"Robert Armour's classic text, long cherished by a generation of readers, is now complemented with more than 50 new photographs by Egyptologist Edwin Brock and drawings by Elizabeth Rodenbeck that show the gods in their characteristic forms." "Armour maintains a strong narrative thread with illuminating commentary in his lively retelling of stories from Egyptian mythology, including those of the sun god Ra, the tragic tale of Isis and Osiris, the burlesque of Horus' battle with the evil Seth, and the "gods of the intellect" Thoth and Maat. Now with an updated bibliography and new appendices, this book is sure to inform and enchant a new generation of readers."--Jacket.

"[An] exquisitely crafted tale...Part epistolary romance, part mind-blowing science fiction adventure, this dazzling story unfolds bit by bit, revealing layers of meaning as it plays with cause and effect, wildly imaginative technologies, and increasingly intricate wordplay...This short novel warrants multiple readings to fully unlock its complexities." —Publishers Weekly (starred review) From award-winning authors Amal El-Mohtar and Max Gladstone comes an enthralling, romantic novel spanning time and space about two time-traveling rivals who fall in love and must change the past to ensure their future. Among the ashes of a dying world, an agent of the Commandment finds a letter. It reads: Burn before reading. Thus begins an unlikely correspondence between two rival agents hellbent on securing the best possible future for their warring factions. Now, what began as a taunt, a battlefield boast, becomes something more. Something epic. Something romantic. Something that could change the past and the future. Except the discovery of their bond would mean the death of each of them. There's still a war going on, after all. And someone has to win. That's how war works, right? Cowritten by two beloved and award-winning sci-fi writers, *This Is How You Lose the Time War* is an epic love story spanning time and space.

This is a dystopian social science fiction novel and morality tale. The novel is set in the year 1984, a fictional future in which most of the world has been destroyed by unending war, constant government monitoring, historical revisionism, and propaganda. The totalitarian superstate Oceania, ruled by the Party and known as *Airstrip One*, now includes Great Britain as a province. The Party uses the Thought Police to repress individuality and critical thought. Big Brother, the tyrannical ruler of Oceania, enjoys a strong personality cult that was created by the party's overzealous brainwashing methods. Winston Smith, the main character, is a hard-working and skilled member of the Ministry of Truth's Outer Party who secretly despises the Party and harbors rebellious fantasies. *Leviathan Wakes (10th Anniversary Edition)* Boom! - Shares 159 short exercises and practices to tap instantly into your subconscious mind and receive answers to your most important questions
- Explains how to dialogue with and understand the imagery and metaphors that arise during these practices
- Offers powerful practices to discover your areas of "stuckness" and quickly clear them, thus releasing past traumas and ancestral patterns and freeing the flow of the imagination for enhanced creativity and joy in life

In this step-by-step guide to kabbalistic practices to connect with your natural inner genius and liberate the light within you, Catherine Shainberg reveals how to tap instantly into the subconscious and receive answers to urgent questions. This method, called the Kabbalah of Light, originated with Rabbi Isaac the Blind of Posquieres (1160-1235) and has been passed down by an ancient kabbalistic family, the Sheshet of Gerona, in an unbroken transmission spanning more than 800 years. The modern lineage holder of the Kabbalah of Light, Shainberg shares 159 short experiential exercises and practices to help you begin dialoguing with your subconscious through images. The images that pop up during these practices are unexpected and revelatory, and she discusses how to open them to greater understanding. At first, they may show you aspects of yourself you don't like. But seeing them serves as both a diagnosis and a direct path to transformation. Fast and simple, the practices can help you discover your areas of "stuckness," release past traumas and ancestral patterns, free the imagination, and open the way to the bliss promised us in the Garden of Eden. Beginning this fertile dialogue with your inner world leads you to uncover your soul's purpose and manifest your dreams

in this world. Once your inner dream world and outer reality have merged, you will be able to see your superconscious--your soul's blueprint--and experience the ecstatic illumination of a heart-centered life.

"Planetside is a smart and fast-paced blend of mystery and boots-in-the-dirt military SF that reads like a high-speed collision between *Courage Under Fire* and *Heart of Darkness*." - Marko Kloos, bestselling author of the *Frontline* series A seasoned military officer uncovers a deadly conspiracy on a distant, war-torn planet... War heroes aren't usually called out of semi-retirement and sent to the far reaches of the galaxy for a routine investigation. So when Colonel Carl Butler answers the call from an old and powerful friend, he knows it's something big—and he's not being told the whole story. A high councilor's son has gone MIA out of Cappa Base, the space station orbiting a battle-ravaged planet. The young lieutenant had been wounded and evacuated—but there's no record of him having ever arrived at hospital command. The colonel quickly finds Cappa Base to be a labyrinth of dead ends and sabotage: the hospital commander stonewalls him, the Special Ops leader won't come off the planet, witnesses go missing, radar data disappears, and that's before he encounters the alien enemy. Butler has no choice but to drop down onto a hostile planet—because someone is using the war zone as a cover. The answers are there—Butler just has to make it back alive... "Not just for military SF fans—although military SF fans will love it—*Planetside* is an amazing debut novel, and I'm looking forward to what Mammy writes next." - Tanya Huff, author of the *Confederation* and *Peacekeeper* series

Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES An old enemy returns. In the thousand-sun network of humanity's expansion, new colony worlds are struggling to find their way. Every new planet lives on a knife edge between collapse and wonder, and the crew of the aging gunship *Rocinante* have their hands more than full keeping the fragile peace. In the vast space between Earth and Jupiter, the inner planets and belt have formed a tentative and uncertain alliance still haunted by a history of wars and prejudices. On the lost colony world of *Laconia*, a hidden enemy has a new vision for all of humanity and the power to enforce it. New technologies clash with old as the history of human conflict returns to its ancient patterns of war and subjugation. But human nature is not the only enemy, and the forces being unleashed have their own price. "The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God."-Ellen G White

