About research progress  
made in the theory of  
phonology.

**Dafina ya lugha isimu  
na nadharia** Institute of  
Kiswahili Research  
University of Dar Es  
Salaam  
On analysis and usage of

Swahili grammar.  
Principles of Pragmatics  
Taasisi YA Uchunguzi Wa  
Kiswahili Chuo Kikuu  
A general introduction to  
the area of theoretical  
linguistics known as  
cognitive linguistics, this  
textbook provides up-to-  
date coverage of all areas  
of the field, including  
recent developments  
within cognitive semantics  
(such as Primary  
Metaphor Theory,  
Conceptual Blending

Theory, and Principled  
Polysemy), and cognitive  
approaches to grammar  
(such as Radical  
Construction Grammar  
and Embodied  
Construction Grammar).  
The authors offer clear,  
critical evaluations of  
competing formal  
approaches within  
theoretical linguistics. For  
example, cognitive  
linguistics is compared to  
Generative Grammar and  
Relevance Theory. In the

selection of material and in the presentations, the authors have aimed for a balanced perspective. Part II, Cognitive Semantics, and Part III, Cognitive Approaches to Grammar, have been created to be read independently. The authors have kept in mind that different instructors and readers will need to use the book in different ways tailored to their own goals. The coverage is suitable for a number of courses. While all topics are presented in terms accessible to both

undergraduate and graduate students of linguistics, cognitive linguistics, psycholinguistics, cognitive science, and modern languages, this work is sufficiently comprehensive and detailed to serve as a reference work for scholars who wish to gain a better understanding of cognitive linguistics. *Dhima ya kamusi katika kusanifisha lugha* Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu A guide to sociolinguistics of the Swahili language.

*Kiswahili katika karne ya ishirini na moja* Waveland Press

On Swahili grammar and syntax for secondary schools and universities. Kiswahili African Books Collective On various hypotheses on Swahili lexicography and its history.

*Maendeleo katika nadharia ya fonolojia* New Age International This massive authoritative Swahili dictionary, is the most definitive and comprehensive in existence. It has taken a team of lexicographers

and academics fourteen years to prepare, with the support of the Institute of Kiswahili Research in Dar es Salaam. The last comparable edition was in 1939, and was primarily intended to help the user to comprehend English texts. The dictionary records new words and meanings of words which the language has acquired since 1939; and provides lexicographical information needed by current dictionary users. There are more than 50,000 entries, with an attempt to give every

English word an equivalent in Swahili, or otherwise a phrase; and the vocabulary covers both general and specialized language. Guidance is provided on use and connotation, word formation and syntax, and derivatives and compounds of a headword are explicitly shown in each entry. The full information and arrangement given for each entry is: headword, homographs, wordclass, alternative spelling of a headword, cross-reference, gloss,

definition, subject label, usage label, regional label, senses separated by numbers, illustrative examples, compounds, derivatives, and adjectival complementation.

### **Nadharia ya lugha**

Oxford University Press Fifty Years of Kiswahili in Kenya is a collection of articles that were presented at an international Kiswahili conference organized by the National Kiswahili Association (CHAKITA) Kenya in 2013, which was held at the Catholic University of Eastern

Africa (CUEA). A few articles are however from a similar conference held in 2012 at Kenyatta University. The book exemplifies the importance of the Kiswahili language in various sectors of society. Therefore, within this book you will find articles that focus on the teaching of the Kiswahili language; Kiswahili as a tool for national economic development; the contribution of Kiswahili to national cohesion and integration; Kiswahili research in language and

literature; Kiswahili and portrayal of women; childrens literature in Kiswahili; and how Sheng affects Kiswahili. In short, the articles herein are a testimony of how Kiswahili has developed in the last fifty years in Kenya. This is a very important book for Kiswahili students and teachers. It is also an invaluable text for Kiswahili enthusiasts and all those who recognize its contribution to society.

### **Research Methodology**

Oxford University Press  
About the Book: This second edition has been

thoroughly revised and updated and efforts have been made to enhance the usefulness of the book. In this edition a new chapter The Computer: Its Role in Research have been added keeping in view of the fact that

**Sarufi ya kiswahili**  
Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu  
On the linguistic structure and theory of Swahili language.

Nadharia katika taaluma ya kiswahili na lugha za kiafrika Cambridge Scholars Publishing  
On the role of the

dictionary in the standardization of the Swahili language. So Long a Letter Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu A comprehensive introduction to the ways in which meaning is conveyed in language. Alan Cruse covers semantic matters, but also deals with topics that are usually considered to fall under pragmatics. A major aim is to highlight the richness and subtlety of meaning phenomena, rather than to expound any particular theory. Rich

in examples and exercises, Meaning in Language provides an invaluable descriptive approach to this area of linguistics for undergraduates and postgraduates alike. Semantiki na pragmatiki ya Kiswahili Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu Theory of literary criticism. **Language, Society and Power** Routledge A dictionary of linguistics and philosophy of language. **Kamusi ya fasihi**

Multilingual Matters First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company. **Kamusi ya isimu na falsafa ya lugha** Oxford University Press, USA A dictionary of composition writing. Contemporary Translation Theories Routledge On syntax of Swahili language. *Culture and Media* Indian ecocriticism has not yet adequately demonstrated the applicability of ecological/deep

ecological/tinai principles to visual texts. Culture and Media: Ecocritical Explorations closes this gap at the most opportune moment. Though this volume accommodates ecologically oriented interpretations from several cultures across the world, it reserves the centre stage for Indian ecocriticism and ecotheory quite appropriately. The volume effectively challenges the major documents on ecocriticism and theory

(published by international presses), which have been reluctant to give space to tinai criticism and theory that transcend Dravidian or Tamil boundaries. The day is not far when cinema of the world, shaped by tinai theory, will employ tinai hermeneutics to gain fresh insight, which, in turn, will feed into the processes of creation and production of relevant and great movies.

[Egerton Journal](#)

This work sets out Austin's conclusions in the field to which he directed his

main efforts for at least the last ten years of his life. Starting from an exhaustive examination of his already well-known distinction between performative utterances and statements, Austin here finally abandons that distinction, replacing it with a more general theory of 'illocutionary forces' of utterances which has important bearings on a wide variety of philosophical problems. *Sintaksia ya Kiswahili* A dictionary of literature: terms and concepts.
