---

*Encyclopedia of Television Shows, 1925 Through 2007: A-E*  
 Chelsea House Publications  
 "This work represents decades of research and television's entire history. While documentation regarding cast and personnel is now often found online, descriptions of the shows from authoritative sources are still not widely available. Terrace fills that gap with this work, which covers more than 9,350 shows and constitutes the most comprehensive documentation of TV series ever published"--Provided by publisher.  
[Who's who in Animated Cartoons](#) MCFarland  
 Looks at the lives and careers of more than three hundred animators.  
[The Encyclopedia of TV Game Shows](#) Hal Leonard Corporation  
 This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also

covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

[Television Cartoon Shows](#) Da Capo Press, Incorporated

Did you know that O'Malley, the alley cat from *The Aristocats*, is actually named Abraham DeLacey Giuseppe Casey Thomas O'Malley? Or did you realize that Mickey Mouse has had many different careers, including firefighter, astronaut, detective, and truck driver? You will discover this and more in the brand-new, updated paperback edition of *Disney Junior Encyclopedia of Animated Characters!* Go from Abu to Zazu . . . with stops at Lightning McQueen, Tinker Bell, and Wall-e along the way. Get fun facts, tricky trivia, and cool quotes from the animated stars you've come to know and love. Find out when they made their debut, what films they have appeared in, what are their most famous character traits, and much, much more!

**Un-Dead TV** Archie Comic Publications

Since the early 20th century, animated Christmas cartoons have brightened the holiday season around the world--first in theaters, then on television. From devotional portrayals of the Nativity to

Santa battling villains and monsters, this encyclopedia catalogs more than 1,800 international Christmas-themed cartoons and others with year-end themes of Hanukkah, Kwanzaa and the New Year. Explore beloved television specials such as A Charlie Brown Christmas, theatrical shorts such as Santa's Workshop, holiday episodes from animated television series like American Dad! and The Simpsons, feature films like The Nutcracker Prince and obscure productions such as The Insects' Christmas, along with numerous adaptations and parodies of such classics as A Christmas Carol and Twas the Night before Christmas.

#### **A Celebration of Animation** Simon and Schuster

The ultimate cartoon fan reference updated and expanded! Praise for the previous editions: "...wonderful..." BookPage "...rich and comprehensive...Recommended enthusiastically..." Choice From the silent shorts of the 1920s and '30s to the classic Disney features of the '40s, and from the Saturday morning television shows of the '70s and '80s to the computer-generated blockbusters of today, animation remains widely popular with viewers of all ages. With the current surge of interest in anime, the continued success of the Cartoon Network™, and the steady flow of animated movies, animation plays an important role in today's pop culture. The Encyclopedia of Animated Cartoons, Third Edition, now thoroughly revised and updated, remains the definitive source on this entertaining subject. This new edition of the "ultimate cartoon fan bible" adds copious amounts of new material, bringing the book up to date and broadening the scope of its coverage. Arranged in an A-to-Z format and separated into five major sections Silent Cartoon Series, Theatrical Sound Cartoon Series, Full-Length Animated Features, Television Cartoon Series, and Animated Television Specials this comprehensive encyclopedia includes an extensive historical overview of animation, complete information about Academy and Emmy award winners, and a chronology of animation milestones. Coverage of increasingly popular anime has been added and expanded. Entries include: Cinderella Cowboy Bebop Dora the Explorer Family Guy Finding Nemo The Flintstones King of the Hill Pokémon Scooby-Doo, Where Are You! The Simpsons South Park SpongeBob SquarePants Toy Story The Wild Thornberrys and more.

#### Hanna-Barbera McFarland

The Encyclopedia of Television, second edition is the first major reference work to provide description, history, analysis, and information on more than 1100 subjects related to television in its international context. For a full list of entries, contributors, and more, visit the Encyclopedia of Television, 2nd edition website.

#### The Encyclopedia of Animated Cartoons McFarland

Once consigned almost exclusively to Saturday morning fare for young viewers, television animation has evolved over the last several decades as a programming form to be reckoned with. While many animated shows continue to entertain tots, the form also reaches a much wider audience, engaging viewers of all ages. Whether aimed at toddlers, teens, or adults, animated shows reflect an evolving expression of sophisticated wit, adult humor, and a variety of artistic techniques and styles. The Encyclopedia of American Animated Television Series encompasses animated programs broadcast in the United States and Canada since 1948. From early cartoon series like Crusader Rabbit, Rocky and His Friends, and The Flintstones to 21st century stalwarts like The Simpsons, South Park, and Spongebob Squarepants, the wide range of shows can be found in this volume. Series from many networks—such as Comedy Central, the Disney Channel, Nickelodeon, and Cartoon Network— are included, representing both the diversity of programming and the broad spectrum of viewership. Each entry includes a list of cast and characters, credit information, a brief synopsis of the series,

and a critical analysis. Additional details include network information and broadcast history. The volume also features one hundred images and an introduction containing an historical overview of animated programming since the inception of television. Highlighting an extensive array of shows from Animaniacs and Archer to The X-Men and Yogi Bear, The Encyclopedia of American Animated Television Series is an essential resource for anyone interested in the history and evolution of this constantly expanding art form.