When Katherine "Kit" FitzGilbert turned her back on London society more than a decade ago, she determined never to set foot in a ballroom again. But when business takes her to London and she's forced to run for her life, she stumbles upon not only a glamorous ballroom but also Graham, Lord

Wharton. What should have been a chance encounter becomes much more as Graham embarks on a search for his friend's missing sister and is convinced Kit knows more about the girl than she's telling. After meeting Graham, Kit finds herself wishing things could have been different for the first time in her life, but what she wants can't matter. Long ago, she dedicated herself to helping women escape the same scorn that drove her from London and raising the innocent children caught in the crossfire. And as much as she desperately wishes to tell Graham everything, revealing the truth isn't worth putting him and everyone she loves in danger.

The New York Times and USA Today bestselling series They dive so humanity survives ... More than two centuries after World War III poisoned the planet, the final bastion of humanity lives on massive airships circling the globe in search of a habitable area to call home. Aging and outdated, most of the ships plummeted back to earth long ago. The only thing keeping the two surviving lifeboats in the sky are Hell Divers--men and women who risk their lives by skydiving to the surface to scavenge for parts the ships desperately need. When one of the remaining airships is damaged in an electrical storm, a Hell Diver team is deployed to a hostile zone called Hades. But there's something down there far worse than the mutated creatures discovered on dives in the past--something that threatens the fragile future of humanity.

Humanity has colonized the solar system -- Mars, the Moon, the Asteroid Belt and beyond -- but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for -- and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations -- and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe.--

#1 NEW YORK TIMES BESTSELLER • From the bestselling author and master of narrative nonfiction comes the enthralling story of the sinking of the Lusitania “Both terrifying and enthralling.”—Entertainment Weekly “Thrilling, dramatic and powerful.”—NPR “Thoroughly engrossing.”—George R.R. Martin On May 1, 1915, with WWI entering its tenth month, a luxury ocean liner as richly appointed as an English country house sailed out of New York, bound for Liverpool, carrying a record number of children and infants. The passengers were surprisingly at ease, even though Germany had declared the seas around Britain to be a war zone. For months, German U-boats had brought terror to the North Atlantic. But the Lusitania was one of the era’s great transatlantic “Greyhounds”—the fastest liner then in service—and her captain, William Thomas Turner, placed tremendous faith in the gentlemanly strictures of warfare that for a century had kept civilian ships safe from attack. Germany, however, was determined to change the rules of the game, and Walther Schwieger, the captain of Unterseeboot-20, was happy to oblige. Meanwhile, an ultra-secret British intelligence unit tracked Schwieger’s U-boat, but told no one. As U-20 and the Lusitania made their way toward Liverpool, an array of forces both grand and achingly small—hubris, a chance fog, a closely guarded secret, and more—all converged to produce one of the great disasters of history. It is a story that many of us think we know but don’t, and Erik Larson tells it thrillingly, switching between hunter and hunted while painting a larger portrait of America at the height of the Progressive Era. Full of glamour and suspense, Dead Wake brings to life a cast of evocative characters, from famed Boston bookseller Charles Lauriat to pioneering female architect Theodate Pope to President Woodrow Wilson, a man lost to grief, dreading the widening war but also captivated by the prospect of new love. Gripping and important, Dead Wake captures the sheer drama and emotional power of a disaster whose intimate details and true meaning have long been obscured by history. Finalist for the Washington State Book Award • One of the Best Books of the Year: The Washington Post, St. Louis Post-Dispatch, Miami Herald, Library Journal, Kirkus Reviews, LibraryReads, Indigo

*Planetside* Canongate Books

La novela en que se basa la primera temporada de la serie de TV de Syfy The Expanse . Bienvenidos al futuro... La humanidad ha colonizado el Sistema Solar: Marte, la Luna, el cinturón de asteroides y

más allá, pero las estrellas aún están fuera de nuestro alcance. Jim Holden es segundo de a bordo de un transportador de hielo que realiza misiones entre los anillos de Saturno y las estaciones mineras del Cinturón. Cuando su tripulación y él se topan con la Scopuli, una nave abandonada, descubren un secreto que desearían no haber encontrado. Un secreto por el que alguien sería capaz de matar, matar a una escala que Jim y su tripulación no imaginan. La guerra en el Sistema Solar está a punto de comenzar, a menos que sean capaces de descubrir quién abandonó la nave y por qué. El inspector Miller busca a una chica. Una chica entre mil millones, pero los padres de ella son gente adinerada, y el dinero lo es todo. Cuando las pistas lo llevan a la Scopuli y a Holden, un simpatizante de los rebeldes, se da cuenta de que aquella chica quizá sea la clave de todo. Holden y Miller deben atar los cabos entre el gobierno de la Tierra, los revolucionarios de los planetas exteriores y corporaciones secretas, y lo tienen todo en su contra. Pero en el Cinturón hay otras

reglas, y una pequeña nave puede cambiar el destino del universo. Reseñas: «Hacía tiempo que no leía una space opera tan buena.» George R. R. Martin «El equivalente, en ciencia ficción, de Canción de hielo y fuego.» NPR Books «Magnífico. Una aventura a seguir.» Washington Post «Lo más parecido a una película taquillera de Hollywood en forma de libro.» io9.com «Un gran debut en la space opera, en la tradición de Peter F. Hamilton.» Charles Stross
