From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of

Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Coaching, counseling, and mentoring can dramatically improve employee productivity and satisfaction. But there's a big difference between continuously encouraging employees to do their jobs well (coaching), attempting to fix poor performance (counseling), and helping top performers excel (mentoring). Unfortunately, most managers don't truly understand how and when to do each. Coaching, Counseling & Mentoring provides

helpful tools like self-assessments and real-life scenarios, and gives managers specific, practical guidance on using these techniques to improve the performance of all their people. This updated and revised second edition includes useful scripts for talking to employees about sensitive issues, and new material on topics including working with off-site employees, what to say when an employee denies a problem exists, whether or not to coach temps and part-timers, how to draw the line between the mentoring and supervisory role, and what to do when counseling fails. This is an essential guide for managers who want to build their confidence and skill in getting the most from their people. Employment Practices Decisions Government Printing Office This concise guide provides managers with a clear picture of the purpose and process of the disciplinary procedure. Its aim is to encourage them to approach performance and disciplinary problems proactively and with more confidence.

#### Employment Law in Practice

'It's the type of useful self-help text that promises practical and easy-to-read guidance to help you manoeuvre round the enquiries and problems that litter your school's otherwise smooth journey to an A· judgement from Ofsted inspectors!' - Ldr 'This is a handbook to have available as a first source to consult when an issue first arises. It combines legal advice, information, suggested activities and a series of tips from headteachers who have dealt with such issues before. New headteachers in particular would be well-advised to read the section on media interviews before they are rushed into statements they later regret. 'Looking after Yourself' is a section that leaders would be well-advised to skim through periodically as a reminder as it is the kind of advice that gets forgotten in the hurly-burly of school life' - Brian Fidler Professor of Education Management, University of Reading Distilled from years of NAHT (National Association of Head Teachers) experience of providing advice and guidance for its members in the UK, The Quick-Reference Handbook for School Leaders is a practical guide that provides an answer to the questions "Where do I start?" and "Where do I look for direction?"

Written in an easy-to-read, bulleted format, the handbook is organised around key sections, each part includes brief overviews, checklists and suggestions for further reading. o Organisation and Management - the role of the Headteacher, negligence and liability, media relations, managing conflict and difficult people, effective meetings, inspection, resource management, records and information. o Teaching and Learning - curriculum, learning communities, special education, evaluation, staff development, unions, celebrating success. o Behaviour and Discipline - safe schools, code of conduct, exclusion, search and seizure, police protocols. o Health and Safety - child protection issues, occupational health & safety, risk assessments, emergency preparation, medical needs, health & safety resources. o Looking After Yourself - continuing professional development, and work-life balance. This handbook is an excellent resource for all current and aspiring senior school leaders.
