This book
draws
together the
insights of

eminent
academics
and specialists
to present an
overview of
past and
present
approaches to

transnational policing throughout the Anglophone world. It aims to revitalize the study of transnational policing by showing that past and present developments in this field remain poorly understood, while also suggesting future avenues of research. Containing chapters on police history, police accountability, gendered hate crime in an increasingly online world, counter-

radicalisation strategies being pursued around the world, internet-facilitated sex trafficking and changes in organised crime, amongst others, the authors adopt revisionist, orthodox and progressive views in order to challenge our understanding and appreciation of developments in transnational policing. All of the chapters in the book use policing models

employed within the UK as either their focal point or as a point of comparison so that direct comparisons and contrasts can be examined. The Development of Transnational Policing illustrates distinctive and separate aspects of what remains an undoubtedly complex and dynamic field, but also forms an overview of developments and the dearth of academic research

which surround them, in order hopefully to inspire researchers, policymakers and practitioners alike.

Embers of War De Boeck Despite the enormous literature on the crusades, the Frankish states in the Aegean (set up in the wake of the Fourth Crusade in 1204) have been seriously neglected by modern historians. Yet their history is both compelling in itself - these were the last

crusader states to be set up in the eastern Mediterranean and among the last to fall to the Turks - and also valuable for the case study they offer in medieval colonialism. Peter Lock surveys the social, economic, religious and cultural aspects of the region within a broad political framework, and explores the clash of cultures between the Frankish interlopers and their

Byzantine subjects. This is a major addition to crusading studies. *The National Daily Press of France* Editions de l'Atelier "This study examines the career and writings of Humbert of Romans, the fifth master general of the Friars Preachers (Dominicans) and superior of Albertus Magnus and Thomas Aquinas."-- Back cover Post-Truth Taylor & Francis Readers will

learn about the exciting and beautiful country of Haiti in this book. Everything from government, culture, geography, and trade is covered in these beautiful books. With a detailed table of contents and useful maps, Cultures of the World: Haiti is a wonderful look at a country different from our own. All books of the critically-acclaimed Cultures of the World® series

ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives, and interactive activities such as creating an authentic traditional dish from an easy-to-follow recipe. Copious maps and detailed timelines present the past and present of the country, while exploration of the art and architecture help your readers to understand

why diversity is the spice of Life. *International Bibliography of Business History* BRILL The Encyclopedia of Christian Theology, translated from the French Dictionnaire Critique de Théologie 2nd Edition, features over 530 entries, contributed by 250 scholars from fifteen different countries. Alphabetically arranged entries provide the reader a critical overview of

the main theological questions and related topics, including concepts, events, councils, theologians, philosophers, movements, and more. Hailed as a "masterpiece of scholarship," this reference work will be of great interest and use for scholars, students of religion and theology as well as general readers. *Humbert of Romans* Routledge En tant qu'héritière de

la branche information de l'agence Havas, créée par Charles-Louis Havas en 1832, l'AFP est la doyenne des agences de presse. Pourtant son travail est méconnu du grand public alors que ses informations sont présentes dans les journaux, les sites web d'actualités, les télévisions et les radios du monde entier. Société sans capital, soumise à des logiques politiques, journalistiques et commerciales

particulières, l'AFP a su préserver son indépendance éditoriale à l'égard des pouvoirs politiques et économiques ainsi que son réseau mondial en restant fidèle à ses principes fondamentaux : fournir une information fiable, vérifiée et immédiate. Son nom est devenu un label, synonyme d'une information de qualité au temps des réseaux sociaux et des infox. *Crusaders*,

<p><i>Cathars and the Holy Places</i> Routledge Qu'on les nomme correspondant s étrangers, correspondant s de guerre, envoyés spéciaux ou grands reporters, ce livre donne la parole à trois générations de journalistes qui ont couvert l'étranger pour le compte de l'Agence France-Presse. Le modèle journalistique de l'AFP étant une référence dans le métier, la production de</p>	<p>ses journalistes – notamment à l'étranger où l'AFP dispose d'un large réseau de couverture – mérite une attention toute particulière, d'autant que l'agence reste aujourd'hui encore l'un des principaux pourvoyeurs d'information pour de nombreux médias. Guerre du Vietnam, guerre d'Algérie, coups d'états en Amérique latine, chute du mur de Berlin, attaque du World</p>	<p>Trade Center, conflit israélo palestinien, ... Ces journalistes ont vécu et raconté sans relâche les grands événements des XXe et XXIe siècles sous le couvert de l'anonymat, l'une des règles de l'AFP. À travers leurs témoignages, l'ouvrage propose une analyse du processus global de transformation du journalisme et de la nature de ces évolutions de 1945 à nos jours en se</p>

its rulers acquired the Byzantine titles of Despot, from which the term Despotate was coined to describe their territory. They preserved their autonomy partly by seeking support from their foreign neighbours in Italy. The fortunes of Epiros were thus affected by the expansionist plans of the Angevin kings of Naples and the commercial interests of Venice. Until

1318 it was governed by direct descendants of its Byzantine founder. Thereafter it was taken over first by the Italian family of Orsini, then conquered by the Serbians, infiltrated by the Albanians, and appropriated by an Italian adventurer, Carlo Tocco. Like the rest of Byzantium and eastern Europe it was ultimately absorbed into the Ottoman Empire in the fifteenth century. The

