GIADA CASON

A History Of The Modern World Psychology Press
 The Jainism has divided the rotations of the wheel of time in two on the basis of their outcome. During the utsarpini period the Joys increase gradually and during avasarpini the woe multiply. Sixty-three men who influence the life on this planet are born during both utsarpini and avasarpini. They are called Tirthankars Chakravarties Vasudevas and Prativasudevas. In this saga the life and times of the distinguished sixteen that were born during the present avasarpini times is described vividly.
Medieval India: Delhi Sultanat, 1206-1526 S. Chand Publishing

The Art of Ancient India Cambridge University Press

From Plassey to Partition is an eminently readable account of the emergence of India as a nation. It covers about two hundred years of political and socio-economic turbulence. Of particular interest to the contemporary reader will be sections such as Early Nationalism: Discontent and Dissension, Many Voices of a Nation and Freedom with Partition. On the one hand, it converses with students of Indian history and on the other, it engages general and curious readers. Few books on this crucial period of history have captured the rhythms of India's polyphonic nationalism as *From Plassey to Partition*.

Krishna in History, Thought, and Culture Bloomsbury Publishing USA

The Indian religion of Jainism, whose central tenet involves non-violence to all creatures, is one of the world's oldest and least-understood faiths. Dundas looks at Jainism in its social and doctrinal context, explaining its history, sects, scriptures and

ritual, and describing how the Jains have, over 2500 years, defined themselves as a unique religious community. This revised and expanded edition takes account of new research into Jainism.

A History of the Modern World BRILL

These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

A History of the Modern World Primus Books

To scholars in the field, the need for an up-to-date overview of the art of South Asia has been apparent for decades. Although many regional and dynastic genres of Indic art are fairly well understood, the broad, overall representation of India's centuries of splendor has been lacking. The Art of Ancient India is the result of the author's aim to provide such a synthesis. Noted expert Sherman E. Lee has commented: -Not since Coomaraswamy's History of Indian and Indonesian Art (1927) has there been a survey of such completeness." Indeed, this work restudies and reevaluates every frontier of ancient Indic art _ from its prehistoric roots up to the period of Muslim rule, from the Himalayan north to the tropical south, and from the earliest extant writing through the most modern scholarship on the subject. This dynamic survey-generously complemented with 775

illustrations, including 48 in full color and numerous architectural ground plans, and detailed maps and fine drawings, and further enhanced by its guide to Sanskrit, copious notes, extensive bibliography, and glossary of South Asian art terms-is the most comprehensive and most fully illustrated study of South Asian art available. The works and monuments included in this volume have been selected not only for their artistic merit but also in order to both provide general coverage and include transitional works that furnish the key to an all encompassing view of the art. An outstanding portrayal of ancient India's highest intellectual and technical achievements, this volume is written for many audiences: scholars, for whom it provides an up-to-date background against which to examine their own areas of study; teachers and students of college level, for whom it supplies a complete summary of and a resource for their own deeper investigations into Indic art; and curious readers, for whom it gives a broad-based introduction to this fascinating area of world art.

Indian History Penguin UK

"This revised and expanded edition takes account of new research into Jainism as carried out over the last ten years."--BOOK JACKET.

History of Ancient India Motilal Banarsidass

This book covers the major topics of modern world history in a clear and concise style. After a general introduction, themes are developed in more detail, with headings, key words, and phrases underlined. With its easy to follow cross-referencing and helpful problem-solving approach, this text is the ideal introduction to higher level study of modern world history.

History of Jainism Blue Rose Publishers

It is one of the bestselling books on Modern Indian History covering the time line from 1707 to the modern times. The book covers the entire gamut in a very unique style- it mentions not only factual data about various topics but also provides information about different interpretations put forth by Western and Indian historians, with an integrated analysis. This makes the book equally useful for undergraduate students of History and aspirants appearing for various competitive examinations.

Jainism Motilal Banarsidass

The last ten years have seen interest in Jainism increasing, with this previously little-known Indian religion assuming a significant place in religious studies. *Studies in Jaina History and Culture* breaks new ground by investigating the doctrinal differences and debates amongst the Jains rather than presenting Jainism as a seamless whole whose doctrinal core has remained virtually unchanged throughout its long history. The focus of the book is the discourse concerning orthodoxy and heresy in the Jaina tradition, the question of omniscience and Jaina logic, role models for women and female identity, Jaina schools and sects, religious property, law and ethics. The internal diversity of the Jaina tradition and Jain techniques of living with diversity are explored from an interdisciplinary point of view by fifteen leading scholars in Jaina studies. The contributors focus on the principal social units of the tradition: the schools, movements, sects and orders, rather than Jain religious culture in abstract. Peter Flügel provides a representative snapshot of the current state of Jaina studies that will interest students and academics involved in the study of religion or South Asian cultures.

Advanced Study in the History of Medieval India Allied Publishers

This volume provides the first comprehensive chronology of the earliest known stone sculptures from the north Indian city of Mathura. It includes new evidence for the reattribution of objects, emergence of the anthropomorphic Buddha image, and predominance of a heterodox sect of Jainism.

Mastering Modern World History, 4th Ed. Atlantic Publishers & Dist

A History of the Modern World: An Outline is an introductory text that provides a well-rounded historical account of the processes

of the modern world, ranging from the French Revolution and Napoleon to the Cold War. The work assesses major moments and transitions in European and world history such as the Enlightenment, the Industrial Revolution, the American Civil War, and the World Wars of the twentieth century. One of the primary objectives of this book is to understand how revolutions, wars, dictatorships and empires have led to long-term experiments with nationalism, democracy, liberalism, human rights, socialism, sustainable development, and global peace. This book will be of use to school and university students, competitive examinees, and general readers who require a clear and concise delineation of modern world history.

Pratiyogita Darpan Bloomsbury Publishing USA

This book gives an authoritative, up-to-date, and compendious account of the history, institutions and culture of India from the earliest times to the advent of the Moslem period. It is based on all available materials--literary, epigraphic, and numismatic--and is written in a most elegant, sober, and lucid style. The author brings to bear upon his task not only profound scholarship and critical acumen but also a scrupulous regard for historical truth, accuracy of facts and impartiality of judgement. The merit of the book has been enhanced by an exhaustive Bibliography and a comprehensive Index. Students, scholars and the general reader alike will find the book highly interesting, useful and valuable for study and references.
