AUGUST BRAYLON

New French With Ease Alfred Music

This second edition of *Finnish: An Essential Grammar* has undergone profound revisions. The chapter on basic sentence structure has been rewritten and syntax has been given more space. Sections have been added on phrase types, simple clause types, and types of complex sentences. A section on discourse particles has been added. The vocabulary of the copious example sentences has been updated to give it a touch of the twenty-first century. The section on modern colloquial Finnish has been considerably expanded. Internet addresses helpful for any learner of Finnish are provided which make it possible to automatically analyse the grammatical structure of any Finnish words and sentences. It gives not only a systematic account of the structures of the written language, but also features the characteristics of colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features include: pronunciation guide, including the tendencies in present-day colloquial Finnish thorough descriptions of morphology (word structure) and syntax (sentence structure) clear rules and an abundance of concrete examples inflection tables subject index internet addresses to online software for grammatical analysis of Finnish. This is the ideal reference source both for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types.

Finnish: An Essential Grammar

The fascinating story of a hugely popular instrument, detailing its rich and varied history from the Middle Ages to the present The recorder is perhaps best known today for its educational role. Although it is frequently regarded as a stepping-stone on the path toward higher musical pursuits, this role is just one recent facet of the recorder's fascinating history--which spans professional and amateur music-making since the Middle Ages. In this new addition to the Yale Musical Instrument Series, David Lasocki and Robert Ehrlich trace the evolution of the recorder. Emerging from a variety of flutes played by fourteenth-century soldiers, shepherds, and watchmen, the recorder swiftly became an artistic instrument for courtly and city minstrels. Featured in music by the greatest Baroque composers, including Bach and Handel, in the twentieth century it played a vital role in the Early Music Revival and achieved international popularity and notoriety in mass education. Overall, Lasocki and Ehrlich make a case for the recorder being surprisingly present, and significant, throughout Western music history.
