Click On is a five-level course consisting of five modules each for learners of English from complete beginner to intermediate level. In full colour, the course combines active English language learning with a variety of lively topics presented in themed units. Its well-organised syllabus promotes the gradual development of all four language skills needed by learners to communicate effectively in English. The cross-cultural approach of the course stimulates learners' interest, focusing on topics carefully chosen to motivate. The Student's Book and the Workbook for each level are designed to be covered in approximately 70 to 80 hours of classroom work.

I'm not your average hero. I actually wasn't your average anything. Just a poor guy working an after-school job at a South Beach shoe repair shop to help his mom make ends meet. But a little magic changed it all. It all started with a curse. And a frog-napping. And one hot-looking princess, who asked me to lead a rescue mission. There wasn't a fairy godmother or any of that. And even though I fell in love along the way, what happened to me is unlike any fairy tale I've ever heard. Before I knew it, I was spying with a flock of enchanted swans, talking (yes, talking!) to a fox named Todd, and nearly trampled by giants in the Everglades. Don't believe me? I didn't believe it either. But you'll see. Because I knew it all was true, the second I got cloaked.

Prepare students for the IELTS exam as well as future academic study. With its focus on academic skills, this updated version of Focus on IELTS equips students for both the IELTS examination, and the tools that they need for academic life.

Nyangoma's Story Pushkin Press

InterSlavic zonal constructed language is an auxiliary language, which looks very similar to real spoken Slavic languages in Central and Eastern Europe and continues the tradition of the Old Church Slavonic language. InterSlavic shares grammar and common vocabulary with modern spoken Slavic languages in order to build a universal language tool that Slavic people can understand without any or with very minimal prior learning. It is an easily-learned language for those who want to use this language actively. InterSlavic enables passive (e.g. receptive) understanding of the real Slavic languages. Non-Slavic people can use InterSlavic as the door to the big Slavic world. Zonal constructed languages are constructed languages made to facilitate communication between speakers of a certain group of closely related languages. They belong to the international auxiliary languages, but unlike languages like Esperanto and Volapük they are not intended to serve for the whole world, but merely for a limited linguistic or geographic area where they take advantage of the fact that the people of this zone understand these languages without having to learn them in a difficult way. Zonal languages include the ancient Sanskrit, Old Church Slavonic, and Lingua Franca. Zonal design can be partially found also in modern languages such as contemporary Hebrew, Indonesian, and Swahili.

Planet Hueber Verlag

Find out why Chet Atkins had a Gretsch guitar named after him, why The Who's John Entwistle called his favourite guitar "Frankenstein", and how John Lennon elevated the Rickenbacker 325 to one of the most desirable guitar brands of the 1960's. 1001 Guitars to Dream of Playing Before Your Die showcases the greatest instruments from across the globe: some are of historical or cultural significance and some were made famous by well-known musicians; others are included as examples of technological breakthroughs, innovative design or extraordinary sound quality. From the earliest models produced by Belchior Dias in the sixteenth century to the latest Gibson "Robot" series of guitars with computer-controlled self-tuning capabilities and onboard sound-processing features, 1001 Guitars to Dream of Playing Before Your Die tells the fascinating stories behind the creation of each one. All the classic names are here - Fender, Roland, Martin, Gretsch and Rickenbacker - as well as important Japanese brands, such as Ibanez, Yamaha and Teisco; European classics of the 1960's including Burns, Hagstrom, Eko and Hofner; obscure models from behind the "Iron Curtain", such as Defil, Aelita, Resonet and Musima; and present-day oil-can guitars built in South Africa. Never before have so many guitars been profiled within a single illustrated volume. A striking colour photograph of each guitar is accompanied by specification details and illuminating text that traces the guitar's history and reveals which famous musicians like to play the instrument and on what albums it can be heard. Contents includes... Introduction Pre -1930s 1930 - 1949 1950s 1960s 1970s 1980s 1990s 2000s

2020 IBPA Awards Winner! "Louie Schwartzberg's lightly informative, delightfully kooky documentary, "Fantastic Fungi," offers nothing less than a model for planetary survival." -Jeannette Catsoulis, The New York Times "Gorgeous photography! Time-lapse sequences of mushrooms blossoming forth could pass for studies of exotic flowers growing on another planet." -Joe Morgenstern, The Wall Street Journal The Life-Affirming, Mind-Bending Companion Book to the Smash Hit Documentary FANTASTIC FUNGI Viewed in over 100 countries and selling hundreds of thousands of tickets on the way to finishing 2019 with a rare 100% Tomato meter rating on Rotten Tomatoes, Schwartzberg's documentary Fantastic Fungi has brought the mycological revolution to the world stage. This is the film's official companion book, that expands on the documentary's message: that mushrooms and fungi will change your life- and save the planet. Paul Stamets, the world's preeminent mushroom and fungi expert is joined by leading ecologists, doctors, and explorers such as Michael Pollan, Dr. Andrew Weil, Eugenia Bone, Fantastic Fungi director Louie Schwartzberg, and many more. Together these luminaries show how fungi and mushrooms can restore the planet's ecosystems, repair our physical health, and renew humanity's symbiotic relationship with nature. Join the Movement: Learn about the groundbreaking research that shows why mushrooms stand to provide a solution to environmental challenges, a viable alternative to traditional medicine, and a chance to radically shift consciousness. Most Comprehensive Fungi book in the world: Admire the astounding, underappreciated beauty with over 400 gloriously-shot photographs of the mycelial world's most rare and beautiful species in their natural environment. World's Leading Fungi Experts: Edited by preeminent mycologist Paul Stamets, who contributes original pieces, Fungi includes original contributions by bestselling author and activist Michael Pollan, alternative medicine expert Dr. Andrew Weil, award-winning nature and food writer Eugenia Bone, Fantastic Fungi director Louie Schwartzberg, and so many more. The book's roster of experts make this the

most comprehensive survey of the diverse benefits and extraordinary potential of these amazing organisms.

