State of the Young Child in India Penguin

Once upon a time, I was a princess in a tower. One night, and my entire life went up in flames. All because of him. Jafar. As my world burned down around me, he offered me a choice. Walk away with nothing but my freedom... Or rise to his challenge and win my fortune back. I bargained. I lost. Now Jafar owns me, body and soul. Even as my mind rails against his rules, my body loves the punishments he deals out when I break them. But a gilded cage is still a prison, I'll do anything to obtain my freedom. Even betray the man I'm falling for. In DESPERATE MEASURES, you'll find: -> Enemies to lovers -> Captive Heroine -> Kinky Roleplay -> Daddy/baby girl -> Alpha hero

Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives-- such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women s

empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be solved with free condoms and Zoloft. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to

young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.

Save Lives, Save Limbs Taylor & Francis

Pulp Graffiti is a fresh and humorous combination of karma, the butterfly effect, and chaos theory that will compel you to ask, "Would the dancing virgin have jumped off the bridge if Roger hadn't farted." Better yet, what would have been the consequences of Cherry Sue Brown keeping her panties on instead of ending up wearing Cheryl Thompson's panties with the three-girl, four-boy, multipartner DNA collection on them? This comic tragedy of Cherry Sue's fall combines with the tragic comedy of Billy Gale's less-than-immaculate conception to explain why bad things happen to good people. Billy Gale just wants to know who his father is. His innocent search and consequential visit with Michael Bell, jolts this old flame of his late mother into a sudden midlife crisis that leads to a memory lane exposé of the "me" generation and an old-world quest for the missing "something more" Michael later wishes he had less of. Whimsical indictment of the human need for hedonistic pleasure at the expense of others, is the common thread in fifteen connected vignettes of Pulp Graffiti that examine the intertwined lives of a dozen abnormally socially maladjusted young people living in the last quarter of the twentieth century.
