Photovoltaic Solar Energy Conference Springer Science & Business Media

The Catalogue of Palaeartic Coleoptera provides information about all beetles occurring in Europe, North Africa and Asia north of the tropics.

Bibliography of Eighteenth Century Art and Illustrated Books
Cambridge University Press

Indexes the world's zoological and animal science literature, covering all research from biochemistry to veterinary medicine. The database provides a collection of references from over 4,500 international serial publications, plus books, meetings, reviews and other non-serial literature from over 100 countries. It is the oldest continuing database of animal biology, indexing literature published from 1864 to the present. Zoological Record has long been recognized as the "unofficial register" for taxonomy and systematics, but other topics in animal biology are also covered.
