 Donna Cunningham lays out a workable system for reading charts

in this latest of her twelve published volumes. It isn't a cookbook, but more of a driver's manual, as she offers her unique spin on the favorite question asked of conference speakers: - How do you interpret a chart? - The book offers fresh and often pungent insights into planetary types, missing or weak features, and other facets of the horoscope that shape our character and actions.  
 Index. Bibliography. Charts.

Your birth chart is a snapshot of the sky taken at the moment and place of your birth, one that reflects your character, personality, strengths, and challenges. But the moment after that picture was taken, the planets moved on--some quickly, some very slowly. Astrologers call the moving planets "transits," and by comparing their movements to your birth chart you can gain a complete view of how best to prepare for challenges, meet opportunities, and stay grounded in a constantly-changing world. In *Astrological Transits*, astrologer April Elliott Kent will guide you through the best ways to make the most of your birth chart. Learn how to make the most of good transits and harness and transform the energy of "bad" ones. You'll also understand planetary cycles and anticipate your own transits. Finally, you'll know how to read planetary return charts, work with planetary retrogrades, and use eclipses to recognize major patterns and turning points in your life. If you are comfortable reading a birth chart, you are ready to move your chart into the future using transits. Instructions, tables, and worksheets will make tracking your transit cycles simple and exciting!

**How to Read and Interpret a Birth Chart** Llewellyn Worldwide  
 Level up your stargazing skills and learn to interpret your own astrological birth chart with this fun, accessible guide to the twelve houses of the zodiac, perfect for armchair astrologers everywhere! So you know your sun sign, rising sign, and moon sign...but what about the rest of your birth chart? It's no longer enough to just to know you're a Scorpio or read your horoscope. After all, delving deeper into our natal charts and the nuances of the astrological world can offer us a rich, exciting tapestry of our innate preferences, relationships, choices, and destiny For those in the know, the zodiac calendar is divided into twelve houses, each ruled by a different sign (Aquarius, Scorpio, Gemini, etc.) and said to govern a particular set of traits. When we're born, where the planets were stationed relative to those houses inform our natural tendencies. Understanding each house can bring detailed insights about every aspect of your life: peoples' first impression of you, to your values, communication, pleasure, home and family, partnership, and beyond. In order to fully understand our place in the universe we need to understand the meaning of each planet, the house it's stationed in, and what that interaction means. Going house by house, practicing astrologer

and artist Rachel Stuart-Haas teaches you how to create and interpret your unique birth chart, making this often dense and complicated layer of astrology accessible for newcomers and astrology enthusiasts alike. With her expert guidance, you will gain insight into questions like: -Where will I feel at home? -What career paths fulfill me? -What do I need in a partner? -What makes me feel abundant? Perfect for anyone who has ever been curious about their place in the world, *The House Your Stars Built* is a must-have and beautiful resource for astrology lovers.

### **Astrology for Real Relationships** Trafford Publishing

It will awaken the beginner and inspire the expert. A joy to read."—Virginia Bell, astrology writer for *The Huffington Post*

### [Astrological Transits](#) Createspace Independent Publishing Platform

The interpretation of the natal charts (that is to say, of the drawing representing the celestial positions of our solar system at the moment of one's birth) is probably the milestone of all Astrological Knowledge. It is the point of confluence of the science in which - in a mass of fascinating synergies - disciplines such as astronomy, astrology, mythology, psychology, and a hundred other forms of Knowledge converge that together form what should be understood for Holistic Knowledge. The master of astrology, enriched by multi-decennial experiences, has the gift of synthesis, the ability of photographing in a moment all the Microcosm-Macrocosm that encloses past, present and future of every human being through the glyphs of planets, the Houses, and the angular aspects among the elements of the chart. This volume represents the University of Astrology. It is not coincidental that its Author, who is one of the most accomplished

astrologer of the world, sought to engage in the writing of this short treatise, about the same time of the turning point of his own professional jubilee (defined by the number of works that he has published so far). With the simplicity that distinguishes him, on this occasion too, Ciro Discepolo has been able to present to both neophytes and the more experienced readers the most difficult concepts in a direct, simple, immediately usable way, revealing previously unpublished details, new knowledge that he has meditated for long before writing about it, and even small secrets of what must necessarily be called the Interpretative Art of Astrology. As is his custom, the Author offers over fifty examples to support the explained theories. They consist mainly in the natal charts of celebrities, completely revised compared to past editions, or interpreted now for the first time for the delight of his students.

