*The Beginning of Wisdom (second Edition)* Thomas Nelson Inc  
"The fear of the Lord is the beginning of wisdom." In the Wisdom literature of the Bible we first hear the cool voice of a teacher calling us to think--to think hard and humbly. "How long will fools hate knowledge?" cries Wisdom in the book of Proverbs. Then in Job comes the anguished voice of the questioner, earnest enough to seek answers, honest enough to doubt easy ones. In Ecclesiastes the chastened tone of the Preacher warns of the

vanity of all life under the sun. Sensitive to both literary form and theological content, Derek Kidner introduces Proverbs, Job and Ecclesiastes, explaining their basic character and internal structure. He also summarizes and evaluates the wealth of modern criticism focused on each book. Looking at all three books together, Kidner shows how their many voices compare, contrast and ultimately give a unified view of life. Kidner extends his analysis to include Ecclesiasticus and The Wisdom of Solomon from the Apocrypha, and he reprints excerpts from non-Israelite works that parallel the three major books treated.

**In Search of Wisdom** Crossway

This 10-week study of Job, Psalms, Proverbs, Ecclesiastes, and the Song of Solomon mines the Wisdom Literature not only for wise principles for living, but also for the wise person these books point to through their drama, poetry, proverb, and song. In her accessible and authentic style, Nancy Guthrie focuses on seeing Jesus in the Old Testament instead of emphasizing works-based moralism. She presents clear commentary and contemporary application of gospel truths, speaking directly to issues such as repentance, submission, happiness, and sexuality. Each weekly lesson includes questions for personal study, a contemporary teaching chapter that emphasizes how the passage fits into the bigger story of redemptive history, a brief section on how the passage uniquely points to what is yet to come at the consummation of Christ's kingdom, and a leader's guide for group discussion.

[The Beginning of Wisdom](#) Paul Dry Books

What kind of book is the Bible? Is it a rulebook or a guidebook for moral living? Is it a history book or a book filled with fascinating

(and sometimes fantastic) stories? Did humans write the Bible or did God somehow speak a perfect message that the authors transcribed? Many people have asked these questions about the nature of this beautiful, odd, comforting, disturbing book the church calls its "Holy Scripture." Charlotte Vaughan Coyle shares her own journey to make sense of the Bible in this read-through-the-Bible-in-a-year project. She discovered that the crucial work of asking hard questions and even arguing with the Bible revealed the Scriptures to be a symphony of polyphonic voices, a work of art that paints an alternative vision of reality, a complex novel-like story unavoidably embedded in its own culture and time, and yet able to give witness to the God beyond history who has acted (and continues to act) within history. With the heart of a pastor and the passion of a preacher, Rev. Coyle invites seekers and students (both church and un-church) to strap on their scuba gear and join her for a deeper dive beneath the surface of this immense, colorful, mysterious world of the Bible.
