This volume examines the gangster film in its historical context with an emphasis on the ways the image of the gangster has adapted and changed as a result of socio-cultural circumstances. From its origins in Progressive-era reforms to its use as an indictment of corporate greed, the gangster film has often provided a template for critiquing American ideas and values concerning individualism, success, and business acumen. The gangster genre has also been useful in critically examining race and ethnicity in American culture in terms of "otherness." Films studied include *Musketeers of Pig Alley* (1912), *The Racket* (1928), *The Captive City* (1952), *The Godfather, Part Two* (1974), *Goodfellas* (1990), and *Killing Them Softly* (2012).

Investigation of Concentration of Economic Power Simon and Schuster

Thrilling action, constant adventures, unexpected twists, accompanied by inspiring and explosive humor, are just a fraction of the things that you will encounter while reading this book. Double the action and triple the excitement is something you could expect at any point. Two men, with one desire, in a city you must figure out to survive, they sold a new drug, and the government wanted in... All for the wrong reasons... You know, reasons that might cost millions of lives. Both emigrants, both smart and funny, Leo and Capone are an awesome duo, capable of almost everything... The first one with a mob background and chemistry education, the second with mad computer skills and mafia blood, all they wanted was to sell drugs, like everybody else. Unfortunately, their drug wasn't like the rest. Their drug was the missing link. What follows might even change the course of history. An unexpected twist will change them forever... Part II of the trilogy will feature even more adventures and action, if that is possible. The humor is deadly, as are the characters who use it. The missing woman touch in Part I will reveal an unknown side of the gangsters. And if that is not enough, you should see the end. It's explosive!

"A novel exploration of societal roles, gender, and equality." —School Library Journal (starred review) *The Outsiders* meets *Mad Max: Fury Road* in this "daring and dramatic" (Victor LaValle, author of *The Changeling*) dystopian novel about sisterhood and the cruel choices people are forced to make in order to survive. At night, Las Mal Criadas own these streets. Sixteen-year-old Nalah leads the fiercest all-girl crew in Mega City. That role brings with it violent throwdowns and access to the hottest boydega clubs, but Nala quickly grows weary of her questionable lifestyle. Her dream is to get off the streets and make a home in the exclusive Mega Towers, in which only a chosen few get to live. To make it to the Mega Towers, Nalah must prove her loyalty to the city's benevolent founder and cross the border in a search of the mysterious gang the Ashé Riders. Led by a reluctant guide, Nalah battles crews and her own doubts but the closer she gets to her goal the more she

loses sight of everything—and everyone—she cares about. Nalah must choose whether or not she's willing to do the unspeakable to get what she wants. Can she discover that home is not where you live but whom you chose to protect before she loses the family she's created for good?

Gangs, Politics & Dignity in Cape Town Berrett-Koehler Publishers

From the acclaimed author of *The Town*, an epic thriller about the secret right-hand man of one of the most infamous unprosecuted mob bosses in American history, and the hidden crime that will bring down an empire. In the late 1970s, *The Outfit* has the entire city of Chicago in its hands. Tony Accardo is its fearless leader. Nicky Passero is his loyal soldier, though no one knows he has a direct line in to the boss of bosses. When the Christmas gift Accardo got for his wife, an inscribed bracelet with gold and diamond inlay, is stolen along with other items in a jewelry heist, Nicky is charged with tracking down and returning all of the items--by whatever means necessary. Forced into an impossible situation, Nicky must find a way to carry out Accardo's increasingly unhinged instructions and survive the battle for control of Chicago. What Accardo doesn't know: Nicky has a secret which has made his life impossible and has put him in the pocket of the FBI. Based on the true story of Tony Accardo, the longest-reigning mob capo in history, *Gangland* is a Shakespearean-esque drama of integrity, lost honor, and revenge. Gritty and action-packed, it is the ultimate gangster tale and Chuck Hogan's most thrilling novel yet.

The Movies and the People who Make Them Bloomsbury Publishing USA

An action-packed roller-coaster account of a life spiralling out of control featuring wild women, gangsters and a mountain of drugs Shaun Attwood arrived in Phoenix, Arizona, a penniless business graduate from a small industrial town in England. Within a decade, he became a stock-market millionaire. But he was leading a double life. After taking his first Ecstasy pill at a rave in Manchester as a shy student, Shaun became intoxicated by the party lifestyle that would change his fortune.

Years later, in the Arizona desert, Shaun became submerged in a criminal underworld, throwing parties for thousands of ravers and running an Ecstasy ring in competition with the Mafia mass murderer Sammy 'The Bull' Gravano. As greed and excess tore through his life, Shaun had eye-watering encounters with Mafia hit men and crystal-meth addicts, enjoyed extravagant debauchery with superstar DJs and glitter girls, and ingested enough drugs to kill a herd of elephants. This is his story. Shaun Attwood is the author of *Hard Time: A Brit in America's Toughest Jail*. He regularly speaks to audiences of young people about the perils of drugs and the horrors of prison life.

