 Spontaneous speech errors provide valuable evidence not only for the processes that mediate between a communicative

intention and the articulation of an utterance but also for the types of grammatical entities that are manipulated during production. This study proposes an analysis of speech errors that is informed by grammar theory. In particular, it is shown how characteristic properties of erroneous German utterances can be accounted for within Distributed Morphology (DM). The investigation focuses on two groups of errors: Errors that result from the manipulation of semantic and morphosyntactic features, and errors which appear to involve the application of a post-error repair strategy. It is argued that a production model which incorporates DM allows for a straightforward account of the attested, sometimes complex, error patterns. DM mechanisms, for instance, render unnecessary the assumption of repair processes. Besides providing an account for the attested error patterns, the theory also helps us in explaining why certain errors do not occur. In this sense, DM makes for a psychologically real model of grammar.

Robert Coover's detective novelette, STREET COP, is set in a

dystopian world of infectious 'living dead,' murderous robo-cops, aging street walkers, and walking streets. With drawings by Art Spiegelman, this short tale scrutinizes the arc of the American myth, exploring the working of memory in a digital world, police violence and the future of urban life. STREET COP is provocative and prophetic, asking us to interrogate the line between a condemnable system and a sympathetic individual.

Winners of the Paul Ehrlich Prize The dramatic story of the married scientists who founded BioNTech and developed the first vaccine against COVID-19. Nobody thought it was possible. In mid-January 2020, Ugur Sahin told Özlem Türeci, his wife and decades-long research partner, that a vaccine against what would soon be known as COVID-19 could be developed and safely injected into the arms of millions before the end of the year. His confidence was built upon almost thirty years of research. While working to revolutionize the way that cancerous tumors are treated, the couple had explored a volatile and overlooked molecule called messenger RNA; they believed it could be harnessed to redirect the immune system's forces against any number of diseases. As the founders of BioNTech, they faced widespread skepticism from the scientific community at first; but by the time Sars-Cov-2 was discovered in Wuhan, China, BioNTech was prepared to deploy cutting edge technology and create the world's first clinically approved inoculation for the coronavirus. The Vaccine draws back the curtain on one of the most important medical breakthroughs of our age; it will reveal how Doctors Sahin and Türeci were able to develop twenty vaccine candidates within weeks, convince Big Pharma to support their ambitious project, navigate political interference from the Trump administration and the European Union, and provide more than three billion doses of the Pfizer/BioNTech vaccine to countries around the world in record time. Written by Joe Miller—the Financial Times' Frankfurt correspondent who covered BioNTech's COVID-19 project in real time—with contributions from Sahin and Türeci, as well as interviews with more than sixty scientists, politicians, public health officials, and BioNTech staff, the book covers key events throughout the extraordinary year, as well as exploring the scientific, economic, and personal background of each medical innovation. Crafted to be both completely accessible to the average reader and filled with details that will fascinate seasoned microbiologists, The Vaccine explains the science behind the breakthrough, at a time when public confidence in vaccine safety and efficacy is crucial to bringing an end to this pandemic.

Angina Days Chronicle Books (CA)

Beatrix Potter meets I Spy in this detailed and charming storybook adventure Best friends Julia and Sam are mice who live in the Mouse Mansion. When they're together they find all sorts of adventures—and all kinds of trouble! Come with them as they discover a secret hiding place, greet the ragman, and learn to make pancakes. There is a shop that sells everything and a box full of treasure. And—oh no!—there might even be a rat! The Mouse Mansion is always full of surprises. Author and artist Karina Schaapman spent years building and furnishing the Mouse Mansion in which this collection of stories takes place. The elaborate dollhouse is made of cardboard boxes and papier-mâché and contains more than one hundred rooms to explore.

