Poems That Dance Poet's Workshop Dance Across the USA is a collection of dancers from all over America, helping to showcase

what is beautiful and inspiring in this country. Covering 22,264 miles, 163 Dancers, 90 consecutive days, 56 locations, & 50 states, Master Photographer Jonathan Givens created this project to show what really makes up America. Diversity that exists both in the physical landscape, and in the dancers who make America their home. The photographs in this book

are real. The dancers actually did what you see, in the places shown. The skies are real, the landscape is real, even the dirty feet, are real. There is no digital compositing here, nor are there any trampolines or wires. Using only Canon cameras and flashes, Jonathan quite literally went to the ends of the nation, to work with dancers ranging from 5 to 61. Professionals and amateurs, students and teachers, boys

and girls, cat lovers and dog lovers, everyone and anyone was welcome. Over 3000 dancers applied to be a part of the project, and those selected for the book reflect not only the range of what makes up dance in America, but they also showed a love for this country and its wonders. Dance Across the USA is a fun, beautiful, and inspirational look at America – both its places and its people.

It is our differences and our diversity that combine to make us all Americans. From the sandy Florida beaches to the rugged Washington coast, the glaciers of Alaska to Death Valley in California, diversity is the hallmark of what literally makes up America. That diversity is reflected in our citizens, and our dancers. Join Jonathan and the Mighty Buford, as they make this historic