Most of us think of bowling as a "sport" in quotation marks, and bowling alleys are places with disco balls, matching shirts, and funny shoes. But in the 1960s, New York City was the center of "action bowling", a form of high-stakes gambling in which bowlers—often teenagers—faced off for thousands of dollars every night. When money like that is changing hands, you can bet the pressure is on (and the balls are rigged), and losses come with dire consequences. But for a few kids, the world of action bowling would turn out to be a ticket off the mean streets and onto the Professional Bowlers Association Tour. For Ernie Schlegel, it would be a chance to shed his hustler ways and become a bonafide champion. For the more than 100 million bowlers worldwide and for fans of timeless sports histories, *Pin Action* captures the underbelly of 1960s and '70s New York and tells the true story of how the most notorious action bowler of all time became a Hall of Famer. Set in the gritty, flashy, lost world of action bowling, Gianmarc Manzione tells an epic tale filled with seedy characters, uproarious eccentricities, improbable twists of fate, and a rags-to-riches narrative so crazy it has to be true.

Blood Money Leo and Capone Book, #2

A ground-breaking account of the first 24 hours of the D-Day invasion told by a symphony of incredible accounts of unknown and unheralded members of the Allied - and Axis - forces. Seventy-five years have passed since D-Day, the greatest seaborne invasion in history. The outcome of the Second World War hung in the balance on that chill June morning. If Allied forces succeeded in gaining a foothold in northern France, the road to victory would be open. But if the Allies could be driven back into the sea, the invasion would be stalled for years, perhaps forever. An epic battle that involved 156,000 men, 7,000 ships and 20,000 armoured vehicles, the desperate struggle that unfolded on 6 June 1944 was, above all, a story of individual heroics - of men who were driven to keep fighting until the German defences were smashed and the precarious beachheads secured. This authentic human story - Allied, German, French - has never fully been told. Giles Milton's bold new history narrates the day's events through the tales of survivors from all sides: the teenage Allied conscript, the crack German defender, the French resistance fighter. From the military architects at Supreme Headquarters to the young schoolboy in the Wehrmacht's bunkers, Soldier, Sailor, Frogman, Spy, Airman, Gangster, Kill or Die lays bare the absolute terror of those trapped in the front line of Operation Overlord. It also gives voice to those who have hitherto remained unheard - the French butcher's daughter, the Panzer Commander's wife, the chauffeur to the General Staff. This vast canvas of human bravado reveals 'the longest day' as never before - less as a masterpiece

of strategic planning than a day on which thousands of scared young men found themselves staring death in the face. It is drawn in its entirety from the raw, unvarnished experiences of those who were there.

Exploring the broad spectrum of the forensic sciences practiced both inside and outside of a crime lab, this text investigates forensic sciences that are used both in criminal and civil contexts, along with non-traditional and new applications such as occupational fraud, wildlife protection, and homeland security. The approach is unifying in that it seeks to explain the underlying theoretical and practical concepts that unite all forensic science as well as the individual challenges of each of the forensic sciences. The scientific concepts that underly the forensic sciences are explained in a manner that is understandable by readers without a science background.

Love. Violence. Destiny. These powerful themes ricochet through Lorenzo Carcaterra's new novel like bullets from a machine gun. In *Gangster*, he surpasses even his bestselling *Sleepers* to create a brutal and brilliant American saga of murder, forgiveness, and redemption. Born in the midst of tragedy and violence and raised in the shadow of a shocking secret, young Angelo Vestieri chooses to flee both his past and his father to seek a second family—the criminals who preside over early 20th century New York. In his bloody rise from soldier to mob boss, he encounters ever more barbaric betrayals—in friendship, in his brutal business, in love—yet simultaneously comes to understand the meaning of loyalty, the virtue of relationships, and gains a perspective on the lonely, if powerful, life he has chosen. As the years pass, as enemies are made and defeated, as wars are fought and won, the old don meets an abandoned boy who needs a parent as much as protection. By taking Gabe under his wing and teaching him everything he knows, Angelo Vestieri will learn, in the winter of his life, which is greater: his love for the boy he cherishes, or his need to be a gangster and to live by the savage rules he helped create. A sweeping panoramic with riveting characters, a unique understanding of the underworld philosophy, and a relentless pace, *Gangster* travels through the time of godfathers and goodfellas to our own world of suburban Sopranos. But this is more than just an authentic chronicle of crime. Setting a new standard for this acclaimed author, *Gangster* is a compassionate portrait of one man's fight against his fate—and an unforgettable epic of a family, a city, a century.
