, biology, adaptation, and culture. In *Seeing Voices*, Oliver Sacks turns his attention to the subject of deafness, and the result is a deeply felt portrait of a minority struggling for recognition and respect—a minority with its own rich, sometimes astonishing, culture and unique visual language, an extraordinary mode of communication that tells us much about the basis of language in hearing people as well. *Seeing Voices* is, as Studs Terkel has written, "an exquisite, as well as revelatory, work."

Seeing Voices Hudson Hills Press

Now a new series on Peacock with Rainn Wilson, *THE GEOGRAPHY OF BLISS* is part travel memoir, part humor, and part twisted self-help guide that takes the viewer across the globe to investigate not what happiness is, but WHERE it is. Are people in Switzerland happier because it is the most democratic country in the world? Do citizens of Qatar, awash in petrodollars, find joy in all that cash? Is the King of Bhutan a visionary for his initiative to calculate Gross National Happiness? Why is Asheville, North Carolina so damn happy? In a unique mix of travel, psychology, science and humor, Eric Weiner answers those questions and many others, offering travelers of all moods some interesting new ideas for sunnier destinations and dispositions.

Hearing Visions and Seeing Voices Jacana Media

Jay Maisel, hailed as one of the most brilliant, gifted photographers of all time, is much more than that. He is a mentor, teacher, and trailblazer to many photographers, and a hero to those who feel Jay’s teaching has changed the way they see and create their own photography. He is a living legend whose work is studied around the world, and whose teaching style and presentation garner standing ovations and critical acclaim every time he takes the stage. Now, for the first time ever, Jay puts his amazing insights and learning moments from a lifetime behind the lens into a book that communicates the three most important aspects of street photography: light, gesture, and color. Each page unveils something new and challenges you to rethink everything you know about the bigger picture of photography. This isn’t a book about f-stops or ISOs. It’s about seeing. It’s about being surrounded by the ordinary and learning how to find the extraordinary. It’s about training your mind, and your eyes, to see and capture the world in a way that delights, engages, and captivates your viewers, and there is nobody that communicates this, visually or through the written word, like Jay Maisel. *Light, Gesture & Color* is the seminal work of one of the true photographic geniuses of our time, and it can be your key to opening another level of understanding, appreciation, wonder, and creativity as you learn to express yourself, and your view of the world, through your camera. If you’re ready to break through the barriers that have

held your photography back and that have kept you from making the types of images you’ve always dreamed of, and you’re ready to learn what photography is really about, you’re holding the key in your hands at this very moment.

The Blind Photographer Simon and Schuster

"Seeing Beyond Sight illuminates the surprising power and creative potential of photography in an astonishing collection of images created by visually impaired teens"—P. [4] of cover.

Seeing Voices Random House

AN NPR BOOKS WE LOVE 2021 PICK * A TIME MUST-READ BOOK OF 2021 PICK * A NEW YORK TIMES NOTABLE BOOK OF 2021 * A HARPER’S BAZAAR BOOK YOU NEED TO READ IN 2021 * A TOWN & COUNTRY BEST BOOK OF 2021 PICK * A FORTUNE BEST BOOK OF 2021 PICK For readers of Helen Macdonald and Elizabeth Alexander, a "a graceful, captivating" (New York Times Book Review) portrait of grief and the search for meaning from a singular new talent as told through the prism of three generations of her Chinese American family. Kat Chow has always been unusually fixated on death. She worried constantly about her parents dying—especially her mother. A vivacious and mischievous woman, Kat’s mother made a morbid joke that would haunt her for years to come: when she died, she’d like to be stuffed and displayed in Kat’s future apartment in order to always watch over her. After her mother dies unexpectedly from cancer, Kat, her sisters, and their father are plunged into a debilitating, lonely grief. With a distinct voice that is wry and heartfelt, Kat weaves together a story of the fallout of grief that follows her extended family as they emigrate from China and Hong Kong to Cuba and America. *Seeing Ghosts* asks what it means to reclaim and tell your family’s story: Is writing an exorcism or is it its own form of preservation? The result is an extraordinary new contribution to the literature of the American family, and a provocative and transformative meditation on who we become facing loss.

