This engaging prompt journal is for the mother and son who crave a rule-free, creative way to connect with each other. I Love You More Than Most Simon and Schuster

With wry wit and touching humor, Louie Anderson, New York Times bestselling author and Emmy Award-winning comedian currently starring in Zach Galifianakis's *Baskets*, shares his journey of turning life's challenges into joy, as well as plenty of wisdom he's still discovering from his late mother. "I started out writing these letters to my mom, but a few friends said I should write a book. I said 'okay' because next to 'we'll see,' 'okay' is as non-committal as you can get. But somehow, I stuck with it. I hope you like it. I hope that after you read it, you'll write or call your own mom—and dad, sister, brother, cousin, nephew. Or have lunch with them. Or breakfast. It doesn't have to be lunch. But do it now. Don't wait like I did." —Louie Louie Anderson has channeled his beloved mom, Ora Zella Anderson, in his stand-up routine for decades, but she died before seeing him reach his greatest heights, culminating in his breakout TV role as Christine *Baskets*, the mesmerizing character she inspired. Hey Mom is Louie's way of catching her up on the triumphs, disappointments, and continuing challenges in life. Full of heartache, but also great hope, and of course—given Louie's inimitable comedic voice—laugh-out-loud stories and his trademark observations on life's many absurdities, Hey Mom shows a poignant side of Louie you may not know, and proves that he is one of the most nuanced and wide-ranging comics working today.

About My Mother Thomas Nelson

The secret to parenting success is out! Children need love, parents need respect. It's as simple and complex as that. Bestselling author Dr. Emerson Eggerichs has studied family dynamics for more than 30 years, earning a Ph.D. in Child and Family Ecology. As a senior pastor for nearly two decades, he builds on a foundation of strong biblical principles, walking the reader through an entirely new way to approach the family dynamic. When frustrated with an unresponsive child, a parent doesn't declare, "You don't love me." Instead, the parent asserts, "You are being disrespectful right now." A parent needs to feel respected, especially during conflicts. When upset a child does not whine, "You don't respect me." Instead, a child pouts, "You don't love me." A child needs to feel loved, especially during disputes. But here's the rub: An unloved child or teen negatively reacts in a way that feels disrespectful to a parent. A disrespected parent negatively reacts in a way that feels unloving to the child. This dynamic gives birth to the FAMILY CRAZY CYCLE. This book teaches you to: See love and respect as basic family needs Stop the Family Crazy Cycle of conflict Parent in six biblical ways that energize your children Discipline defiance and overlook childishness Be the mature one since parenting is for adults only Become a loving parent in God's eyes, regardless of a child's response Based on what the Bible says about parenting, this book focuses on achieving healthy family dynamics. Dr. Eggerichs offers unprecedented transparency from his wife and three adult children, who share wisdom gained from the good, the bad, and the ugly of their family life. It's all here in this eye-opening exploration of

the biblical principles on parenting that can help make families function as God intended.

“You will devour these beautifully written—and very important—tales of honesty, pain, and resilience” (Elizabeth Gilbert, New York Times bestselling author of *Eat Pray Love* and *City of Girls*) from fifteen brilliant writers who explore how what we don’t talk about with our mothers affects us, for better or for worse. As an undergraduate, Michele Filgate started writing an essay about being abused by her stepfather. It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother. When it was finally published, the essay went viral, shared on social media by Anne Lamott, Rebecca Solnit, and many others. This gave Filgate an idea, and the resulting anthology offers a candid look at our relationships with our mothers. Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom. In Cathi Hanauer’s hilarious piece, she finally gets a chance to have a conversation with her mother that isn’t interrupted by her domineering (but lovable) father. André Aciman writes about what it was like to have a deaf mother. Melissa Febos uses mythology as a lens to look at her close-knit relationship with her psychotherapist mother. And Julianna Baggott talks about having a mom who tells her everything. As Filgate writes, “Our mothers are our first homes, and that’s why we’re always trying to return to them.” There’s relief in acknowledging how what we couldn’t say for so long is a way to heal our relationships with others and, perhaps most important, with ourselves. Contributions by Cathi

Hanauer, Melissa Febos, Alexander Chee, Dylan Landis, Bernice L. McFadden, Julianna Baggott, Lynn Steger Strong, Kiese Laymon, Carmen Maria Machado, André Aciman, Sari Botton, Nayomi Munaweera, Brandon Taylor, and Leslie Jamison.

