World of Wanderlust Springer

A nostalgic look back at a time of great change on Britain's railways in eastern and southern England.

Witchcraft and Demonology in South-West England, 1640-1789

Ohio University Press

In a series of intriguing routes through the English countryside, Professor Robert Cooper notes those attractions that the casual tourist might unknowingly pass by, such as the house where Dickens wrote *A Tale of Two Cities*, or the windswept quay where

John Fowles's French Lieutenant's woman walked. Maps and information about restaurants and accommodations give the traveler the opportunity of having pints of "half and half" where Jane Austen dined or visiting the pub where Blake's scuffle led to his trial for treason. This newly revised and updated edition of Robert Cooper's acclaimed handbook combines the utility of current travel information with the appeal of literary history, biography, and anecdote in a leisurely and flavorful guide to the broad sweep of southern England outside of London. A rich and reliable guide to the landscape that fostered one of our most cherished cultures, *The Literary Guide and Companion to Southern England* is an indispensable resource for those who wish to experience literature firsthand.

Motor Days in England Legare Street Press

This is a useful guide to cycling from London to Land's End which fits easily into a standard handlebar map holder.

The Later Years of British Rail 1980-1995: Eastern and Southern England Rick Steves

This guide covers from Cornwall to Kent, including Somerset and parts of Wiltshire and Surrey. It provides an informative look at some of the internationally renowned examples of historic development and engineering skills throughout southern England, including such examples as: Smeaton's Eddystone Lighthouse.

A Tour Through the South of England, Wales, and Part of Ireland, Made During the Summer of 1791 London, G. G. Harrap [1933.]

This guidebook offers 20 sportive cycling routes in the best cycling areas of south east England. The training rides range between 60 and 117km (37 to 73 miles) in length, and offer a wide range of challenge, from flat routes for pacing training, to tough, hilly routes to climb. The 20 sportive routes are found in Buckinghamshire, Berkshire, Oxfordshire, Wiltshire, Hampshire, Kent, Surrey and East Sussex, a collection from near Oxford down to the south coast by Bournemouth and Portsmouth. From the Surrey and Chiltern Hills to the New Forest and South Downs, there are miles of cycle-friendly roads suitable for sportive training. All 20 routes are graded for difficulty and include timings, ascent, food-stops and access information, as well as annotated route maps and clear route descriptions. Sportive cycling is a growing sport, and this guide provides routes for experienced riders and those new to this sport. Useful information on bike maintenance and equipment, to travelling around the areas with your bike and advice on accommodation is also included. The result is a sportive guidebook that will prepare you for the challenges ahead, and allow you to explore the best cycling the south-east has to offer.

20 Classic Sportive Rides in South East England CUP

Archive

Using south-western England as a focus for considering the continued place of witchcraft and demonology in provincial culture in the period between the English and French revolutions, Barry shows how witch-beliefs were intricately woven into the fabric of daily life, even at a time when they arguably ceased to be of interest to the educated.

Documents of the Assembly of the State of New York Profile Books

What are the world's greatest destinations? Where are the best places to travel solo? From airport fashion to road trip rules, professional traveller Brooke Saward shows us where to go, what to do and how to get that holiday feeling without even leaving home. Full of beautiful photographs that will ignite the imagination and featuring enduring favourites like Paris, New York, and London, this is the book that will inspire you to make every day an adventure.

The Beauty of England Thomas Telford

Jack Thurston, presenter of the 'Bike Show', takes you on a freewheeling tour of the lost lanes and forgotten byways of southern England.

South and East England's Best Views Rick Steves

England's views are remarkable for their beauty and variety. In this illustrated, first-of-its-kind guide, bestselling author Simon Jenkins picks the very best views from South and East England, including Arundel, the Chilterns (Coombe Hill and Turville Down), the white cliffs of Dover, North Downs' Devil's Kneading Trough, Oxford (The High and Radcliffe Square), Stowe, Windsor Great Park, Cambridge's The Backs, Holkham, Lavenham and Sheringham, and more - and explains the fascinating stories behind them. Jenkins' entertaining and erudite entries provide the rich historical, geographical, botanical and architectural background to South and East England's breathtaking sights both iconic and undiscovered. Filled with roman roads, cliff-tops, follies, mountains, ancient castles, rolling forests and heart-stopping moments, you'll soon wonder how you chose walks, mini-breaks or spontaneous diversions without it.

The Well-beloved Lost Lanes

Experience the beauty and richness of southern England and Wales through the eyes of famed writer Arthur Young, who not only describes the landscape but also provides valuable insights into agriculture and manufacturing techniques. This travelogue is a fascinating glimpse into an earlier era. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. You can count on Rick Steves to tell you what you really need to know when traveling in England. In this guide, you'll find a mix of splendid cities, ever-so-quiet villages, historic ports, and seaside resorts. Visit the manors, museums, cathedrals, and castles that preserve England's history. Explore the scenic bays of Cornwall, hike the wild moors of Dartmoor, and discover why the Lake District is Londoners' favorite playground. Travel back in time at

Stonehenge, tour the remnants of the Roman Empire along Hadrian's Wall, and see the ancient baths in the city of Bath. After a bustling day of sightseeing, relax at a neighborhood pub, sharing a chat and a pint with a friendly local. Rick's candid, humorous advice will guide you to good-value hotels and restaurants. You'll learn how to get around England by train, bus, or car, and discover which sights are worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

Black's Guide to the South-eastern Counties of England Penguin Group Australia

Throughout history rivers have been a hub for human settlement and have long been a key part of local livelihoods, history and culture, as well as still playing a present-day role in providing services and leisure to people who live around them. It is no coincidence that all four of the earliest human civilizations were formed on great rivers: the Nile, Euphrates, Indus and Yellow rivers all saw great human aggregation along them. The most ancient and vital architectural structures linked to the use of rivers are bridges. There are a wide range of medieval bridge structures, some very simple in their construction, to amazing triumphs of design and engineering comparable with the great churches of the period. They stand today as proof of the great importance of transport networks in the Middle Ages and of the size and sophistication of the medieval economy. These bridges were built in some of the most difficult places, across broad flood plains, deep tidal waters, and steep upland valleys, and they withstood all but the most catastrophic floods. Yet their beauty, from simplistic to ornate, remains for us to appreciate. Medieval Bridges of Southern England has been organized geographically into tours and covers the governmental regions of Southwest England, London, and Southeast England. There are exactly 100 bridges included. There is an introduction and background information about the medieval period of English history at the beginning and there are beautiful full color photographs throughout the book.

Siena and Southern Tuscany Penguin

This book applies an economic and environmental perspective to the history of landscape and the rural economy, highlighting their inter-connections through specific case studies. After explaining how the author made his discoveries and when they started, it analyses relations between documentary and landscape evidence. It is based on exceptional first-hand observation of a dozen sites and close consideration of topics in the ecological and economic history of southern England. They range from reclaiming chalk down-land, occupying low-lying heaths and reconstructing parkland, to wool-stapling and the manufacture of gunstocks for the African slave trade. Additional themes include the tension between ecology and institutions in decisions about the location of economic activity; the decay of communal farming ahead of enclosure; and other interesting puzzles in rural economic history. This book offers an original approach to questions in economic history through its synthesis of different types of evidence. It will be of interest to a diverse range of readers because it addresses how economic change was registered in the landscape, and how that change was influenced by landscape. It is a book with highly original features, contributing simultaneously to economic, agricultural, environmental, and landscape history.