Crashing Through National Geographic Books

"With its gentle affirmations, inspirational quotes, fill-in-the-blank lists and tasks — write yourself a thank-you letter, describe yourself at 80, for example — *The Artist’s Way* proposes an egalitarian view of creativity: Everyone’s got it."—The New York Times "Morning Pages have become a household name, a shorthand for unlocking your creative potential"—Vogue Over four million copies sold! Since its first publication, *The Artist’s Way* phenomena has inspired the genius of Elizabeth Gilbert and millions of readers to embark on a creative journey and find a deeper connection to process and purpose. Julia Cameron’s novel approach guides readers in uncovering problems areas and pressure points that may be restricting their creative flow and offers techniques to free up any areas where they might be stuck, opening up opportunities for self-growth and self-discovery. The program begins with Cameron’s most vital tools for creative recovery – *The Morning Pages*, a daily writing ritual of three pages of stream-of-consciousness, and *The Artist Date*, a dedicated block of time to nurture your inner artist. From there, she shares hundreds of exercises, activities, and prompts to help readers thoroughly explore each chapter. She also offers guidance on starting a “Creative Cluster” of fellow artists who will support you in your creative endeavors. A revolutionary program for personal renewal, *The Artist’s Way* will help get you back on track, rediscover your passions, and take the steps you need to change your life.

Rollins -- Searching for the dynamic 'within'. Concluding remarks on 'psychological aspects of biblical concepts and personalities' / Gerrit Glas.

Seeing Voices Red Wheel/Weiser

When tragedy strikes, Tess drops out of school and moves in with her funeral director dad, forcing her to examine life, death, and the boy she thought she knew and loved in a brand new light.

Road to Seeing MIRA

The blind photographer cannot see a butterfly perched perfectly still on a flower, a bowl of sweet-smelling fruit, or a child’s rattle on a darkened floor, but the mind’s eye is sharply focused. How then, do blind or partially sighted people capture such extraordinary images? The photographs in this revelatory book suggest a deeper truth: that blindness is itself a kind of seeing, and that those who can see are often blind to the strangeness and beauty of the world around them. As the blind photographer Evgen Bavcar writes, "Photography must belong to the blind, who in their daily existence have learned to become the masters of camera obscura." Through the photographs of more than fifty blind or partially sighted people from around the world, this exhilarating book—the first to explore this phenomenon in all its vibrancy and diversity—will make you see differently.

Seeing Silicon Valley Anchor

A NEW YORK TIMES BESTSELLER Finalist for the NAACP Image Award for "Outstanding Literary Work" "Valerie has been one of Barack and my closest confidantes for decades... the world would feel a lot better if there were more people like Valerie blazing the trail for the rest of us."--Michelle Obama "The ultimate Obama insider" (The New York Times) and longest-serving senior advisor in the Obama White House shares her journey as a daughter, mother, lawyer, business leader, public servant, and leader in government at a historic moment in American history. When Valerie Jarrett interviewed a promising young lawyer named Michelle Robinson in July 1991 for a job in Chicago city government, neither knew that it was the first step on a path that would end in the White House. Jarrett soon became Michelle and Barack Obama’s trusted personal adviser and family confidante; in the White House, she was known as the one who "got" him and helped him engage his public life. Jarrett joined the White House team on January 20, 2009 and departed with the First Family on January 20, 2017, and she was in the room—in the Oval Office, on Air Force One, and everywhere else—when it all happened. No one has as intimate a view of the Obama Years, nor one that reaches back as many decades, as Jarrett shares in *Finding My Voice*. Born in Iran (where her father, a doctor, sought a better job than he could find in segregated America), Jarrett grew up in Chicago in the 60s as racial and gender barriers were being challenged. A single mother stagnating in corporate law, she found her voice in Harold Washington’s historic administration, where she began a remarkable journey, ultimately becoming one of the most visible and influential African-American women of the twenty-first century. From her work ensuring equality for women and girls, advancing civil rights, reforming our criminal justice system, and improving the lives of working families, to the real stories behind some of the most stirring moments of the Obama presidency, Jarrett shares her forthright, optimistic perspective on the importance of leadership and the responsibilities of citizenship in the twenty-first century, inspiring readers to lift their own voices.

Periodical Photographs Ballantine Books

A robust and timely investigation into the political and moral fault-lines that divide Brexit Britain and Trump’s America -- and how a new settlement may be achieved. Several decades of greater economic and cultural openness in the West have not benefited all our citizens. Among those who have been left behind, a populist politics of culture and identity has successfully challenged the traditional politics of Left and Right, creating a new division: between the mobile "achieved" identity of the people from Anywhere, and the marginalized, roots-based identity of the people from Somewhere. This schism accounts for the Brexit vote, the election of Donald Trump, the decline of the center-left, and the rise of populism across Europe. David Goodhart’s compelling investigation of the new global politics reveals how the Somewhere backlash is a democratic response to the dominance of Anywhere interests, in everything from mass higher education to mass immigration.

