Law Ethics & Communication CQ

Press

The third edition of Media Law and Ethics features a complete updating of all major U.S. Supreme Court cases and lower court decisions through 1998; more discussion throughout the book on media ethics and the role of ethics in media law; and an updated appendix that now features a copy of the U.S. Constitution, new sample copyright and trademark registration forms, and the current versions of major media codes of ethics, including the new code of the Society of Professional Journalists. Extensively updated and expanded chapters provide: *more detailed explanations of the legal system, the judicial process, and the relationship between media ethics and media law; *new cases in this developing area of the law that has attracted renewed attention from the U.S. Supreme Court; *the new Telecommunications Act and the Communications Decency Act; *a discussion of telecommunications and the Internet; *new developments in access to courts, records, and meetings such as recent court decisions and statutory changes; and *more information about trademark and trade secret laws and recent changes in copyright laws, as well as major court decisions on intellectual property. The book has also been updated to include new developments in obscenity and indecency laws, such as the Communications Decency Act, and the U.S. Supreme Court decision in Reno vs. ACLU. In addition, the instructor's manual includes a listing of electronic sources of information about media law, sample exams, and a sample syllabus.

Digital Media Law Oxford University

Press

A comprehensive overview of mass communication law and ethics, completely updated with 1996 Telecommunications Act and major court rulings. For students of mass communication law, ethics, and policy.

Legal and Ethical Restraints on Public Relations Taylor & Francis

"Law and ethics can be formidable topics for many practitioners and students of public relations and related fields. At the same time, they need to be aware of how the law affects how they do their job and be cognizant that their actions may have ethical and legal ramifications for themselves, their employers, and their clients. Legal and Ethical Restraints on Public Relations complements traditional texts used in public relations and mass communication law courses. The ethics portion of the book addresses classical approaches to ethics, business ethics, theories of public relations ethics, and ethics codes. It also provides practical guidelines for working through ethical dilemmas. The remainder of the text is devoted to law: First Amendment theory and its relevance for public relations speech; corporate and commercial speech; specific areas of the law, such as government regulations, torts, and intellectual property. Gower, a former practicing attorney and PR professional, includes meaningful cases and examples to illustrate specific legal concepts and the reasoning behind each one. She prepares readers for the real world by giving them knowledge that will be integral throughout every phase of their career." -- Publisher's website.

The Handbook of Communication Ethics John Wiley & Sons

Legal and Ethical Issues of Live Streaming explores the potential legal and ethical issues of using live streaming

technology, citing that although live streaming has a broadcasting capability, it is not regulated by the Federal Communications Commission, unlike other broadcasting media such as radio or television. Without this regulation, live streaming is opened up for broad use and misuse, including broadcasts of horrifying incidents such as the mass shootings at mosques in Christchurch, New Zealand in 2019, sparking outrage and fear about the technology.

Contributors provide a pathway to move forward with ethical and legal use of live streaming by analyzing the wide spectrum of critical issues through the lens of communication, ethics, and law. Scholars of legal studies, ethics, communication, and media studies will find this book particularly useful.

Mass Communication Law and Ethics
American Bar Association

This fully revised third edition brings a fresh approach to the fundamentals of mass media and communication law in a presentation that undergraduate students find engaging and accessible. Communication Law serves as a core textbook for undergraduate courses in communication and mass media law.

Communication Law New Age
International

Discover how modern technological realities shape freedoms of expression and opinion with this comprehensive resource. The Handbook of Communication Rights, Law, and Ethics delivers an extensive review of the challenges facing modern communication rights. It offers readers an examination of the interplay between communication law and ethics and the role played by communication professionals in protecting individuals' rights to communication. Distinguished authors Loreto Corredoira, Ignacio Bel

