**New Cambridge  
Advanced English**

**Teacher's Book**

Cambridge University  
Press

Introduces readers to  
the rich diversity of  
human languages,  
familiarizing them with

the variety of languages around the world.

Functions of English

Cambridge University Press

Grounded in linguistic research and argumentation, THE ENGLISH LANGUAGE: FROM SOUND TO SE01 General/tradeE offers readers who have little or no analytic understanding of English a thorough treatment of the various components of the language. Its goal is to help readers become independent language analysts capable of critically evaluating claims about the language and the people who use it.

**Functions of English**

Cambridge University Press

Use of English is for intermediate and

upper-intermediate students of English who need further revision and practice of the major problem areas of English grammar. The emphasis is on grammar in action: the activities stimulate students into using the grammar they have learned for the purpose of communication.

**Easy Language - Plain Language - Easy Language Plus**

Cambridge University Press

New Cambridge Advanced English places a strong emphasis on vocabulary, collocation and idiom. It includes CAE exam-style exercises but is suitable both for exam and non-exam candidates. This is a third edition, differing from the second

edition by only one minor change in a reading passage. *Functions of American English* Cambridge University Press New International Business English is a flexible course at the upper-intermediate level for people who need or will soon need to use English in their day-to-day work. All four skills - listening, speaking, reading, writing - are developed through a wide range of tasks which closely reflect the world of work.

Languages of the World Cambridge University Press Let's Talk Second edition is a speaking and listening course that takes students from a high-beginning to a high-intermediate level. The Let's Talk 2, Second

Edition, Teacher's Manual has been enhanced and expanded to offer increased support and flexibility. Included are detailed teaching notes, clear learning objectives for every activity, teaching tips, expansion activities, and writing options. Provided as photocopyables in the back of the book are model conversations for discussion support, talking points for additional speaking practice, and a complete assessment program including quizzes and tests. The Audio CD packaged with the Teacher's Manual provides all the listening sections for the assessment program. *Functions of English* Cambridge University Press

Let's Talk 2, Second Edition, is for students at the intermediate level. Features of the Student's Book include more systematic presentation and recycling of structures and vocabulary, an increased focus on communication activities, and new Expansion review sections after every four units. The expanded self-study section now includes grammar, listening, and vocabulary practice, offering students additional opportunities to review and consolidate the material. The grammar paradigms and listening text are included on the Self-Study Audio CD packaged with the Student's Book.

*Self-study Audio CD*  
Tickling Keys, Inc.  
This popular exam coursebook has been updated in full colour for the 2002 exam specifications.  
**English collocations in use : advanced ; how words work together for fluent and natural English ; self-study and classroom use**  
Cambridge University Press  
This bestselling course is the ideal next step for students who have completed Working in English. Fifteen topic-based units cover a wide range of business situations and the course provides frequent opportunity for discussion and thorough vocabulary development. The Teacher's Book offers a complete introduction to the aims, design and

principles of the course, including step-by-step procedures for each section, suggested timings and photocopiable resource material. The Workbook contains a valuable grammar review. The Student's Book now comes with a free BEC Vantage Preparation CD-ROM that contains an introduction to the BEC Vantage exam and a full practice test including audio.

*Functions of American English* Routledge

Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language.

Functions of English  
Cambridge University Press

This book shows how accessible communication, and

especially easy-to-understand languages, should be designed in order to become instruments of inclusion. It examines two well-established easy-to-understand varieties: Easy Language and Plain Language, and shows that they have complementary profiles with respect to four central qualities: comprehensibility, perceptibility, acceptability and stigmatisation potential. The book introduces Easy and Plain Language and provides an outline of their linguistic, sociological and legal profiles: What is the current legal framework of Easy and Plain Language? What do the texts look like? Who are the users? Which other groups are

involved in the production and use of Easy and Plain Language offers? Which qualities are a hazard to acceptability and, thus, enhance their stigmatisation potential? The book also proposes another easy-to-understand variety: Easy Language Plus. This variety balances the four qualities and is modelled in the present book.

*New International Business English Updated Edition Student's Book with Bonus Extra BEC Vantage Preparation CD-ROM* Cambridge University Press  
Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural.

*Functions English Cassette* Routledge  
Never before have so many Americans been more frustrated with our economic system, more fearful that it is failing, or more open to fresh ideas about a new one. The seeds of a new movement demanding change are forming. But just what is this thing called a new economy, and how might it take shape in America? In *What Then Must We Do?* Gar Alperovitz speaks directly to the reader about where we find ourselves in history, why the time is right for a new-economy movement to coalesce, what it means to build a new system to replace the crumbling one, and how we might begin. He also suggests what the next system might look

like—and where we can see its outlines, like an image slowly emerging in the developing trays of a photographer's darkroom, already taking shape. He proposes a possible next system that is not corporate capitalism, not state socialism, but something else entirely—and something entirely American. Alperovitz calls for an evolution, not a revolution, out of the old system and into the new. That new system would democratize the ownership of wealth, strengthen communities in diverse ways, and be governed by policies and institutions sophisticated enough to manage a large-scale, powerful economy. For the

growing group of Americans pacing at the edge of confidence in the old system, or already among its detractors, *What Then Must We Do?* offers an elegant solution for moving from anger to strategy.