Bob Dylan - Ukulele Chord Songbook Cambridge University Press

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY San Francisco Chronicle • Newsweek/The Daily Beast • The Seattle Times • The Economist • Kansas City Star • BookPage On February 14, 1989, Valentine's Day, Salman Rushdie was telephoned by a BBC

journalist and told that he had been "sentenced to death" by the Ayatollah Khomeini. For the first time he heard the word fatwa. His crime? To have written a novel called *The Satanic Verses*, which was accused of being "against Islam, the Prophet and the Quran." So begins the extraordinary story of how a writer was forced underground, moving from house to house, with the constant presence of an armed police protection team. He was asked to choose an alias that the police could call him by. He thought of writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. How do a writer and his family live with the threat of murder for more than nine years? How does he go on working? How does he fall in and out of love? How does despair shape his thoughts and actions, how and why does he stumble, how does he learn to fight back? In this remarkable memoir Rushdie tells that story for the first time; the story of one of the crucial battles, in our time, for freedom of speech. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; and of how he regained his freedom. It is a book of exceptional frankness and honesty, compelling, provocative, moving, and of vital importance. Because what happened to Salman Rushdie was the first act of a drama that is still unfolding somewhere in the world every day. Praise for Joseph Anton "A harrowing, deeply felt and revealing document: an autobiographical mirror of the big, philosophical preoccupations that have animated Mr. Rushdie's work throughout his career."—Michiko Kakutani, *The New York Times* "A splendid book, the finest . . . memoir to cross my desk in many a year."—Jonathan Yardley, *The Washington Post* "Thoughtful and astute . . . an important book."—USA Today "Compelling, affecting . . . demonstrates Mr. Rushdie's ability as a stylist and storyteller. . . . [He] reacted with great bravery and even heroism."—*The Wall Street Journal* "Gripping, moving and entertaining . . . nothing like it has ever been written."—*The Independent (UK)* "A thriller, an epic, a political essay, a love story, an ode to liberty."—*Le Point (France)* "Action-packed . . . in a literary class by itself . . . Like Isherwood, Rushdie's eye is a camera lens—firmly placed in one perspective and never out of focus."—*Los Angeles Review of Books* "Unflinchingly honest . . . an engrossing, exciting, revealing and often shocking book."—*de Volkskrant (The Netherlands)* "One of the best memoirs you may ever read."—*DNA (India)* "Extraordinary . . . Joseph Anton beautifully modulates between . . . moments of accidental hilarity, and the higher purpose Rushdie saw in opposing—at all costs—any curtailment on a writer's freedom."—*The Boston Globe*

Allgemeine Zeitung München, 1798 - 1925 John Benjamins Publishing

This is really two books in one: a valuable reference resource, and a groundbreaking case study that represents a new approach to constructional semantics. It presents a detailed descriptive survey, using extensive examples collected from the Internet, of German verb constructions in which the expressions *durch* ('through'), *über* ('over'), *unter* ('under'), and *um* ('around') occur either as inseparable verb prefixes or as separable verb particles. Based on that evidence, the author argues that the prefixed verb constructions and particle verb constructions themselves have meaning, and that this meaning involves subjective construal processes rather than objective information. The constructions prompt us to distribute focal attention according to patterns that can be articulated in terms of Talmy's notion of [perspectival modes]. Among the other topics that play an important role in the analysis are incremental themes, reflexive trajectors, fictive

motion, [multi-directional paths], and [accusative landmarks].

German/English Dictionary of Idioms John Benjamins Publishing

The new standard in jazz fake books since 1988. Endorsed by McCoy Tyner, Ron Carter, Dave Liebman, and many more. Evenly divided between standards, jazz classics and pop-fusion hits, this is the all-purpose book for jazz gigs, weddings, jam sessions, etc. Like all Sher Music fake books, it features composer-approved transcriptions, easy-to-read calligraphy, and many extras (sample bass lines, chord voicings, drum appendix, etc.) not found in conventional fake books.