Mallén and Rodrigo Cetina Presuel walk readers through the fundamental ideas and concepts that represent universal common ground regarding communication rights. They compare communication rights theories developed in Europe, the United States, Latin America, Australia, and East Asia to describe how communication-related freedoms and rights are formulated and applied around the world. Finally, the meaning of the phrases "freedom of expression" and "freedom of the press" are examined in the context of national constitutions and international human rights instruments. The Handbook of Communication Rights, Law, and Ethics provides readers with: A diverse, global perspective on how communication rights are protected and challenged around the world A universal vision of communication rights that encourages dialogue rather than confrontation A comparison of the American First Amendment of the Constitution with European communication rights theories and other legal traditions around the world An exploration of the frontiers of communication rights concepts, terminology, jurisdiction, and territoriality Perfect for professors, graduate students, doctoral students, and postdoctoral researchers studying communication rights and freedom of expression around the world, The Handbook of Communication Rights, Law, and Ethics also belongs on the bookshelves of researchers studying issues surrounding freedom of the press in North America, Europe, and Latin America.

Routledge

Ethics in Public Relations: Responsible Advocacy is the first book to identify universal principles of responsible

advocacy in public relations. In this engaging book, editors Kathy Fitzpatrick and Carolyn Bronstein bring together prominent authorities in the field to address theoretic and practical issues that illustrate the broad scope and complexity of responsible advocacy in 21st-century public relations.

LAW, ETHICS & COMMUNICATION

Rowman & Littlefield

Media Law and Ethics is a comprehensive overview and a thoughtful introduction to media law principles and cases as well as related ethical concerns relevant to the practice of professional communication. This is the first textbook to explicitly integrate both media law and ethics within one volume. Since it integrates both current law and ethical queries, it is ideal for both undergraduate and graduate courses in media law and ethics. Co-author Kyu Ho Youm expands this edition's international scope, updating and broadening his chapter on international and foreign law. The book also covers the most timely and controversial issues in modern American media. The new fifth edition has been updated with current events and discusses the potential impact they have.

Just a Job? Routledge

Covering the latest legal updates and rulings, the second edition of Digital Media Law presents a comprehensive introduction to all the critical issues surrounding media law. Provides a solid foundation in media law Illustrates how digitization and globalization are constantly shifting the legal landscape Utilizes current and relevant examples to illustrate key concepts Revised section on legal research covers how and where to find the law Updated with new rulings relating to corporate political speech,

student speech, indecency and Net neutrality, restrictions on libel tourism, cases filed against U.S. information providers, WikiLeaks and shield laws, file sharing, privacy issues, sexting, cyberstalking, and many others

Media Law and Ethics,, Third Edition Routledge

About the Book: The book Law, Ethics and Communication is divided into three sections. Section-I contains three parts- Part-1 deals with Business Law, Part-2 deals with Company Law and Part-3 deals with Basic Understanding of Legal Deeds and Documents. See Holding the Media Accountable John Wiley & Sons

This is the first textbook to explicitly integrate both media law and ethics within one volume. A truly comprehensive overview, it is a thoughtful introduction to media law principles and cases and the related ethical concerns relevant to the practice of professional communication. With special attention made to key cases and practices, authors Roy L. Moore and Michael D. Murray revisit the most timely and incendiary issues in modern American media. Exploring where the law ends and ethics begin, each chapter includes a discussion of the ethical dimensions of a specific legal topic. The Fourth Edition includes new legal cases and emerging issues in media law and ethics as well as revised subject and case indices. In addition to a separate chapter devoted exclusively to media ethics by Michael Farrell, a new chapter on international and foreign law by Dr. Kyu Ho Youm has also been added. Resources on the companion website include updated PowerPoint presentations and a sample syllabus for instructors, and a glossary, chapter review questions, chapter quizzes, and

all seven of the book's original appendices for students. An excellent integration of both law and ethics, this is the ideal text for undergraduate and graduate courses in media law and ethics.

In addition, the instructor's manual includes a listing of electronic

sources of information about media law, sample exams, and a sample syllabus.

