An intimate portrait of the Lakota chief by his great-grandson. Ernie LaPointe, born on the Pine Ridge Reservation in South Dakota, is a great-grandson of the famous Hunkpapa Lakota chief Sitting Bull, and in this book, the first by one of Sitting Bull's lineal descendants, he presents the family tales and memories told to him about his great-grandfather. LaPointe not only recounts the rich oral history of his family—the stories of Sitting Bull's childhood, his reputation as a fierce warrior, his growth into a sage and devoted leader of his people, and the betrayal that led to his murder—but also explains what it means to be Lakota in the time of Sitting Bull and now. In many ways, the oral history differs from what has become the standard and widely accepted biography of Sitting Bull. LaPointe explains the discrepancies, how they occurred, and why he wants to tell his story of Tatanka Lyotake. This is a powerful story of Native American history, told by a Native American, for all people to better understand a culture, a leader, and a man.

"This classic work on the language, grammar, tales, history, and culture of the Dakota Indians is the result of many years of linguistic study and personal experience spent in Minnesota by Stephen R. Riggs, who arrived as a Presbyterian missionary in 1837 ... In Dakota grammar, Riggs presents three interrelating aspects of language and culture, beginning with a detailed description of the Santee dialect of the Dakota language and its grammar. The texts of the traditional stories ... are each accompanied by full English translations. Riggs also provides an ethnographic overview of various aspects of Dakota culture and history that enhances the value of the book to all students of Dakota." - Back cover.

During the winter of 1947, Black Elk, the Oglala Sioux holy man, related to Joseph Brown seven of the sacred Oglala traditions, including such revered rites as "The Keeping of the Soul", "The Rite of Purification", and "Preparing for Womanhood". The San Francisco Chronicle calls *The Sacred Pipe* "a valuable contribution to American Indian literature".

FINALIST FOR THE 2019 NATIONAL BOOK AWARD LONGLISTED FOR THE 2020 ANDREW CARNEGIE MEDAL FOR EXCELLENCE A NEW YORK TIMES BESTSELLER Named a best book of 2019 by The New York Times, TIME, The Washington Post, NPR, Hudson Booksellers, The New York Public Library, The Dallas Morning News, and Library Journal. "Chapter after chapter, it's like one shattered myth after another." - NPR "An informed, moving and kaleidoscopic portrait... Treuer's powerful book suggests the need for soul-searching about the meanings of American history and the stories we tell ourselves about this nation's past." - New York Times Book Review, front page A sweeping history—and counter-narrative—of Native American life from the Wounded Knee massacre to the present. The received idea of Native American history—as promulgated by books like Dee Brown's mega-bestselling 1970 *Bury My Heart at Wounded Knee*—has been that American Indian history essentially ended with the 1890 massacre at Wounded Knee. Not only did one hundred fifty Sioux die at the hands of the U. S. Cavalry, the sense was, but Native civilization did as well. Growing up Ojibwe on a reservation in Minnesota, training as an anthropologist, and researching Native life past and present for his nonfiction and novels, David Treuer has uncovered a different narrative. Because they did not disappear—and not despite but rather because of their intense struggles to preserve their language, their traditions, their families, and their very existence—the story of American Indians since the end of the nineteenth century to the present is one of unprecedented resourcefulness and reinvention. In *The Heartbeat of Wounded Knee*, Treuer melds history with reportage and memoir. Tracing the

tribes' distinctive cultures from first contact, he explores how the depredations of each era spawned new modes of survival. The devastating seizures of land gave rise to increasingly sophisticated legal and political maneuvering that put the lie to the myth that Indians don't know or care about property. The forced assimilation of their children at government-run boarding schools incubated a unifying Native identity. Conscripted in the US military and the pull of urban life brought Indians into the mainstream and modern times, even as it steered the emerging shape of self-rule and spawned a new generation of resistance. *The Heartbeat of Wounded Knee* is the essential, intimate story of a resilient people in a transformative era.