The Road New Riders

When readers first meet Ben, he is a sweet, intelligent, seemingly well-adjusted youngster. Fast forward to his teenage years, though, and Ben’s life has spun out of control. Ben is swept along by an illness over which he has no control—one that results in runaway episodes, periods of homelessness, seven psychotic breaks, seven hospitalizations, and finally a diagnosis and

treatment plan that begins to work. Schizophrenia strikes an estimated one in a hundred people worldwide by some estimates, and yet understanding of the illness is lacking. Through Ben's experiences, and those of his mother and sister, who supported Ben through every stage of his illness and treatment, readers gain a better understanding of schizophrenia, as well as mental illness in general, and the way it affects individuals and families. Here, Kaye encourages families to stay together and find strength while accepting the reality of a loved one's illness; she illustrates, through her experiences as Ben's mother, the delicate balance between letting go and staying involved. She honors the courage of anyone who suffers with mental illness and is trying to improve his life and participate in his own recovery. *Ben Behind His Voices* also reminds professionals in the psychiatric field that every patient who comes through their doors has a life, one that he has lost through no fault of his own. It shows what goes right when professionals treat the family as part of the recovery process and help them find support, education, and acceptance. And it reminds readers that those who suffer from mental illness, and their families, deserve respect, concern, and dignity.

Look Both Ways Rowman & Littlefield Publishers

Mike May spent his life crashing through. Blinded at age three, he defied expectations by breaking world records in downhill speed skiing, joining the CIA, and becoming a successful inventor, entrepreneur, and family man. He had never yearned for vision. Then, in 1999, a chance encounter brought startling news: a revolutionary stem cell transplant surgery could restore May's vision. It would allow him to drive, to read, to see his children's faces. But the procedure was filled with gambles, some of them deadly, others beyond May's wildest dreams. Beautifully written and thrillingly told, *Crashing Through* is a journey of suspense, daring, romance, and insight into the mysteries of vision and the brain. Robert Kurson gives us a fascinating account of one man's

choice to explore what it means to see—and to truly live. Praise for the National Bestseller *Crashing Through*: "An incredible human story [told] in gripping fashion . . . a great read." —Chicago Sun-Times "Inspiring." —USA Today "[An] astonishing story . . . memorably told . . . May is remarkable. . . Don't be surprised if your own vision mists over now and then." —Chicago Tribune "[A] moving account [of] an extraordinary character." —People "Terrific . . . [a] genuinely fascinating account of the nature of human vision." —The Washington Post "Kurson is a man with natural curiosity and one who can feel the excitement life has to offer. One of his great gifts is he makes you feel it, too." —The Kansas City Star "Propulsive . . . a gripping adventure story." —Entertainment Weekly NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE CHICAGO TRIBUNE

Hearing Visions, Seeing Voices New Riders

Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, *Within the Frame* helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

Sensing the Rhythm University of Chicago Press

NEW YORK TIMES BESTSELLER • Read with Jenna Book Club Pick as Featured on Today •

"Everything a romantic comedy should be: witty, relatable, and a little complicated."—People A heartfelt debut about the unlikely relationship between a young woman who's lost her husband and a major league pitcher who's lost his game. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR In a sleepy seaside town in Maine, recently widowed Eveleth "Evvie" Drake rarely leaves her large, painfully empty house nearly a year after her husband's death in a car crash. Everyone in town, even her best friend, Andy, thinks grief keeps her locked inside, and Evvie doesn't correct them. Meanwhile, in New York City, Dean Tenney, former Major League pitcher and Andy's childhood best friend, is wrestling with what miserable athletes living out their worst nightmares call the "yips": he can't throw straight anymore, and, even worse, he can't figure out why. As the media storm heats up, an invitation from Andy to stay in Maine seems like the perfect chance to hit the reset button on Dean's future. When he moves into an apartment at the back of Evvie's house, the two make a deal: Dean won't ask about Evvie's late husband, and Evvie won't ask about Dean's baseball career. Rules, though, have a funny way of being broken—and what starts as an unexpected friendship soon turns into something more. To move forward, Evvie and Dean will have to reckon with their pasts—the friendships they've damaged, the secrets they've kept—but in life, as in baseball, there's always a chance—up until the last out. A joyful, hilarious, and hope-filled debut, *Evvie Drake Starts Over* will have you cheering for the two most unlikely comebacks of the year—and will leave you wanting more from Linda Holmes. Praise for *Evvie Drake Starts Over* "A quirky, sweet, and splendid story of a woman coming into her own."—Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six* "Effortlessly enjoyable . . . [a] pitch-perfect . . . adult love story that is as romantic as it is real."—USA Today "Charming, hopeful, and gently romantic . . . Evvie Drake is great company."—Rainbow Rowell, #1 New York Times bestselling author of *Eleanor & Park*
