The Thickety:  
A Path Begins  
is a  
spellbinding  
tale about a  
girl, the  
Thickety, and*

*the power of  
magic. Fans of  
Neil Gaiman  
will love this  
thrilling new  
world. When  
Kara Westfall  
was five years  
old, her  
mother was*

convicted of the worst of all crimes: witchcraft. Years later, Kara and her little brother, Taff, are still shunned by the people of their village, who believe that nothing is more evil than magic...except, perhaps, the mysterious forest that covers nearly the entire island. It has many names, this place. Sometimes it is called the Dark Wood, or Sordyr's Realm. But mostly it's called the Thickety. The villagers live

in fear of the Thickety and the terrible creatures that live there. But when an unusual bird lures Kara into the forbidden forest, she discovers a strange book with unspeakable powers. A book that might have belonged to her mother. And that is just the beginning of the story. Supports the Common Core State Standards Publishers Weekly Best Book IndieBound Indie Next List