From April to November 1935 in Belgium, fifteen Lakotas enacted their culture on a world stage. Wearing beaded moccasins and eagle-feather headdresses, they set up tepees, danced, and demonstrated marksmanship and horse taming for the twenty million visitors to the Brussels International Exposition, a grand event similar to a world's fair. The performers then turned homeward, leaving behind 157 pieces of Lakota culture that they had used in the exposition, ranging from costumery to weaponry. In *Lakota Performers in Europe*, author Steve Friesen tells the story of these artifacts, forgotten until recently, and of the Lakota performers who used them. The 1935 exposition marked a culmination of more than a century of European travel by American Indian performers, and of Europeans' fascination with Native culture, fanned in part by William F. "Buffalo Bill" Cody's *Wild West* from the late 1800s through 1913. Although European newspaper reports often stereotyped Native performers as "savages," American Indians were drawn to participate by the opportunity to practice traditional aspects of their culture, earn better wages, and see the world. When the organizers of the 1935 exposition wanted to include an American Indian village, Sam Lone Bear, Thomas and Sallie Stabber, Joe Little Moon, and other Lakotas were eager to participate. By doing this, they were able to preserve their culture and influence European attitudes toward it. Friesen narrates these Lakotas' experiences abroad. In the process, he also tells the tale of collector François Chladiuk, who acquired the Lakotas' artifacts in 2004. More than 300 color and black-and-white photographs document the collection of items used by the performers during the exposition. Friesen portrays a time when American Indians—who would not long after return to Europe as allies and liberators in military garb—appeared on the international stage as ambassadors of the American West. *Lakota Performers in Europe* offers a complex view of a vibrant culture practiced and preserved against tremendous odds.

2021 Scholarly Writing Award in the Saskatchewan Book Awards This book presents two of the most important traditions of the Dakota people, the Red Road and the Holy Dance, as told by Samuel Mniyo and Robert Goodvoice, two Dakota men from the Wahpeton Dakota Nation near Prince Albert, Saskatchewan, Canada. Their accounts of these central spiritual traditions and other aspects of Dakota life and history go back seven generations and help to illuminate the worldview of the Dakota people for the younger generation of Dakotas, also called the Santee Sioux. "The Good Red Road," an important symbolic concept in the Holy Dance, means the good way of living or the path of goodness. The Holy Dance (also called the Medicine Dance) is a Dakota ceremony of earlier generations. Although it is no longer practiced, it too was a central part of the tradition and likely the most important ceremonial organization of the Dakotas. While some people believe that the Holy Dance is sacred and that the information regarding its subjects should be allowed to die with the last believers, Mniyo believed that these spiritual ceremonies played a key role in maintaining connections with the spirit world and were important aspects of shaping the identity of the Dakota

people. In *The Red Road and Other Narratives of the Dakota Sioux*, Daniel Beveridge brings together Mniyo and Goodvoice's narratives and biographies, as well as songs of the Holy Dance and the pictographic notebooks of James Black (Jim Sapa), to make this volume indispensable for scholars and members of the Dakota community.

Despite challenges by the federal government to restrict the use of peyote, the Native American Church, which uses the hallucinogenic cactus as a religious sacrament, has become the largest indigenous denomination among American Indians today. *The Peyote Road* examines the history of the NAC, including its legal struggles to defend the controversial use of peyote. Thomas C. Maroukis has conducted extensive interviews with NAC members and leaders to craft an authoritative account of the church's history, diverse religious practices, and significant people. His book integrates a narrative history of the Peyote faith with analysis of its religious beliefs and practices—as well as its art and music—and an emphasis on the views of NAC members. Deftly blending oral histories and legal research, Maroukis traces the religion's history from its Mesoamerican roots to the legal incorporation of the NAC; its expansion to the northern plains, Great Basin, and Southwest; and challenges to Peyotism by state and federal governments, including the Supreme Court decision in *Oregon v. Smith*. He also introduces readers to the inner workings of the NAC with descriptions of its organizational structure and the Cross Fire and Half Moon services. *The Peyote Road* updates Omer Stewart's classic 1987 study of the Peyote religion by taking into consideration recent events and scholarship. In particular, Maroukis discusses not only the church's current legal issues but also the diminishing Peyote supply and controversies surrounding the definition of membership. Today approximately 300,000 American Indians are members of the Native American Church. *The Peyote Road* marks a significant case study of First Amendment rights and deepens our understanding of the struggles of NAC members to practice their faith.