Nicky Bell, diagnosed with Ewing’s Sarcoma at age thirteen, died five years later, with his mother and best friend at his side. *A Journey of Unconditional Love* tells Nicky and Michele’s story, describing the battle with cancer in great detail. However, this book is about more than cancer and its treatment and the fight to survive. It’s about more than a mother and her son who had to face his mortality at such a young age and the despair and anguish that comes in losing that fight. It’s about more than death . . . This book is about life. It’s about how this mother and son approached the everyday moments of life despite the greater story that was playing out around them and was outside of their control. It’s about what each had learned from the other and the influential roles played in their life experiences. It is about how it still affects the life of the one left behind. It’s about the depth of human spirit and the soul’s ultimate survival, along with what the survivor is supposed to do with that energy. The connection between this mother and her son has lived on long after his passing, and it continues to be a force in this mother’s life every day. The inspiration in this story comes from the millions of small everyday moments, the choices made, the words spoken, and the unconditional love that makes such a seemingly senseless experience somehow bearable. This book gives a voice to parents and loved ones, caregivers and patients, those who

relate to this loss, and those who know they feel every heartbeat in this story but who also struggle to come to grips with their own experience.

Chicken Soup for the Mother and Son Soul Headline

An updated edition of the profoundly moving and inspiring memoir from Australia's domestic violence crusader, Rosie Batty. Rosie Batty knows pain no woman should have to suffer. Her son was killed by his father in a violent incident in February 2014, a horrendous event that shocked not only the nation, but the world. Greg Anderson murdered his 11-year-old son Luke and was then shot by police at the Tyabb cricket oval. Rosie had suffered years of family violence, and had had intervention and custody orders in place in an effort to protect herself and her son. Rosie has since become an outspoken and dynamic crusader against domestic violence, winning hearts and mind all over Australia with her compassion, courage, grace and forgiveness. In January 2015, Rosie was named Australian of the Year, 2015. Inspiring, heartfelt and profoundly moving, this is Rosie's story. A percentage of royalties from sales of this book are going to the Luke Batty Foundation. 'A brave, resolute and heart-breaking tale' Sydney Morning Herald 'Every Australian should read this book' Tracey Spicer 'Just finished A Mother's Story. Loved it. Cried. Got angry. Important book, beautifully written' Juanita Phillips 'This highly emotional book ... She suffers but she is not a victim. Batty is comforting and terrifying. She is protector and avenger... She has moral authority and dignity ... compelling' ABR

A New York Times contributor offers a radical reexamination of a hot-button issue of the mother and son relationship and advocates the end of the "mama's boy" taboo. New York Times contributor Kate Stone Lombardi unveils the

surprisingly close relationship between mothers and sons. Mother after mother confessed to Lombardi that her husband, brothers, and even female friends and family criticize the fact that she is "too close" to her sons. Many of these women are often startled by the strong connection they feel with their sons; but rarely do they talk about it because society tells them to push their little boys away and not "baby" them with too much cuddling and comforting. It is as if there were an existing playbook-based on gender preconceptions dating back to Freud, Oedipus, and beyond-that prescribes the way mothers and their sons should interact. Lombardi's much-needed narrative is the first and only book to share truly revealing interviews with mothers who have close relationships with their sons, as well as interviews with these women's sons and husbands. Lombardi persuasively argues that the rise of the new male-one who is more emotionally intelligent and more sensitive without being less "manly"-is directly attributable to women who are rejecting the "mama's boy" taboo. Highlighting new scientific studies, *The Mama's Boy Myth* begins a fresh story-one that will be welcomed by mothers, fathers, and sons alike.

 about the families we fight to build and

those we fight to keep Like many first-time mothers, Rebecca Stone finds herself both deeply in love with her newborn son and deeply overwhelmed. Struggling to juggle the demands of motherhood with her own aspirations and feeling utterly alone in the process, she reaches out to the only person at the hospital who offers her any real help—Priscilla Johnson—and begs her to come home with them as her son's nanny. Priscilla's presence quickly does as much to shake up Rebecca's perception of the world as it does to stabilize her life. Rebecca is white, and Priscilla is black, and through their relationship, Rebecca finds herself confronting, for the first time, the blind spots of her own privilege. She feels profoundly connected to the woman who essentially taught her what it means to be a mother. When Priscilla dies unexpectedly in childbirth, Rebecca steps forward to adopt the baby. But she is unprepared for what it means to be a white mother with a black son. As she soon learns, navigating motherhood for her is a matter of learning how to raise two children whom she loves with equal ferocity, but whom the world is determined to treat differently. Written with the warmth and psychological acuity that defined his debut, Rumaan Alam has crafted a remarkable novel about the lives we choose, and the lives that are chosen for us.

