James Press
More than 400
distinguished scholars,
including archaeologists,

art historians, historians, epigraphers, and theologians, have written the 1,455 entries in this monumental encyclopedia--the first comprehensive reference work of its kind. From Aachen to Zurzach, Paul Corby Finney's three-volume masterwork draws on archaeological and epigraphic evidence to offer readers a basic orientation to early Christian architecture, sculpture, painting, mosaic, and portable artifacts created roughly between AD 200 and 600

in Africa, Asia, and Europe. Clear, comprehensive, and richly illustrated, this work will be an essential resource for all those interested in late antique and early Christian art, archaeology, and history. -- Provided by publisher.

Telephone Engineer & Management Boston, Mass. : G.K. Hall

Gold, a chemical element with the symbol Au, is a highly sought-after precious metal, having been used as money, in jewellery, in sculpture, and for ornamentation

since the beginning of recorded history. The metal occurs as nuggets or grains in rocks, in veins and in alluvial deposits. Gold mining consists of the processes and techniques employed in the removal of gold from the ground. There are several techniques by which gold may be extracted from the Earth. Since the 1880s, South Africa has been the source for a large proportion of the world's gold supply, with about 50% of all gold ever produced having come

from South Africa. Other major producers are the United States, Australia, China, Russia and Peru. The world's oceans also hold a vast amount of gold, but in very low concentrations. At current consumption rates, the supply of gold is believed to last 45 years. This book will present current research on gold mining including methodologies for discovering new deposits of gold as well as economic and environmental issues.

International Index to Film Periodicals India

Office Library and Records British Library
Includes selections from the records of the governments of India, Bengal, Bombay, Madras, Mysore, North Western Provinces, Oudh, Punjab, Sind, and Travancore.