"An inside view of the Lakota world-of the meaning of Lakota song and dance, of their history, of what it is to be Lakota in America today. . . . A lasting personal tribute to the Lakota way of living."-Whole Earth Review. "A unique, in-depth presentation on Lakota music and the profession of singer, a useful contemporary Oglala representation of the core of their culture, and a version of the involvement of the American Indian Movement on Pine Ridge Reservation, told by a man who was affiliated but not a principal leader. . . . This is a subjective statement, well and persuasively written."-Choice. Severt Young Bear stood in the light-in the center ring at powwows and other gatherings of Lakota people. As founder and, for many years, lead singer of the Porcupine Singers, a traditional singing and drumming group, he also stood, figuratively, in the light of understanding the cherished Lakota heritage. Young Bear's own life in Brotherhood Community, Porcupine District of the Pine Ridge Sioux Reservation, is the linchpin of this narrative, which ranges across the landscape of Dakota culture, from the significance of names to the search for modern Lakota identity, from Lakota oral traditions to powwows and giveaways, from child-rearing practices to humor and leadership. "Music is at the center of Lakota life," says Young Bear; he describes in rich detail the origins and varieties of Lakota song and dance. Severt Young Bear performed with the Porcupine Singers throughout North America, taught at Oglala Lakota College, and served on the Oglala Sioux tribal council. He was music and dance consultant for the films *Dances with Wolves* and *Thunder Heart*. This book is the fruit of his longfriendship and collaboration with R. D. Theisz, a fellow Porcupine Singer and professor of communications and education at Black Hills State University.

This is the compelling true story of the seven-year quest that inspired a monumental work of Native American art -- the carving of an entire buffalo skeleton with the seven sacred rites of the Lakota Sioux. At the heart of this story lie the history and tradition of a proud and deeply spiritual people, the Lakota, and a message of hope for people of all origins. Stunning photographs and original drawings enrich this inspiring book.

A haunting dream that will not relent pulls author Kent Nerburn back into the hidden world of Native America, where dreams have meaning, animals are teachers, and the "old ones" still have powers beyond our understanding. In this moving narrative, we travel through the lands of the Lakota and the Ojibwe, where we encounter a strange little girl with an unnerving connection to the past, a forgotten asylum that history has tried to hide, and the complex, unforgettable characters we have come to know from *Neither Wolf nor Dog* and *The Wolf at Twilight*. Part history, part mystery, part spiritual journey and teaching story, *The Girl Who Sang to the Buffalo* is filled with the profound insight into humanity and Native American culture we have come to expect from Nerburn's journeys. As the American Indian College Fund has stated, once you have encountered Nerburn's stirring evocations of America's high plains and incisive insights into the human heart, "you can never look at the world, or at people, the same way again."

