The Forever Drug Ace Books

"You think you got away with something, don't you? But your time has run out. We know where you are. And we are coming."

Andrew Ranulf Blankenship is a stylish nonconformist with wry wit, a classic Mustang, and a massive library. He's also a recovering alcoholic and a practicing warlock. His house is a maze of sorcerous booby traps and escape tunnels, as yours might be if you were sitting on a treasury of Russian magic stolen from the Soviet Union thirty years ago. Andrew has long known that magic is a brutal game requiring blood sacrifice and a willingness to confront death, but years of peace and comfort have left him more concerned with maintaining false youth than with seeing to his own defense. Now a monster straight from the pages of Russian folklore is coming for him, and frost and death are coming with her.

Realizing the fleet's best (and only) chance is to do the unexpected, Geary takes the offensive and orders the fleet to the Sancere system. There, a multitude of possible routes home give the Alliance fleet a better chance of avoiding their pursuers—and an attack on the Sancere shipbuilding facilities could decimate the Syndic war effort. Weary from endless combat, the officers and crew of the Alliance fleet can't see the sense in charging deeper into enemy territory—prompting a mutiny that divides them, and leaving Geary with the odds higher against him than ever before...

To complicate matters further, Geary also needs to return safely to Alliance space not only with representatives of the Dancers, an alien species, but also with Invincible, a captured warship that could possibly be the most valuable object in human history. Despite the peace treaty that Geary must adhere to at all costs, the Syndicate Worlds regime threatens to make the fleet's journey back grueling and perilous. And even if Geary escorts Invincible and the Dancers' representatives home unharmed, the Syndics' attempts to spread dissent and political unrest may have already sown the seeds of the Alliance's destruction...

When they meet in the darkness of a BDSM club, their skills are put to use. With each successive night comes a new adrenaline rush, and while they're falling into something perilously close to love, their games are still too private, too extreme, and too daring ever to be exposed. But their intimate lives are upended when a fellow deputy of Alex's is killed. It's not a tragic hazard of the job. It's cold-blooded murder. And he's not the last to be taken out. Now Alex and Frank have found themselves more vulnerable than ever—and exposed to a killer with a twisted vendetta who turns desire into the most dangerous sensation of all.

German and Japanese agents are in hot pursuit, determined to possess the ebony artifact—and its secrets—for their own sinister purposes. And shadowing them all is an infamous voodoo priest, with powers of both diabolical science and black magic at his command. On a treacherous odyssey across the Island of the Dead, where the legend of the zombi looms large, spiders, snakes, and booby traps will prove the least of Indy's challenges.