**Be Your Own Astrologer** Wade Coleman

Would you like to learn to accurately read your natal chart and get a better grasp of yourself and your purpose? *Learn How to Read Your Astrological Birth Chart* Simon and

Schuster

Most of the How to Books teach the elementary things. This Astrology book is thinking from top. But this is most practical professional worked out analysis of about 65 charts and wrote 10 articles. If you want to read theory, then this not the book, you perhaps need to spend 5 to 10 years to study the basics. Instead by reading the question answers you will have knowledge that the most professional astrologers will envy. It is not "Your Sun or Moon Sign" Book: Most of the Sun Sign and Moon Sign Books are general in nature. At the end of reading 500 page book you will be exhausted, still nothing learnt for sure to apply in your real life. Then where is the time to read moon sign/sunsign books of other signs, to capitalise on your elementary knowledge gained? This book is not related your moon or sun sign but you can understand how Astrologers analyse charts, and that interest will make you start on analysing others charts- that is why the author calls it applied call it applied astrology and practice. Paperback Add to Cart EBook Add to Cart for immediate download It is useful reference guide for Astrologers as well as people who want to understand Vedic Astrology from practical aspect It is a defence book : What about some self-proclaimed Vedic Astrologer bluffing you towards his personal agenda? Read this book and grasp the words used and you are a martial law expert in defending the astrological assault, because you know more words and meanings than him. This is a friendship book: How many people in their daily usage talk about moon signs, sun signs and relate their luck with that? What if you can relate their problems now from Vedic angle and point them to proper people? Will they be thankful to you, for you are caring about them and guiding them properly? This is an interesting book: From stupid individual life-questions to most intelligent general questions are answered.

**Astrology 101** Llewellyn Publications

**Essential Astrology** Llewellyn Worldwide

This 8x10 inch book is a great way to have a quick reference for your Astrology charts. The left side has an empty chart wheel and

aspectarian, the right side is lined for notes. Use it for your own natal chart and as well as your progressions and composites with others. Use it as a journal. You can put in the transits for the date and time you are writing. Even if what you write has nothing to do with Astrology, it might be helpful to go back and look at the transits and compare them with what was going in your life and what you felt drawn to write about. You can use it as a study guide. Maybe you found the chart of someone famous and want to make notes about it. It can be a great complement to an Astrology class you are taking, or notes from a book or website you are reading. You can use the chart wheel for any kind of chart and fill it in as much or as little as you want. Having the charts and notes bound together, rather than a bunch of loose pages that can be lost is so helpful. The index makes it easy to find your notes again. So many possibilities.

**Astrology for Yourself** tredition

In this book a clear and structured introduction about an astrological birth chart is given. But not only that! You read about the deeper interpretations of the Zodiac circle and planets, that influences us. In other words: You learn the basics how to read and interpret a birth chart.

**Birth Chart Interpretation Plain & Simple** Weiser Books

Master astrologer Laurie Farrington distills her decades of experience into a clear and concise system of preparing and interpreting natal charts, whether one's own, those of friends and family, or for clients as a professional astrologer. Each of us possesses an individual astrology chart, cast for the moment of our first breath. This natal chart is a complex document with a mind-boggling amount of information hidden within its patterns and symbols. Even for those with a firm knowledge of the language of astrology, the amount of information involved can be overwhelming. Understanding the basics of signs, planets, houses, and aspects is the first step for anyone interested in this topic. It must then be determined what is most important and how to merge the many astrological patterns into a coherent whole. Laurie Farrington provides a unique perspective, gathered over years of practical service. *How to Read and Interpret a Birth Chart* provides sixteen guideposts to work systematically with each and every chart you encounter. The guideposts are designed to deepen understanding and will help readers to grasp what is most important in the chart. The reader will be able to understand any birth chart with confidence. Topics include: Day Charts/Night Charts Hemisphere/Quadrant Balance The Moon—Mother and Inner Security Expression and Navigation of Personality Balance of Life Development—Planetary Rulership The guidance offered here is the result of Laurie's work as a consulting astrologer with thousands of clients around the world. Most currently available books on the topic of natal astrology focus on basic information about signs, planets, and houses. *How to Read and Interpret a Birth Chart* will bring the student to a deeper understanding of the topic. This is the book needed by readers who have mastered the basics and are ready for more.

**The Reading of the Natal Chart** Ten Speed Press

Concise, beginner-friendly, and with nothing left undone, this practical book teaches you how to interpret a birth chart with ease. You might be intimidated by the complexity of your chart, but this book makes it simple--all you need is your date, time, and location of birth. Using a method she has perfected over forty years of teaching and counseling, Andrea Taylor guides you through the houses, planets, aspects, angles, nodes, and more. Your birth chart is who you are; no one else has the same one. This modern book shows how the elements of your chart work together to create the unique individual you are. Discover your cardinal, fixed, and mutable signs. Explore the elements, planet conjunctions, and the quadrants. All this and more is waiting inside this guide--and with no math required.

**How to Be an Astrologer** Llewellyn Espanol

Do you believe that the planets and their interplay with our Earth influence our lives, whether past, present, or future? Do you believe that the positioning of the planets at the time of your birth actually determines the life you have led so far and the life you will have in the future? Do you wish there was a way to actually know how the positioning of the planets influences you and your life, and how you could use that knowledge to your advantage? If yes, then look no further because the answer lies in astrology. Astrology is the study of the patterns and relationships of the planets in motion and the earth. Astrologers believe it to be a science, although it falls more under the category of metaphysics, that is, it studies something which lies beyond the physical. In this book, you will be able to learn what astrology is all about as well as about the different parts of your astrological horoscope or birth chart.
