 Ever since the gospels were written there have been questions about the momentous events that occurred during the final days of Jesus. Renowned archaeologist Shimon Gibson breaks new ground examining the critical last days of the life of Jesus using his extraordinary access to firsthand archaeological findings as principal evidence. Gibson explains: "The purpose of this book is to unravel once and for all the mystery surrounding the final days of Jesus in Jerusalem: why he went there; how he came to be arrested, tried, and crucified; and where his place of burial was located. There is no doubt that some of my conclusions regarding Jesus and Jerusalem may be controversial." Describing the events of the final days of Jesus chronologically, beginning with his entrance into Jerusalem on a donkey and ending with his burial in a tomb after having been crucified, Gibson unveils a vivid picture of first-century Jerusalem; its monuments, streets, and houses; and, of course, the Jewish Temple that was the jewel in the crown of the city. The Jesus that emerges in these pages is a teacher and healer who captures the fascination of the crowds. As a man from an accomplished and well-off rural background, trained in matters of ritual purification by John the Baptist, and as a

believer in alternative healing methods, Jesus's speeches and teachings—made in the tinder-box atmosphere of Passover festivities in Jerusalem—scared the Jewish and Roman authorities to such a degree that they decided to have him put to death. Gibson reveals how archaeology has a major role to play not only in how the gospels should be read and understood, but also in understanding Jesus in his world.

The Russian oil mogul and activist offers reflections on his decades-long incarceration under Putin in this "illuminating and brave" prison memoir (The Washington Post). Mikhail Khodorkovsky was Russia's most successful businessman—and an outspoken critic of the Kremlin. As his oil company Yukos revived the Russian oil industry, Khodorkovsky began sponsoring programs to encourage civil society and fight corruption. Then he was arrested at gunpoint. Sentenced to ten years in a Siberian penal colony on fraud and tax evasion charges in 2003, Khodorkovsky was put on trial again in 2010 and sentenced to fourteen years on new charges that contradicted the previous ones. While imprisoned, Khodorkovsky fought for the rights of his fellow prisoners, going on hunger strike four times. After he was pardoned in 2013, he vowed to continue fighting for prisoners' rights, and this book is dedicated to that work. A moving portrait of the prisoners Khodorkovsky met, *My Fellow Prisoners* is an eye-opening account of Russia's brutal prison system. "Vivid, humane and poignant" —Financial Times

In a city as corrupt as it was luxurious, those who dared to dream were bound to pay the price. Havana, Cuba, 1947. Young Patricio flees impoverished Spain and steps into the sultry island paradise of Havana with only the clothes on his back and half-baked dreams of a better life. Blessed with good looks and natural charm, he lands a job as a runner at El Encanto—one of the most luxurious department stores in the world. Famous for its exquisite offerings from French haute couture to Arabian silks, El Encanto indulges the senses in opulent extravagance. It caters to visiting Hollywood stars, rising politicians, and prerevolutionary Cuba's wealthiest power players, including the notorious mobster César Valdés. Falling in love with the mobster's young wife, Gloria, is suicide. But Patricio is irresistibly drawn to the beautiful girl with sad eyes, a razor-sharp intellect, and a penchant for both Christian Dior's clothes and Einstein's theories. Within the walls of El Encanto, anything

seems possible, even a love that promises to heal them and a desire that thrums with the mambo beat of the city itself. In a reckless love affair that spans half a century, Patricio's and Gloria's lives entwine time and again, challenged by every twist of fate—for in a world of murder, betrayal, and revolution, those who dare to reach for paradise seldom survive unscathed.

Just months before her death, Marilyn Monroe gave a young photographer his big break, and this is his story "You're already famous, now you're going to make me famous," photographer Lawrence Schiller said to Marilyn Monroe as they discussed the photos he was about to shoot of her. "Don't be so cocky," Marilyn replied, "photographers can be easily replaced." The year was 1962, and Schiller, 25, was on assignment for Paris Match magazine. He already knew Marilyn -- they had met on the set of *Let's Make Love* -- but nothing could have prepared him for the

day she appeared nude during a swimming pool scene for the motion picture *Something's Got to Give*. *Marilyn & Me* is an intimate story of a legend before her fall and a young photographer on his way to the top. Schiller's original text and extraordinary photographs--over two thirds of which have never or rarely been published--take us back to that time, and to the surprising connection that allowed Marilyn to bond with a kid from Brooklyn, a kid with a lot of ambition but very little experience. Now, 50 years later, TASCHEN is publishing Lawrence Schiller's story as a signed, numbered monograph limited to 1,962 copies, for the year of Monroe's untimely death. Schiller's is a story that has never been told before, and he tells it with tact, humor, and compassion. The result is a real and unexpected portrait that captures the star in the midst of her final struggle. Collector's Edition of 1,712 numbered copies (books numbered No. 251-1,962) signed by the photographer. Also available in two Art Editions of 125 copies, each with an original photograph The book and clamshell box are covered in a custom woven duchesse silk from one of the world's most distinguished silk mills, Taroni, of Como, Italy Printed on archival paper Four foldouts, with one gatefold measuring a full 110 cm (44 in.) across Translation booklet of the text available in German, French and Spanish with purchase upon request

Using a technique, which he has since patented, Ramirez projects films onto a circular, slightly convex, wooden panel, which he has gilded by hand in an elaborate process, leaf by leaf and layer by layer. This creates a unique projection surface, which determines the form of the projected images. In this debut artist book, an entire lifetime of dreaming in light is condensed to display a process unique to the California-born artist, whom Wim Wenders considers 'a true 21st century Renaissance artist.'