Ethics in Public Relations Routledge
"This book provides an easy-to-read introduction to the core ethical and professional issues faced by all coaches irrespective of length of coaching experience. The case studies and guidelines in this book will help coaches constructively reflect on their coaching practice, and will help build the solid ethical foundation that professional coaching practice demands. A very useful text for both the beginning and experienced coach." --Anthony M. Grant, PhD, Director, Coaching Psychology Unit, University of Sydney
"Pat Williams is quickly becoming the authority on the ethics of the coaching profession. He brings his full integrity and passion to this wonderful book. Do not overlook the importance of this book to your success." --Laura Berman Fortgang, MCC, pioneer in the coaching field and author of *Take Yourself to the Top* and *Now What? 90 Days to a New Life Direction*
The first comprehensive book covering ethical and legal guidelines for personal and executive coaches As coaching grows into a unique and fully established profession, coaches are already discovering and dealing with the special ethical and legal dilemmas that can arise in the coaching context. *Law and Ethics in Coaching* presents the first comprehensive look at ethical and legal issues in coaching. From coach-client conflicts to conflicts of interest, from assessments to informed consent, the authors detail the breadth of ethical quandaries in coaching and provide highly practical advice for avoiding problems--and for solving them. With contributions from leaders in law, ethics, and coaching, the text includes coverage of: * The emergence of the coaching

profession and its intersection with ethics and law * Foundations of ethics for professions * Making ethical choices * Getting, growing, and measuring coaching ability * Developing and maintaining client trust * Multiple-role relationships in coaching * Ethical use of assessments in coaching * Legal issues and solutions for coaches * The intersection of culture and ethics in organizations * Coaching into the future Filled with a dynamic blend of case studies, discussion questions, illuminating quotes, and other examples, *Law and Ethics in Coaching* is both a trailblazing professional reference and an unparalleled textbook for coaching programs.

The Rules of Public Relations

Rowman & Littlefield

A comprehensive overview of mass communication law and ethics, completely updated with 1996 Telecommunications Act and major court rulings. For students of mass communication law, ethics, and policy. Law, Ethics and Communication Aspen Publishing

First published in 1999

Mass Communication Law and Ethics

IGI Global

Today, it has been said, the world is "flat," as online media allow information to move easily from point to point across the earth. International legal differences, however, are increasingly affecting the ease with which data and ideas can be shared across nations. Copyright law, for example, affects the international flow of materials by stipulating who has the right to replicate or to share certain kinds of content. Similarly, perspectives on privacy rights can differ from nation to nation and affect how personal information is shared globally. Moreover, national laws can affect the exchange of

ideas by stipulating the language in which information must be presented in different geopolitical regions. Today's technical communicators need to understand how legal factors can affect communication practices if they wish to work effectively in global contexts. This collection provides an overview of different legal aspects that technical communicators might encounter when creating materials or sharing information in international environments. Through addressing topics ranging from privacy rights and information exchange to the legalities of business practices in virtual worlds and perspectives on authorship and ownership, the contributors to this volume examine a variety of communication-based legal issues that can cause problems or miscommunication in international interactions. Reviewing such topics from different perspectives, the authors collectively provide ideas that could serve as a foundation for creating best practices on or for engaging in future research in the area of legal issues in international settings.

The Law of Journalism and Mass

Communication John Wiley & Sons

The concept of 'professionalism' has gained everyday resonance in the 21st century, especially given recent corporate scandals. However, George Cheney argues, as much as it may be discussed professionalism has lost much of its broader social and community-related implications.

Media Law and Ethics Routledge

A Comprehensive Text Book on Law Ethics & Communication Coveringpart i : law * Companies Act (Section 1 to 197) * Indian Contract Act * Negotiable Instruments Act * Employees' Provident Funds Act * Payment of Bonus Act * Payment of Gratuity Act PART II :

Cyber Law and Ethics Academic Press
In this new textbook, social media professor Jeremy Lipschultz introduces students to the study of social media law and ethics, integrating legal concepts and ethical theories. The book explores free expression, as it applies to students, media industry professionals, content creators and audience members. Key

issues and practices covered include copyright law, data privacy, revenge porn, defamation, government censorship, social media platform rules, and employer policies. Research techniques are also used to suggest future trends in social media law and ethics. Touching on themes and topics of significant contemporary relevance, this accessible textbook can be used in standalone law and ethics courses, as well as emerging social media courses that are disrupting traditional public relations, advertising and journalism curricula. Case studies, discussion questions, and online resources help students engage with the complexities and ambiguities of this future-oriented area of media law, making it an ideal textbook for students of media law, policy and ethics, mass media, and communication studies.