*Functions of English*  
Cambridge University Press

Familiar teacher-controlled exercises, as well as many specifically designed communication activities enable students to practice functional speech in realistically simulated situations.

### **Don't Fear the Spreadsheet**

AuthorHouse  
New International Business English is a flexible course at the upper-intermediate level for people who need or will soon need

to use English in their day-to-day work. All four skills - listening, speaking, reading, writing - are developed through a wide range of tasks which closely reflect the world of work. The Student's Book has been redesigned with many new illustrations and photos to make it more attractive and easier to use. The attached CD-ROM contains an introduction to the BEC Vantage examination and one complete Practice Test including audio.

*with Audio CD* Frank & Timme GmbH  
Designed for intermediate and advanced high school- and college-level non-native speakers of English who need to improve their ESL

(English as a Second Language) grammar skills. ESL Intermediate/Advanced Grammar provides students with simple explanations of grammar, skill-building exercises, detailed answer keys, and test-taking techniques. It's the perfect companion for classroom use or self-guided studies in ESL. DETAILS - Grammar-oriented exercises with simple explanations that allow students to master concepts through extensive practice - Test-taking techniques featuring strategies for success on ESL tests - Comprehensive Glossary - Superb preparation for students taking the TOEFL (Test of English as Foreign Language) Cambridge Advanced English Student`S Book

Research & Education Assoc. New Cambridge Advanced English is the revised and updated edition of the popular Cambridge Advanced English. The course has been completely redesigned in full colour and its stimulating reading and listening extracts have been supplemented with new authentic reading texts and interviews. Theme units, providing practice in spoken and written fluency, alternate with language units which develop accuracy in grammar, vocabulary, functions and pronunciation. In addition, New Cambridge Advanced English now contains exam-style exercises designed specifically to prepare candidates for

the Cambridge CAE exam. The approach to the exam is low-key, however, with guidance and notes on exam-style exercises given in the Teacher's Book only. When used in conjunction with CAE Practice Tests, New Cambridge Advanced English makes the ideal preparation for the exam, and is especially suitable for mixed classes of exam candidates and non-candidates.

### **English Grammar**

Cambridge University Press

New Interchange is a multi-level series for adult and young-adult learners of English from the beginning to the high-intermediate level. The Level 1 Student's Book builds on the foundations established in the Intro for accurate and fluent

communication, extending grammatical, lexical, and functional skills. Beautiful color photographs and illustrations facilitate the teaching of new vocabulary. The New Interchange series teaches students to use English for everyday situations and purposes related to school, work, social life, and leisure. As with the other levels of New Interchange, a complete set of ancillaries, including a video program, is available to make classes interesting and productive.

*Use of English*

*Student's Book*

Cambridge University Press

The Singers Drummer chronicles the music and times of Harold Jones, a world class

musician whose career spans the last five decades of jazz and big band swing music. This book highlights Jones career as he evolved into the drummer of choice for some of our most popular vocal legends. But it is about much more than that. It also gives us an entertaining insight into life on the road and is filled with Harold's insightful, sometimes humorous, anecdotes and musings about the famous sidemen, legendary jazz musicians and vocal headliners he has known; featuring more than 100 photos of his renowned friends. Read The Singers Drummer and learn why Paul Winter called Harold the Michael Jordan of young jazz drummers in Chicago.

Read why Harold became acknowledged as Count Basies favorite drummer. And why Tony Bennett says This book is a knockout! I am happy that someone is finally putting together a history of what really happens on the road!

### **The English**

**Language** Cambridge University Press  
Written in a question-and-answer format, this lowest-level beginner book covers the extreme basics of using spreadsheets in Excel. Instead of delving into advanced topics that scare most Excel novices away, the guide starts at a much more basic level, quickly providing a passable knowledge of

the program and allowing users to overcome their fears and frustrations. It answers hundreds of common questions, including Can I delete data from a spreadsheet without changing the formatting? How can I merge two cells, columns, or rows? How do I use text-wrapping? How do I create custom functions? and What is a Macro and how do I go about creating it? Intended for the roughly 40 percent Excel users who have never even entered a formula, this book will demystify the problems and confusion that prevent them from using the program to its potential.