2018 James Beard Award Winner: Best American Cookbook Named one of the Best Cookbooks of 2017 by NPR, The Village Voice, Smithsonian Magazine, UPROXX, New York Magazine, San Francisco Chronicle, Mpls. St. Paul Magazine and others Here is real food—our indigenous American fruits and vegetables, the wild and foraged ingredients, game and fish. Locally sourced, seasonal, "clean" ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of *The Sioux Chef*. In his breakout book, *The Sioux Chef's Indigenous Kitchen*, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork and beef. *The Sioux Chef's* healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and abundant wildflowers. Contemporary and authentic, his dishes feature cedar braised bison, griddled wild rice cakes, amaranth crackers with smoked white bean paste, three sisters salad, deviled duck eggs, smoked turkey soup, dried meats, roasted corn sorbet, and hazelnut-maple bites. *The Sioux Chef's Indigenous Kitchen* is a rich education and a delectable introduction to modern indigenous cuisine of the Dakota and Minnesota territories, with a vision and approach to food that travels well beyond those borders.

Sally Jenkins, bestselling co-author of *It's Not About the Bike*, revives a forgotten piece of history in *The Real All Americans*. In doing so, she has crafted a truly inspirational story about a Native American football team that is as much about football as Lance Armstrong's book was about a bike. If you'd guess that Yale or Harvard ruled the college gridiron in 1911 and 1912, you'd be wrong. The most popular team belonged to an institution called the Carlisle Indian Industrial School. Its story begins with Lt. Col. Richard Henry Pratt, a fierce abolitionist who believed that Native Americans deserved a place in American society. In 1879, Pratt made a treacherous journey to the Dakota Territory to recruit Carlisle's first students. Years later, three students approached Pratt with the notion of forming a football team. Pratt liked the idea, and in less than twenty years the Carlisle football team was defeating their Ivy League opponents and in the process changing the way the game was played. Sally Jenkins gives this story of unlikely champions a breathtaking immediacy. We see the legendary Jim Thorpe kicking a winning field goal, watch an injured Dwight D. Eisenhower limping off the field, and follow the glorious rise of Coach Glenn "Pop" Warner as well as his unexpected fall from grace. *The Real All Americans* is about the end of a culture and the birth of a game that has thrilled Americans for generations. It is an inspiring reminder of the extraordinary things that can be achieved when we set aside our differences and embrace a common purpose.

From best-selling Native American writer Joseph M. Marshall III comes an inspirational guide deeply rooted in Lakota spirituality. When a young man's father dies, he turns to his sagacious grandfather for comfort. Together they sit underneath the family's cottonwood tree, and the grandfather shares his perspective on life, the perseverance it requires, and the pleasure and pain of the journey. Filled with dialogues, stories, and recollections, each section focuses on a portion of the prose poem "Keep Going" and provides commentary on the text. Readers will draw comfort, knowledge, and strength from the Grandfather's wise words—just as Marshall himself did.

A grandmother's love is forever In this mystical story of remembrance and tradition, Sister Girl and her brother, Young Wolf, wander far from their village and face great danger, including stampeding animals and a wall of fire. The children barely save themselves, and as night approaches, they find themselves alone in the barren and unforgiving wilderness. How will they find home? As the stars shine brightly, the spirit of their grandmother, Elk Tooth Woman, appears to guide them: "The Star People are always with you. Look up, and you will see me among the stars." S. D. Nelson's compelling illustrations, inspired by the ledger-book style of the Plains Indians, capture the beauty of humans and nature existing as one.

The interest of nineteenth-century Lakotas in the Sun, the Moon, and the stars was an essential part of their never-ending quest to understand their world. *The Spirit and the Sky* presents a survey of the ethnoastronomy of the nineteenth-century Lakotas and relates Lakota astronomy to their cultural practices and beliefs. The center of Lakota belief is the incomprehensible, extraordinary, and sacred nature of the world in which they live. The earth beneath and the stars above constitute their holistic world. Mark Hollabaugh offers a detailed analysis of aspects of Lakota culture that have a bearing on Lakota astronomy, including telling time, their names for the stars and constellations as they appeared from the Great Plains, and the phenomena of meteor showers, eclipses, and the aurora borealis. Hollabaugh's explanation of the cause of the aurora that occurred at the death of Black Elk in 1950 is a new contribution to ethnoastronomy.
