MCDOWELL POLLARD

The Rise of the Spanish Empire in the Old World and in the New

Univ of California Press
Late medeival Sicily is shown to have been neither underdeveloped nor dependent on foreign trade.

Capitoli ed ordinazioni della Felice, e Fedelissima Città di Palermo stampati l'anno 1745 da Pietro La Placa Cancelliere della Città, e ristampati l'anno corrente 1760 d'ordine dell'ecc. Senato Grande

di Spagna di prima classe ... Cambridge University Press
Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

Polk's Bankers Encyclopedia Martinus Nijhoff Publishers

The first volume of Viaggiatori "Curatele" series seeks to recreate some scientific dialogues, namely meetings, exchanges and acquisition of theoretical and practical scientific knowledge, thus linking the cultural, historical and geographical context of America, Asia, Europe and Mediterranean Sea between the 16th and the 20th century. More specifically, the main objective is to

consider the role of travellers as passeurs, as “intermediaries” for building and allowing the circulation of knowhow and the practical and theoretical knowledge from one continent to another.

Property Rights in Wartime Taylor & Francis

This volume seeks to disentangle the limits and possibilities of the tradition of civil disobedience: in what circumstances is it right, or perhaps necessary, to say “no”? The jurisprudential and philosophical literature discussed here is truly enormous and provides a complex and reliable overview of the main problems.

Victor Amadeus II Cambridge University Press

This book examines the violation of property rights in the two World Wars and in the interwar period centering on three keywords: sequestration, confiscation and restitution. Political conflicts, regime change, revolutions and wars make not only people but also their property vulnerable. Plunder and confiscation were common ways of dealing with the enemy - either internal or external - in many conflicts, conquests and occupations during the Old Regime, and resurfaced as crucial political weapons in both the First and the Second World Wars, with disruptive effects. In the two World Wars and the interwar period, sequestration and confiscation grew in scale and scope, reaching an unprecedented magnitude because of three driving forces that were frequently intertwined: nationalism, socialism and antisemitism. Confiscation was a political weapon that furthered different aims. It helped to make the expulsion of enemy subjects irreversible. It was an instrument to exclude from the civic body those who did not belong - the 'internal enemies' - and to prevent undesirable people from acquiring citizenship. It

also deprived “enemy aliens” of economic means during the conflict. Bringing together new historical research on Serbia, Italy, Belgium, Turkey, Holland, Poland, Czechoslovakia, Germany and Austria, the chapters address state violence, law and human rights, as well as the entanglement between citizenship, nationality and property. It will be of great interest to those who study minorities, borders, migration, social and economic history as well as European History. This book was originally published as a special issue of *European Review of History*.

War, Diplomacy and the Rise of Savoy, 1690–1720 BRILL

Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges; and the Hand book of the American Economic Association.

Studi di storia siciliana di Isidoro La Lumia Fairleigh

Dickinson Univ Press

This book deals with the crucial relationship between war and state formation in early modern Europe by considering the role of the Duchy of Savoy and the rise of this hitherto weak state into one of the regular members of the anti-French coalitions of the eighteenth century. Through his participation in the Nine Years War (1688–97) and the War of the Spanish Succession (1701–14), Victor Amadeus II, duke of Savoy, acquired a reputation for unrivalled 'Machiavellian' diplomacy on the international stage. The book puts this diplomacy in context, and considers how the duke raised men and money (at home and abroad), the administrative changes forced by war, the resulting domestic pressures, and how these were dealt with.

The scientific dialogue linking America, Asia and Europe between the 12th and the 20th Century. Routledge

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Contenant ce qui regarde le Ciel & les liaisons des différentes parties de l'Univers, avec les besoins de l'homme Fabio D'Angelo

The history of the Jews in Sicily covers a period of over a thousand years, from Antiquity to the Expulsion, based on some 40,000 archival records, most of them hitherto unpublished. It illustrates the political, legal, economic, social and religious vicissitudes of the Jewish minority and its relations with the surrounding majority of Romans, Moslems and Christians. While the antecedents of the Jewish presence on the island are shrouded in mystery, more and more historical records surface with the passage of time.

Catalogo Dei Libri Italiani ...

During the wars against Napoleon, Britain occupied Sicily continuously from 1806 to 1815. By tracing the history of the British occupation and British relations with the court at Palermo,

this account reveals why the promise held out by Sicily as a useful base for offensive operations was never realized.