A Journey of Unconditional Love Gray & Company, Publishers

A New York Times Editor's Choice selection! This outrageous and hilarious memoir follows a film and television director's life, from his idiosyncratic upbringing to his unexpected career as the director behind such huge film franchises as *The Addams Family* and *Men in Black*. Barry

Sonnenfeld's philosophy is, "Regret the Past. Fear the Present. Dread the Future." Told in his unmistakable voice, Barry Sonnenfeld, *Call Your Mother* is a laugh-out-loud memoir about coming of age. Constantly threatened with suicide by his over-protective mother, disillusioned by the father he worshiped, and abused by a demonic relative, Sonnenfeld somehow went on to become one of Hollywood's most successful producers and directors. Written with poignant insight and real-life irony, the book follows Sonnenfeld from childhood as a French horn player through graduate film school at NYU, where he developed his talent for cinematography. His first job after graduating was shooting nine feature length pornos in nine days. From that humble entrée, he went on to form a friendship with the Coen Brothers, launching his career shooting their first three films. Though Sonnenfeld had no ambition to direct, Scott Rudin convinced him to be the director of *The Addams Family*. It was a successful career move. He went on to direct many more films and television shows. Will Smith once joked that he wanted to take Sonnenfeld to Philadelphia public schools and say, "If this guy could end up as a successful film director on big budget films, anyone can." This book is a fascinating and hilarious roadmap for anyone who thinks they can't succeed in life because of a rough beginning.

What My Mother and I Don't Talk About Simon and Schuster

A Message from Mike Rowe, the Dirty Jobs Guy: Just to be clear, *About My Mother* is a book about my grandmother, written by my mother. That's not to say it's not about my mother—it is. In fact, *About My Mother* is as much about my mother as it is about my grandmother. In

that sense, it's really a book about "mothers." ...It is not, however, a book written by me. True, I did write the foreword. But it doesn't mean I've written a book about my mother. I haven't. Nor does it mean my mother's book is about her son. It isn't. It's about my grandmother. And my mother. Just to be clear.—Mike A love letter to mothers everywhere, *About My Mother* will make you laugh and cry—and see yourself in its reflection. Peggy Rowe's story of growing up as the daughter of Thelma Knobel is filled with warmth and humor. But Thelma could be your mother—there's a Thelma in everyone's life. She's the person taking charge—the one who knows instinctively how things should be. Today Thelma would be described as an alpha personality, but while growing up, her daughter Peggy saw her as a dictator—albeit a benevolent, loving one. They clashed from the beginning—Peggy, the horse-crazy tomboy, and Thelma, the genteel-yet-still-controlling mother, committed to raising two refined, ladylike daughters. Good luck. When major league baseball came to town in the early 1950s and turned sophisticated Thelma into a crazed Baltimore Orioles groupie, nobody was more surprised and embarrassed than Peggy. Life became a series of compromises—Thelma tolerating a daughter who pitched manure and galloped the countryside, while Peggy learned to tolerate the whacky Orioles fan who threw her underwear at the television, shouted insults at umpires, and lived by the orange-and-black schedule taped to the refrigerator door. Sometimes, we're more alike than we know. And in case you're wondering, Peggy knows a thing or two about dirty jobs herself...

"Praised by RJ Palacio as "wondrous"-- this moving memoir follows a teenage boy with TC syndrome and his exceptional family from diagnosis at birth to now. "This touching memoir is a must-read for anyone who wants to know more about the real world experiences of a child with craniofacial differences and his extraordinary family. It's also more than that. It's a story about the love between a mother and a son, a child and his family, and the breadth of friends, helpers, and doctors that step in when the unexpected happens. It's a story that will make young readers reevaluate the word "normal" -- not only as it applies to others, but to themselves. Any book that can do that is pretty wondrous, as far as I'm concerned." --R. J. Palacio, author of *Wonder*--

Mother's Son is a passionate story of a young man's life; told from the heart and mind of his grandmother. She held him gently as pain gripped his body. A child born with Sickle Cell Anemia Disease; only his grandmother's potions and ointments along with her stories managed to ease his pain. She told her special grandson stories of Post Reconstruction, Jim Crow, and the Civil Rights Movement were a prince of peace flew over the mountain top, and a tall stature stool transforming himself into a black revolutionary. Her most compelling story talks of a boy's struggles through his pain by wondering the streets infested with drug and violence. His journey as a Black Panther put him in the forefront as community organizer where he helped establish the first Sickle

Cell Anemia testing community wide testing and free clothing programs in Dallas. His struggle for identity took him to the brink of insanity, there he found himself, as he emerged as a man who dedicated his life helping those who have fallen through the cracks of despair; and drug abuse; lost children who carry the psychological wounds of slavery. People he could identify with, people like him, people with stories similar to his grandmother's story.