Street Cop St. Martin's Press

In July, 2010, the International Association for Assyriology met in Barcelona, Spain, for 5 days to deliver and listen to papers on the theme "Time and History in the Ancient Near East." This volume, the proceedings of the conference, contains 70 of the papers read at the 56th annual Rencontre, including the papers from several workshop sessions on "architecture and archaeology," "early Akkadian and its Semitic context," "Hurrian language," "law in the ancient Near East," "Middle Assyrian texts and studies," and a variety of additional papers not directly related to the conference theme. The photo on the back cover shows only a representative portion of the attendees, who were warmly hosted by faculty and students from the University of Barcelona.

Landslide epubli

Adolf Hitler was a vegetarian and the Dachau concentration camp had an organic herb garden. Vegetarianism, organic farming, and other such practices have enticed a wide variety of Germans, from socialists, liberals, and radical anti-Semites in the nineteenth century to fascists, communists, and Greens in the twentieth century. Corinna Treitel offers a fascinating new account of how Germans became world leaders in developing more 'natural' ways to eat and farm. Used to conserve nutritional resources with extreme efficiency at times of hunger and to optimize the nation's health at times of nutritional abundance, natural foods and farming belong to the biopolitics of German modernity. *Eating Nature in Modern Germany* brings together histories of science, medicine, agriculture, the environment, and popular culture to offer the most thorough and historically comprehensive treatment yet of this remarkable story.

Handbuch der botanischen Literatur Bethlehem Books

An instant New York Times bestseller. Critics agree: Michael Wolff's *Landslide* is THE book on Trump. "*Landslide* . . . is the one to leap upon. Smart, vivid and intrepid . . ." —The New York Times "I inhaled *Landslide*, gobbled it up." —Slate "Wow. Just wow . . ." —Evening Standard "Cruel, unforgiving, muckraking, scandalous. I couldn't stop reading it." —The Telegraph We all witnessed some of the most shocking and confounding political events of our lifetime: the careening last stage of Donald J. Trump's reelection campaign, the president's audacious election challenge, the harrowing mayhem of January 6, the buffoonery of the second impeachment trial. But what was really going on in the inner sanctum of the White House during these calamitous events? What did the president and his dwindling cadre of loyalists actually believe? And what were they planning? Michael Wolff pulled back the curtain on the Trump presidency with his #1 bestselling blockbuster *Fire and Fury*. Now, in *Landslide*, he closes the door on the presidency with a final, astonishingly candid account. Wolff embedded himself in the White House in 2017 and gave us a vivid picture of the chaos that had descended on Washington. Almost four years later, Wolff finds the Oval Office even more chaotic and bizarre, a kind of Star Wars bar scene. At all times of the day, Trump, behind the

Resolute desk, is surrounded by schemers and unqualified sycophants who spoon-feed him the "alternative facts" he hungers to hear—about COVID-19, Black Lives Matter protests, and, most of all, his chance of winning reelection. Once again, Wolff has gotten top-level access and takes us front row as Trump's circle of plotters whittles down to the most enabling and the president reaches beyond the bounds of democracy as he entertains the idea of martial law and balks at calling off the insurrectionist mob that threatens the institution of democracy itself. As the Trump presidency's hold over the country spiraled out of control, an untold and human account of desperation, duplicity, and delusion was unfolding within the West Wing. *Landslide* is that story as only Michael Wolff can tell it.

Muret-Sanders Enzyklopädisches englisch-deutsches und deutsch-englisches Wörterbuch: T. Deutsch-Englisch Penguin
Endlich tritt Emilia ihre lange ersehnte Urlaubsreise an. Was während der Urlaubstage auf sie zukommen würde, hätte sie sich allerdings in ihren kühnsten Träumen nicht ausgemalt. Was hecken ihre Enkeltöchter Laura und Susanne denn nun schon wieder aus? Werden Gundula und Sebastian miteinander auskommen, wenn es einmal nicht die Arbeit ist, die ihren gemeinsamen Tag füllt? Wann heiraten Cordula und Klaus-Jürgen endlich? Und wie steht es mit...? Ob es sich nun um Alpträume oder solche der Glückseligkeit handelt, - Emilia muss miterleben wie ihre Familie durch Höhen und Tiefen geht.

