Project Starts Here You were created in  
Christ to create. You have a passion to  
write, publish, and market a book.  
Except— Here's the prob, Bob: You don't  
have an agent. You don't have bookish  
connections. You don't where to start!  
What you do have is: A whole lot of  
passion for the gospel. God-given gifts to  
ignite faith in others. Lots of questions  
looking for direction. Sound familiar?

Yup! Totally understand. I've been where  
you're at—either at the start of a  
creative journey or stuck in the middle.  
15 years later, I've made a living with  
my writing and can share what I've  
learned to help you faithfully use your  
creative gifts to ignite faith in your

starting from the right gospel-centered  
mindset to the how-tos on writing stories  
and resources, even how to publish your  
book and connect it to readers—it's all

here, in this roadmap to the modern publishing world. For over a decade, I have work in the Christian publishing market to create, dream, write, edit, and launch gospel-rooted projects — wielding the power of the pen for the sake of the cross. Along the way, not only have I collected insights, skills, and some inspiration to write, publish, and market books. I've also upped my own creative game to craft compelling stories and devotionals, discovered strategies for publishing and launching books, and worked hard to connect with readers from all walks of faith and life. I'm here to empower your God-given gifts and wield the power of the pen for the sake of the cross—offering my 15+ years of insights into crafting, cultivating, and connecting books to a wandering world.

Max Landis, acclaimed screenwriter of the hit film CHRONICLE, presents seven stories from the life of the man who will be the Man of Steel, seven pivotal moments that turned a sometimes good, sometimes angry, sometimes funny, always human, all-American alien into the world's first superhero. THIS IS NOT A SUPERMAN COMIC. This is the story of Clark Kent, a Kansas farm boy who happens to be from another planet. It's the story of a scared young kid with impossible powers, of a teenage delinquent with a lot to learn, of a reporter with a nose for the truth who's keeping the biggest secret the world has

ever known. This is not the Superman you know. Not yet. Illustrated by some of the greatest artists in comics today- including Jock (BATMAN: THE BLACK MIRROR), Francis Manapul (DETECTIVE COMICS), Jae Lee (BATMAN/SUPERMAN), Joëlle Jones (LADY KILLER), Nick Dragotta (EAST OF WEST) and more with covers by Ryan Sook (ACTION COMICS)- SUPERMAN: AMERICAN ALIEN tells the very human story of the Last Son of Krypton.

“These aren’t actors we’re looking for. It’s mug shots not auditions.” McNulty tried not to sound impatient. “It’s local extras. Head and shoulders to see what they look like. If you’re casting cowboys you don’t want to be hiring Indians.” The

producer wasn’t appeased. “The reservation’s just over the hill. Indians is what we’re gonna to get. And I don’t want to get scalped.” “Larry. As long as I’ve known you, you’re the one does the scalping.” Palm Springs, California Jim Grant enlists Vince McNulty’s help with a sting operation where wanted criminals are invited to audition as extras in a Titanic Productions movie. The plan is almost derailed when McNulty and Grant can’t resist protecting a hotel receptionist from an angry biker but the plan goes off without a hitch. Almost without a hitch. Mission successful. Except the Palm Springs sting is a dry run for the main person Grant wants to arrest; a crime lord movie buff in Loveland, Colorado. And the angry biker and the worst snow in decades mean

that this time there will be blood and death and a very big hitch.

This book bridges the existing gap between film sound and film music studies by bringing together scholars from both disciplines who challenge the constraints of their subject areas by thinking about integrated approaches to the soundtrack. As the boundaries between scoring and sound design in contemporary cinema have become increasingly blurred, both film music and film sound studies have responded by expanding their range of topics and the scope of their analysis beyond those traditionally addressed. The running theme of the book is the disintegration of boundaries, which permeates discussions about industry, labour, technology, aesthetics and audiovisual spectatorship. The collaborative nature

of screen media is addressed not only in scholarly chapters but also through interviews with key practitioners that include sound recordists, sound designers, composers, orchestrators and music supervisors who honed their skills on films, TV programmes, video games, commercials and music videos.

When Superman debuted seventy-five years ago, it was not merely the beginning for one character, but for an entire genre. The phrase "super hero" had yet to be coined when ACTION COMICS #1 hit newsstands in 1938, but once Superman entered the scene, effortlessly lifting a car above his head on that first iconic cover, the character paved the way for each of the hundreds (if not thousands) of super-powered

heroes written since. SUPERMAN: A CELEBRATION OF 75 YEARS gathers a range of stories featuring the first and greatest super hero, highlighting the many roles the Man of Steel has played over the decades.