#### **Sid and Marty Krofft** By Light Unseen Media

Vampires are ubiquitous in our popular culture--from movies to television, in fiction and art, and even within the hallowed halls of academia. But in the not-so-distant past, these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897, Bram Stoker introduced Dracula to the Western world--and our concept of vampires was changed forever. For over sixty years, the undead have bled the television airwaves, appearing in every type of programming imaginable. Un-Dead TV catalogues over one thousand unique vampire appearances—and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.

#### *Aeon Flux* McFarland

"This work represents decades of research and television's entire history. While documentation regarding cast and personnel is now often found online, descriptions of the shows from authoritative sources are still not widely available. Terrace fills that gap with this work, which covers more than 9,350 shows and constitutes the most comprehensive documentation of TV series ever published"--Provided by publisher.

#### Television Cartoon Shows Routledge

Focusing on new reference sources published since 2008 and reference titles that have retained their relevance, this new edition brings O'Gorman's complete and authoritative guide to the best reference sources for small and medium-sized academic and public libraries fully up to date. About 40 percent of the content is new to this edition. Containing sources selected and annotated by a team of public and academic librarians, the works included have been chosen for value and expertise in specific subject areas. Equally useful for both library patrons and staff, this resource Covers more than a dozen key subject areas, including General Reference; Philosophy, Religion, and Ethics; Psychology and Psychiatry; Social Sciences and Sociology; Business and Careers; Political Science and Law; Education; Words and Languages; Science and Technology; History; and Performing Arts Encompasses database products, CD-ROMs, websites, and other electronic resources in addition to print materials Includes thorough annotations for each source, with information on author/editor, publisher, cost, format, Dewey and LC classification numbers, and more Library patrons will find this an invaluable resource for current everyday topics. Librarians will appreciate it as both a reference and collection development tool, knowing it's backed by ALA's long tradition of excellence in reference selection.

#### **The Encyclopedia of Animated Cartoon Series** McFarland

La 4e de couv. indique : "This is the most comprehensive book on the animated cartoons ever produced, with inside stuff on every series made between the years 1909 and 1981. Betty Boop, Mickey Mouse, Bugs Bunny, Popeye, Rocky & His Friends, Huckleberry Hound, Top Cat, Spider Man, The Flintstones - they're all here along with information on their creators, directors, producing studios, episode titles, voices, running times, dates of release, and little-known items about the origin of each series. Jeff Lenburg provides plot summaries, character descriptions, easy reference guides, and more than 160 cartoon illustrations. For cartoonatics, film societies, or anyone who half-

remembers Saturday morning TV episodes of the Roadrunner, here is a rare and entertaining treat."

Television Cartoon Shows: The shows, M-Z McFarland

"This reference to TV cartoon shows covers some 75 years. In the ten-year period from 1993 through 2003, nearly 450 new cartoon series have premiered in the U.S" -- Provided by publisher.

*Encyclopedia of Television* Rowman & Littlefield

From Ariel to Zazu, this jacketed hardcover guide features fun facts, tricky trivia, and cool quotes about over 150 Disney heroes (and villains!). Readers will also learn about the stars of the latest Disney and Disney\*Pixar films, like Frozen II, Moana, Onward, and more! Plus there are sections on each page for character autographs and the book jacket reverses to reveal a poster!

The Encyclopedia of Superheroes on Film and Television, 2d ed.

Stone Bridge Press, Inc.

Animation has been part of television since the start of the medium but it has rarely received unbiased recognition from media scholars. More often, it has been ridiculed for supposedly poor technical quality, accused of trafficking in violence aimed at children, and neglected for indulging in vulgar behavior. These accusations are often made categorically, out of prejudice or ignorance, with little attempt to understand the importance of each program on its own terms. This book takes a serious look at the whole genre of television animation, from the early themes and practices through the evolution of the art to the present day. Examining the productions of individual studios and producers, the author establishes a means of understanding their work in new ways, at the same time discussing the ways in which the genre has often been unfairly marginalized by critics, and how, especially in recent years, producers have both challenged and embraced this "marginality" as a vital part of their work. By taking seriously something often thought to be frivolous, the book provides a framework for understanding the persistent presence of television animation in the American media--and how surprisingly influential it has been.

*The Complete Directory to Prime Time Network and Cable TV Shows, 1946-Present* Rowman & Littlefield

"This work represents decades of research and television's entire history. While documentation regarding cast and personnel is now often found online, descriptions of the shows from authoritative sources are still not widely available. Terrace fills that gap with this work, which covers more than 9,350 shows and constitutes the most comprehensive documentation of TV series ever published"--Provided by publisher.