'Thought provoking and well-written... a good read for people who care about solving global problems. Damluji puts forth ideas that can help make global systems more successful' - Bill Gates An incisive, optimistic manifesto for a more inclusive globalism Today, globalism has a bad reputation. 'Citizens of the world' are depicted as recklessly uninterested in how international economic networks can affect local communities. Meanwhile, nationalists are often derided as racists and bigots. But what if the two were not so far apart? What could globalists learn from the powerful sense of belonging that nationalism has created? Faced with the injustices of the world's economic and political system, what should a responsible globalist do? British-Iraqi development expert Hassan Damluji proposes six principles - from changing how we think about mobility to shutting down tax havens - which can help build consensus for a stronger globalist identity. He demonstrates that globalism is not limited to 'Davos man' but is a truly mass phenomenon that is growing fastest in emerging countries. Rather than a 'nowhere' identity, it is a new group solidarity that sits alongside other allegiances. With a wealth of examples from the United States to India, China and the Middle East, The Responsible Globalist offers a boldly optimistic and pragmatic blueprint for building an inclusive, global nation. This will be a century-long project, where success is not guaranteed. But unless we can reimagine humanity as a single national community, Damluji warns, the gravest threats we face will not be defeated.

Fräulein Else Hachette UK

End of a Mission, written in 1968, finds Heinrich Boll trying to come to terms with his country's past in an investigation of an inexplicable crime and an even more absurd trial. Told to rack up mileage on a jeep to prepare it for inspection, a soldier drives it home--and burns it in the company of his father. Boll's account of the testimony and background of the witnesses, and their nonplussed response to the composure and satisfaction of the accused, illuminates the life of an insignificant town caught up in sudden, unreasonable importance.

Language Hacking German Hueber

"The Bible of Bibles" by means of Kersey Graves is a contentious painting that questions traditional spiritual ideas. Graves' book provides a critical have a look at of twenty-seven spiritual books that declare to be divine revelations. Graves' exam calls into doubt the legitimacy and reliability of those non secular scriptures, examining each their similarities and variances. The author investigates the ancient historical past of those works, seeking out cultural and societal forces that can have impacted their evolution. Graves encourages readers to assume severely approximately spiritual concepts, thinking the essence of god and the legitimacy of various religious claims. "The Bible of Bibles" is referred to for its skeptical stance and is seemed as a work that challenges traditional spiritual beliefs. Its aim is to urge readers to impeach and investigate the roots in their faith, fostering a severe and open-minded assessment of non-secular beliefs. While the book can be contentious and spark controversy, it remains a critical contribution to the problem of spiritual variety and the interpretation of divine revelation.

World English 1 BoD - Books on Demand

It was a place on Darkover where the Order of the Renunciates dwelled - women as Free Amazons, who had renounced all subservience to men. And who sought for total equality in all spheres of society. To Thendara House came the Terran Magda in exchange for the Free Amazon Jaella, who had become the wife of an Earthman and had entered the Terran enclave. The cross-currents of these two cultures - one male-dominated, one egalitarian, brings into focus all the deepest questions of love and marriage, of male and female, of justice and injustice. Thendara House is a novel of future speculation destined to be a classic

masterwork o the role of women in any world.

Complete IELTS combines the very best in contemporary classroom practice with stimulating topics aimed at young adults wanting to study at university. The Student's Book without answers contains 8 topic-based units with stimulating speaking activities, a language reference, grammar and vocabulary explanations and examples, to ensure that students gain skills practice for each of the four papers of the IELTS test. It also includes a complete IELTS practice test to allow students to familiarise themselves with the format of the exam. The CD-ROM

contains additional skills, grammar, vocabulary and listening exercises. Class Audio CDs, containing the recordings for the listening exercises, are available packaged separately or as part of the Student's Book Pack.

Planet OUP India

Der Fremd- und Zweitsprachenunterricht ist seit langem von einer eklektischen methodischen Vielfalt geprägt, deren theoretische Fundierung oft unklar oder gar zweifelhaft ist. Viele Verfahren sind vor allem durch wohlklingende Begriffe, Medieneuphorie und zyklische Scheininnovationen geprägt. In diesem Wirrwarr will der Band Orientierung bieten, die in theoretischen Konzepten

verankert ist, dabei aber gleichzeitig auf eine reflektierte Unterrichtspraxis abzielt. Die Kapitel dieses Bandes behandeln alle einschlägigen Themen des Sprachenlehrens, der modernen Didaktik und Methodik. Zwei Kapitel beschäftigen sich zudem vertieft mit zwei zentralen Themen der modernen Sprachdidaktik: der Erstellung von Lern- und Testaufgaben und der mündlichen und schriftlichen Fehlerkorrektur. In Verbindung mit den anderen Bänden dieser Reihe bilden die Kapitel dieses Bandes eine vollständige Grundlage für die systematische Planung und Durchführung von Sprachenunterricht in allen denkbaren Formaten.