Barry Sonnenfeld, Call Your Mother
Abrams

A mother's memoir of her transgender child's odyssey, and her journey outside the boundaries of the faith and culture that shaped her. From the age of two-and-a-half, Jacob, born "Em," adamantly told his family he was a boy. While his mother Mimi struggled to understand and come to terms with the fact that her child may be transgender, she experienced a sense of déjà vu--the journey to uncover the source of her child's inner turmoil unearthed ghosts from Mimi's past and her own struggle to live an authentic life. Mimi was raised in an ultra-Orthodox Jewish family, every aspect of her life dictated by ancient rules and her role as a woman largely preordained from cradle to grave. As a young woman, Mimi wrestled with the demands of her faith and eventually made the painful decision to leave her religious community and the strict gender roles it upheld. Having risen from the ashes of her former life, Mimi was prepared to help her son forge a new one -- at a time when there was little consensus on how best to help young transgender children. Dual narratives of faith and motherhood weave together to form a heartfelt portrait of an unforgettable family. Brimming with love and courage, *What We Will Become* is a

powerful testament to how painful events from the past can be redeemed to give us hope for the future.

His Mother's Son Atria Books

Every mother has a story, a story that is worth the telling. These are stories of courage, grit and determination. Stories that give insight into the different lives of others - so that's what it's like to walk in another's shoes. Stories to ring bells - yes, I have been through some of that too, different in context maybe, but with the same will and the same love. Many of these mothers have faced huge challenges. They did this full on and, in the process, became the strong women that they are today. Margaret Bolton, herself a mother of two sons (and two daughters), has also written *Not Another Nun Story*.

That Kind of Mother HMH Books For Young Readers

Therapists and the general public are familiar with the terms "(s)mothering," "helicopter moms," and "boomerang sons" because they have been popularized in films like *Monster in Law*, *Cyrus* and *Failure to Launch*—but what makes for humorous fodder onscreen depicts a troubling issue that's being played out for real in therapists' offices, bedrooms, and divorce courts across the nation: an epidemic of men who are enmeshed in unhealthy, energy-sucking, and emasculating relationships with their mothers. Even though these men are

grown and living away from Mom, her influence has left them unable to fully commit or to fully love, and they are plagued with anger issues, indecisiveness, depression, or toxic stress. In *Breaking the Mother-Son Dynamic*, John Lee takes an eye-opening look at how a mother's love or lack thereof impacts a son's life choices and life partner or lovers. Perhaps you are one of these men (or maybe you recognize these behaviors in the man you love). Do you hold back, swallow, or bottle up things you wish you could say to your mother for fear it would upset or "kill" her? Did you grow up hearing negative things about men, masculinity, being a male, and how you shouldn't be like 'the rest of them'? Does your mother, or did she, fail to respect your boundaries as a child, adolescent, or adult? Does your mother keep referring to you as her "baby" or her "little boy" even after you became an adult? If you answered "yes" to any of these questions, you may be caught in an unhealthy mother-son dynamic that is negatively affecting key areas of your life. Several years ago, John Lee wrote what came to be the most authoritative book on why men run from relationships, *The Flying Boy: Healing the Wounded Man*. Here, he visits the mother-son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull

on their hearts and souls, no matter how young or old they may be. In a work that is a combination of memoir, self-help psychology, recovery and personal growth, he discovers: why a relationship of 50-50 responsibility doesn't work, and what does work; how men can stop "sonning" mothers, lovers, and wives; why one must learn his or her own "rhythm of closeness"; how to be really present to those we love and to life itself; and much, much more. Using case studies, personal stories, and assessments, the book helps men release any anger and grief toward their mothers and teaches them how to take responsibility for their adult selves; most importantly, Lee provides an understanding of what healthy adults should—and shouldn't—expect from each other. Lee shows wives and girlfriends how to stop being their man's surrogate mother and shows well-meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways. By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it, this book will change lives. For anyone who is ready to make a clean, clear, and guilt-free separation from the kind of (s)mothering and "sonning" that just hasn't worked, John Lee will show them the way.