Despotate of Epiros illuminates part of Byzantine history and of the history of Greece in the Middle Ages. **A F P, une histoire de l'Agence France- Presse, 1944- 1990** Larousse International diplomacy and a changing global economy did not bring about the fall of the Iron Curtain. Radio did, and it was mightier than the sword. Based on first-hand interviews and documents

from the Central Committee of the Soviet Communist Party, Michael Nelson shows that Western radio—principally, the British Broadcasting Corporation, Radio Free Europe, Radio Liberty, and the Voice of America—were unrivaled forces in the fight against communism and the fall of the Iron Curtain. The Communists did everything in their power to prevent the infiltration of Western thought into

their world, resorting to jamming radio signals, assassinating staff, and bombing stations. The Russians, for example, decided to stop the mass production of short-wave radios so that their citizens could not hear Western broadcasts. War of the Black Heavens reveals that, due to administrative incompetence, short-wave radio production continued, making worthless many of the

billions of dollars spent on jamming. These radio programs introduced a forbidden, exciting culture to millions of eager listeners. Pop music, talk shows, news, and information about consumer goods all relayed a message of the good life, subtly undermining the values of the communist regimes. Western radio actively connected listeners with

the cultures of Europe and North America. War of the Black Heavens describes an unheralded story of success and adds a new interpretation that helps us understand some of the most momentous political events of this century. *Haiti* Summa Publications, Inc. De la description de la situation de la France et de l'Europe à la fin de la guerre, au récit de l'affrontement

des différentes forces populaires et politiques de l'époque, en passant par l'évolution des troupes alliées sur tout le territoire, aucune étape n'échappe ici aux deux auteurs. Le monde en direct PIMS Is it true that de Gaulle kept journalists at a distance because he disliked the press? Or was the press really against him, as always claimed? How did he exploit his own charisma on

radio and television? This book explores the relationship between de Gaulle and the media during his presidency. The author examines de Gaulle's communications strategy and broadcasting policy, comparing his approach to public communications with that of past French leaders and contemporary American presidents. **Emile and Isaac Pereire** Cambridge University

Written by one
of the
foremost
contemporary
authorities on
Saint Dominic,
this book
represents the
latest, best,
most concise
and readable
spiritual
biography of
Saint Dominic.
The focus of
the biography
is the way in
which Saint
Dominic
embodied the
role of Christ
as preacher
and the
results that
came from
this grace.
From his
earliest youth,
Sacred
Scripture was
the very heart

and
foundation of
Dominic's
spiritual life.
He never
ceased to
plunge into
the Word of
God, to study
it, to pray it.
Bedouelle
thus
documents
how Saint
Dominic's
whole life and
mission was
one
continuous
proclamation
of the power
of the Gospel
to transform
individual
lives and
society.
""Written in

sensational
figures, their
lives and

careers a lens through which to re-examine the history of France in the nineteenth century. Among the first generation of Jews emancipated by the French Revolution, they became significant Saint-Simonians, contributing to its philosophy of financial and economic reform. They were the first to implement the new rail technology in France and to launch the first investment bank of any

size in Europe, the Crédit Mobilier. The Pereires ultimately came to stand behind banks and railways throughout Europe and in the Ottoman Empire. They were thus major players in France's and Europe's industrialisation and the modernisation of its banking system. This book is equally a social and cultural history of the Jews in France, addressing the means through which the Pereires

managed their business empire and the contribution of family life to its success. It is their first full-scale biography in English. [AFP Springer](#) Tackles key issues eg audiovisual expansion, covers press, radio, TV and 'new media'. Author specialist in field. [International News Agencies](#) Routledge Covers the depth and breadth of research in business history.

<p><i>War of the Black Heavens</i> Editions L'Harmattan La 4e de couverture indique : "Traiter de "Michel Debré et l'Algérie" relève-t-il de la gageur ? La guerre d'Algérie reste un sujet passionnel et les prises de position de Michel Debré ont suscité de vifs débats et des discussions contradictoires. A la lecture d'analyses universitaires, de témoignages de proches, peut-on se faire une idée</p>	<p>homogène de cette personnalité face à un tel problème ? Pour beaucoup l'attitude de Michel Debré face à la guerre d'Algérie représente une énigme. Lorsqu'il devient Premier ministre du général de Gaulle, Michel Debré lutte pour faire triompher ses idées sur le plan économique, social et diplomatique, autant sur la scène métropolitaine qu'algérienne</p>	<p>et internationale. Pourtant, il va s'incliner devant la détermination du chef de l'Etat à en finir avec "cette épine dans le pied de la France". Quand se rend-il compte que ses idées ne concordent pas avec celles du général de Gaulle ? Est-il resté fidèle à ses conceptions, tout en cédant aux idées du Général pour "servir une politique dont l'objectif est d'assurer d'abord la sauvegarde</p>
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

de la France, ensuite la reprise de son rang en Europe et dans le monde"? Tel qu'il ressort des analyses des universitaires et des témoignages des participants au colloque très ouvert sur "Michel Debré et l'Algérie" (un ancien Premier ministre algérien, exporte parole du FLN, y participait),

Michel Debré est soumis à une triple tension : entre le Verbe et l'Action : entre le temps et les doutes ; enfin entre la fidélité à ses idées et celle qu'il témoigne à de Gaulle. A travers le cas exemplaire de Michel Debré, c'est toute l'histoire tragique de la guerre d'Algérie qui ressurgit." Préabrevet - Le Cahier Tout-en-un du