Klasse!.: Students' book Princeton University Press

The Age of Agade is the first book-length study of the Akkadian period of Mesopotamian history, which saw the rise and fall of the world's first empire during more than a century of extraordinary political, social, and cultural innovation. It draws together more than 40 years of research by one of the world's leading experts in Assyriology to offer an exhaustive survey of the Akkadian empire. Addressing all aspects of the empire, including its statecraft and military, territory and cities, arts, religion, economy, and production, *The Age of Agade* considers what can be said of Akkadian political and social history, material culture, and daily life. A final chapter also explores how the empire has been presented in modern historiography, from the decipherment of cuneiform to the present, including the extensive research of Soviet historians, summarized here in English for the first time. Drawing on contemporaneous written and artifactual sources, as well as relevant materials from succeeding generations, Foster introduces the reader to the wealth of evidence available. Accessibly written by a specialist in the field, this book is an engaging examination of a critical era in the history of early Mesopotamia.

The New Real Book Henry Holt and Company

See the iconic, energetic art of Aardman Animations like never before! *The Art of Aardman* takes readers on an unforgettable, behind-the-scenes journey through the studio's archives. This collection features original character sketches and never-before-seen concept art, offering a unique look inside the studio that created *Chicken Run*, *Morph*, and, of course, *Wallace & Gromit*. Kicking things off with forewords from founders Peter Lord and David Sproxton, this celebration of all-things Aardman is a must-have for all animation fans.

Time and History in the Ancient Near East Simon and Schuster
A bilingual edition of one of the most important German poets of the twentieth century This is the most comprehensive English translation of the work of Günter Eich, one of the greatest postwar German poets. The author of the POW poem "Inventory," among one of the most famous lyrics in the German language, Eich was rivaled only by Paul Celan as the leading poet in the generation after Gottfried Benn and Bertolt Brecht. Expertly translated and introduced by Michael Hofmann, this collection

gathers eighty poems, many drawn from Eich's later work and most of them translated here for the first time. The volume also includes the original German texts on facing pages. As an early member of "Gruppe 47" (from which Günter Grass and Heinrich Böll later shot to prominence), Eich (1907-72) was at the vanguard of an effort to restore German as a language for poetry after the vitriol, propaganda, and lies of the Third Reich. Short and clear, these are timeless poems in which the ominousness of fairy tales meets the delicacy and suggestiveness of Far Eastern poetry. In his late poems, he writes frequently, movingly, and often wryly of infirmity and illness. "To my mind," Hofmann writes, "there's something in Eich of Paul Klee's pictures: both are homemade, modest in scale, immediately delightful, inventive, cogent." Unjustly neglected in English, Eich finds his ideal translator here.

Vollständiges Englisch-Deutsches und Deutsch-Englisches Lexikon Manchester University Press

Welcome to Noisy Village! Well, it's not really quite what it sounds. Lisa, who tells the story, lives on Middle Farm with her parents and two brothers, Karl and Bill. Britta and Anna live at North Farm and Olaf and Kerstin live at South Farm. It is because the houses are right next door to each other in a clump as they liked to do these things in rural Sweden years ago, and because the because the children make so much racket that the farmhouses came to be so honestly and happily named. A large linden tree grows between Middle and South Farms and so the boys in the two houses visit each other by climbing through the branches--even the girls do it sometimes, like the night they all waited for Olaf to go to sleep so that they could pull out his loose tooth without his knowing it! That is only one of the many escapades designed to make readers young and old wish they could step right into the pages of this little book. Join the fun in this companion volume to *The Children of Noisy Village* (published by Viking Penguin). Illustrated with delightful line drawings by Ilon Wikland; translated by Florence Lamborn.
